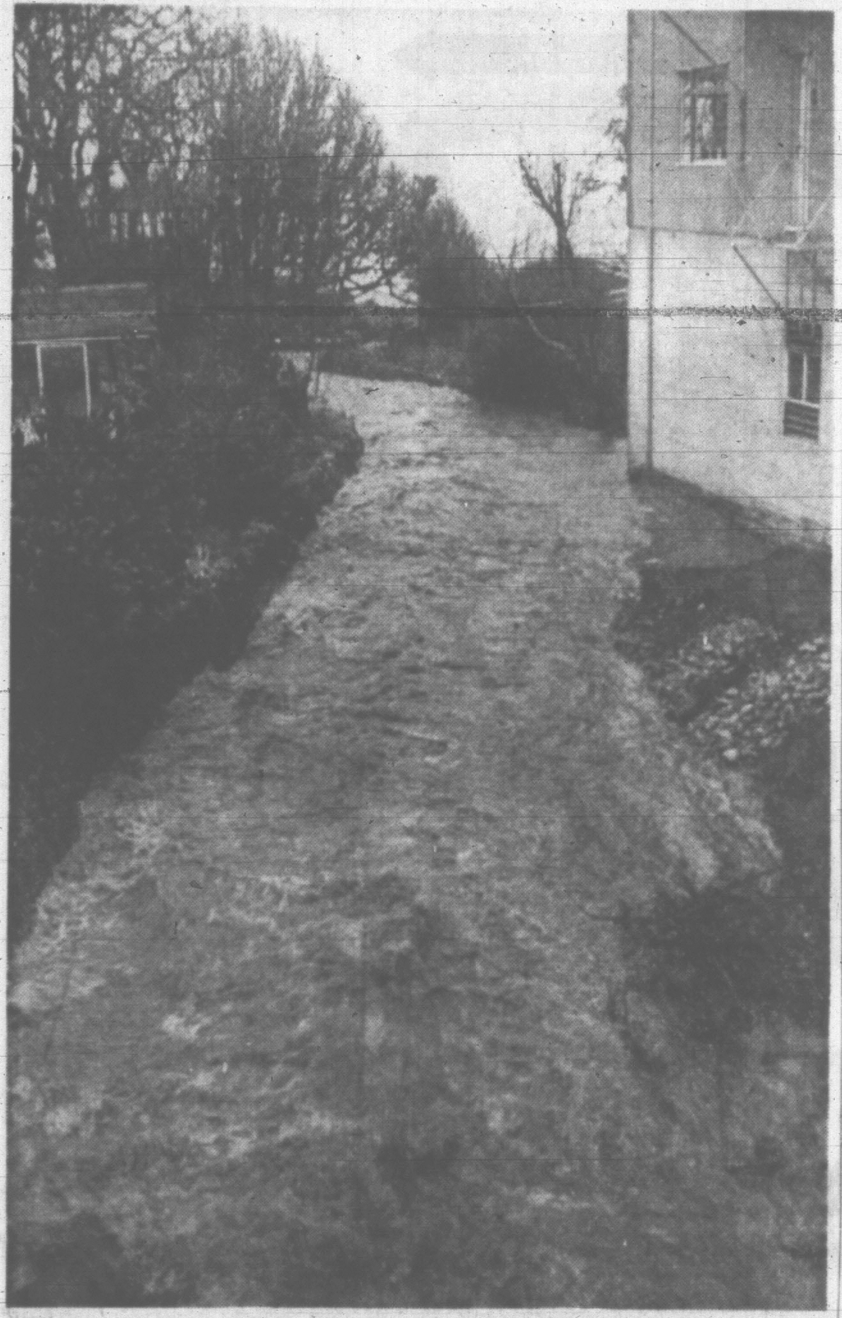
CHESSMAN LOSES AGAIN IN BID TO STAY ALIVE

WASHINGTON (UPI) — The Supreme Court today denied another hearing to Caryl Chessman, who for 11½ years has been forestalling death in California's gas chamber by legal manoeuvering from his jail cell.

The brief order means California is again free to carry out the execution.

Low-Lying Areas Swamped But Rain Short of Record



CREEK AT CREST

Furious rush of Bowker Creek is shown here as the rain-swollen water course frothed and tumbled the last few yards into Oak Bay today. White water speckled the silt-laden creek as it roared by the foot of Marine Oaks apartment building (right) at 1725 Beach Drive. The creek pushed a broad ribbon of muddy water out into the bay and along its shores. Fortunately it did not spill over its banks. (Strickland photo)

BOTH DOING WELL

Baby Arrives To Victorians On RCMP Launch

RCMP patrol launch Sidney, newly commissioned this year and stationed at Ganges, Salt Spring Island, today came through with flying colors in her first test as a maternity hospital.

She lost her race to the stork in Captain Passage, on a trip from Montague Harbor to Ganges. Cpl. Spencer Smith, her skipper, hove her to at the height of this morning's storm while Dr. H. Johnson and Const. Ray Perry officiated at the birth of Wendy Lynne Dyer.

The story started when Mr. and Mrs. L. Dyer, of 596 Baxter, in Victoria, decided they could sneak over to Galiano Island for a weekend with Mr. Dyer's parents, Mr. and Mrs. H. T. Dyer, before the baby was born.

EMERGENCY CALL

At 1 a.m. today, though, they realized they had cut their timing too fine, and called the RCMP boat. Cpl. Smith called Dr. Johnson and Const. Perry, and set sail.

Spot where the baby was born, between Prevost and Salt Spring Islands, proved to be the roughest portion of the trip. It is about five miles from Ganges.

Mrs. Dyer walked aboard the vessel herself at Galiano Island, and walked off at Ganges. She and her baby daughter are in fine condition at Lady Minto Gulf Islands Hospital at Ganges. The little girl weighs five pounds, 10½ ounces.

Mr. and Mrs. Dyer left their other child, a son of 17 months, with his grandparents on Galiano Island. Mr. Dyer is a sailor, stationed at HMC Dockyard.

178 MILLION AMERICANS

WASHINGTON (UPI) — The census bureau said today the population was about 178,780,000 on Nov. 1.

This was an increase of 3,655,000 or 2.1 per cent over the November, 1958, estimate. Next April's census is expected to show a population of approximately 180,000,000.

WIRE BRIEFS

Production Resumed

WINDSOR, Ont. (CP)—Full production was resumed at all Chrysler of Canada assembly plants here today as steel supplies increased.

Pay Raise Cancelled

CALGARY (CP)—City council today cancelled a $6,000 increase in the pay of Mayor Harry Hays and apologized to the mayor for voting him the raise last week.

Children Suffocated

FORT WILLIAM (CP) — Two children were suffocated by dense smoke early today when fire broke out in their home in the western section of the city.

U.K. TELESCOPE POISED TO TRACK VENUS SHOT

MANCHESTER, England (Reuters) — Observers at the world's largest radio telescope near here today reported they are standing by for the firing of a United States space rocket to Venus.

The launching at Cape Canaveral is expected to take place within the next few days.

If successful, tracking stations in various countries will be able to pick up signals and some, including Jodrell Bank, will be able to switch the transmitters in the rocket on and off.

PROTEST TO HERTER

France 'Hurt' By U.S. Blast

PARIS (Reuters) — France today protested to the United States against remarks by Gen. Nathan F. Twining blaming France for being the main nation responsible for delays in carrying out NATO's current defence program.

The protest was made by Foreign Minister Maurice Couve de Murville when he received Secretary of State Christian Herter this morning, a French foreign ministry spokesman said.

Twining made his remarks at a secret NATO meeting last week. His remarks on France's NATO defence efforts later leaked out.

Couve de Murville expressed his "extreme surprise" at the American press revealing statements made at a session of the military committee of NATO.

SHOULD BE SECRET

Such meetings, he reminded Herter, were in principle considered to be secret.

According to the spokesman, Couve de Murville also stressed the exaggerated and disproportionately dramatic manner in which the problems raised by Twining and involving France's request for reorganization of NATO had been presented.

This was all the more regrettable coming on the eve of a meeting of NATO at a moment when unity of the 15 NATO nations prior to the East-West meeting was vital.

Couve de Murville also complained to Herter about the attitude adopted by the United States over the Afro-Asian motion on Algeria at the United Nations Assembly Saturday.

CAREFUL LANGUAGE

The carefully-measured language habitually used by the French foreign office emphasizes further the seriousness of the objections made here to the attitude adopted by the U.S. over most of the issues arising between the U.S. and France, diplomatic observers said.

The French particularly resent what they regard as a deliberate attempt in some allied quarters to prejudge the French case for a reorganization of NATO and to turn this demand into a sort of accusation of non-co-operation inside NATO.

Tonight a Franco-American "reconciliation dinner" is to be

B.C. Hydro Power War Getting Hot

By PETE LOUDON

The big electric power issue in British Columbia is boiling to a head this week with developments on several fronts.

It is practically certain to be one of the main points of controversy when the legislature meets next month.

Major developments ahead are:

1. The new British Columbia Energy Board under Dr. Gordon Shrum will hold its first meeting here Tuesday at noon.

BRIEF FILED

2. Opposition Leader Robert Strachan today announced he has filed a brief with the board urging it have power to deal with the big Wenner-Gren project and lay out an orderly power development plan for B.C. (see page 10).

3. Peace River Power Development Company, scheduled to file its detailed plans with the provincial government before Dec. 31, is expected to do so this week before the Christmas holiday period.

4. The International Joint

'Charge Rent For Airwaves'

WASHINGTON (UPI) — A magazine editor suggested today that the government "rent" channels to TV and radio broadcasters so the public can share in what he called the "magnificent profits" of broadcasting.

John Fischer, editor of Harper's Magazine, told the Federal Communications Commission that the government should treat the airwaves as it does forests and other publicly-owned resources "and stop giving them away free."

New Federal Laws to Ban Loss Leaders, False Ads

By VICTOR MACKIE
Times Ottawa Bureau

OTTAWA — Legislation to ban the persistent use of a product as a loss leader and to end misleading advertising practices by retailers, will be introduced at this session of Parliament, Justice Minister Davie Fulton told the Times today.

The proposed legislation banning loss leader practices is designed to enable manufacturers to withhold deliveries to retailers who "persistently" use their products as loss leaders.

"COME-ON"

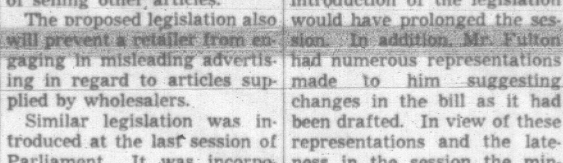
It is in the form of an amendment to the resale price maintenance section of the Combines Investigation Act. It does not end legislation against resale price maintenance but it would stop a retailer from continually utilizing a manufacturer's product as a "come-on" by advertising it at a price too low to realize a profit.

A "loss leader" is an article sold at a price to attract customers to a store in the hope of selling other articles.

The proposed legislation also will prevent a retailer from engaging in misleading advertising in regard to articles supplied by wholesalers.

Similar legislation was introduced at the last session of Parliament. It was incorporated in a bill to amend the Combines Investigation Act and the Criminal Code.

The proposed legislation was subsequently withdrawn by Mr. Fulton. The session was rapidly drawing to a close and introduction of the legislation would have prolonged the session. In addition, Mr. Fulton had numerous representations made to him suggesting changes in the bill as it had been drafted. In view of these representations and the lateness in the session the minister withdrew it.



Anyway, it's better'n havin' t' shovel it.

EASY WINNER

Archbishop Makarios, leader of the Greek-Cypriots, tonight was declared winner of Cyprus' first presidential election. He defeated his only opponent, John Clerides, by a substantial margin.

Greeks Go Gay For Ike

See page 3

ATHENS (AP) — Working a 20-hour schedule, President Eisenhower said goodbye to India today and won rousing welcomes in Iran and Greece.

In Athens, hundreds of thousands of Greeks turned out to cheer and wave. King Paul greeted the president enthusiastically at Ellenikon Airport, saying the Greek people had watched his journey so far with deep emotion.

In reply, Eisenhower noted the long history of Greek culture and said Greece's devotion to democratic principles has won the admiration of the world.

"I assure you that the welcome from His Majesty, the government, the people and the individuals here means very much to me," the president said, "And I hope that the discussions I will have with your government will be fruitful."

STOPOVER IN IRAN

Premier Constantinne Karamanlis and Crown Prince Constantine joined in welcoming the first U.S. president to visit Greece.

On the way from India, the president spent six hours in Iran, much of it in talks with Shah Mohammed Reza Pahlevi—who wants more American aid.

Eisenhower praised Iran for refusing to stand on the sidelines in the West's resistance to Communism.

A communique said the president and the shah agreed on the importance of the Central Treaty Organization (the former Baghdad Pact) in "preserving stability and security" in the area. The communique added:

"The president said the United States intends to continue to assist Iran in the mutual interest of both nations."

THE STREETS WERE PAVED WITH RUGS

TEHRAN, Iran (AP) — President Eisenhower was astonished to find his limousine rolling over rich Persian rugs in the streets of Tehran today.

Beautiful rugs were placed at several points along the four-mile route from the airport to the palace of the shah. A bit later the shah gave Eisenhower a large red and blue rug—a new one.

"Obviously, you must know how I love Persian carpets," the president said in accepting the rug. "I was chagrined when I saw how we were driving over them today. That is not the way we treat them in America."

Downpour Hits City, Island

About 200 men in municipal crews unplugged clogged catch basins and culverts and pumped out flooded basements today as a downpour loosed almost an inch of water on Greater Victoria in six hours.

Engineers in the four municipalities reported complaints were distributed in a scatter-shot pattern of "spot problems".

The weather office reported about 1½ inches of rain fell between 4 p.m. Sunday and noon today—the equivalent of about 170 tons of water over every acre.

The official record showed 1.17 inches fell by 10 a.m. An estimated .3 inches was added in the following two hours, midway between regular precipitation checks. It included a .86-inch fall during a six-hour period this morning.

A forecast of lightening rain, turning to showers overnight and Tuesday, reminded soaked Victorians of the four-inch deluge that swamped the city in a single 24-hour period three years ago.

But no repetition of the record flood year was expected as small crews of municipal workmen moved quickly from trouble spot to trouble spot—keeping things "well in hand," according to all the municipal engineers.

50-Man Trouble Crew in Saanich

Hardest hit appeared to be Saanich municipality. Some 50 men were shifted from street to street in the Gorge area as water coursed over streets and gardens where there are no street drains.

Fields in some rural areas were flooded.

Culverts ran full in the low-lying Braefoot area, overflowing at some intersections where water spilled over flat lawns and surrounded houses. Roads in the Simon and Blenkinsop area were covered with puddles at various points.

The Golfland driving range on Patricia Bay highway was flooded by more than two feet of water over a 150-yard stretch as rainfall drained down from higher ground.

In the city, about 30 calls of trouble—flooded gardens and some basements — were expected to grow to the 100 figure before the day was over.

But engineers reported there was no disruption of the storm drain system, preventing any serious problems. About 75 workers were patrolling streets and answering trouble calls.

In Esquimalt, the situation was repeated although one basement of a new house was flooded up to the four-foot mark when run-off was channeled into an old creek bed that passed through the site. But municipal workers diverted the stream and the basement was emptied in a matter of minutes.

Gorge Vale golf course was flooded on various links as a storm drain outflow ran into stiff resistance from high tides.

6 Inches at Tofino in 30 Hours

Oak Bay officials reported about 30 calls were attended by some 40 public works employees as gardens and a few basements were flooded.

A storm drain in the 500 block St. Patrick became plugged with debris for a short period, threatening to overflow a downslope into three basement garages but a pump crew brought the situation under control.

Recently-installed pumps at discharge ends of various outflows kept the Oak Bay drainage system from backing up due to the high tides.

Elsewhere on Vancouver Island, rain fell heaviest on Tofino, where the instruments recorded 6.26 inches in 30 hours. Nanaimo recorded .98 inches in the same period.

Nuclear Plea to PM By University Men

OTTAWA (CP)—A delegation representing some of Canada's leading intellectuals today discussed nuclear disarmament with Prime Minister Diefenbaker.

At the end of the 1½-hour interview, the prime minister asked the University of Toronto committee on nuclear disarmament to prepare a brief outlining in detail the concensus of their views on courses to be followed by the government.

The five delegates presented the prime minister with a petition urging the government to press in the councils of the world for an immediate end to the testing and production of nuclear weapons.

The petition was signed by some 630 members of the University of Toronto faculty, and by 2,500 students. Signatories included university president Dr. Claude T. Bissell and heads of most of the university's colleges.

It said the cessation of production and tests of nuclear weapons would check "the increasing danger of world war" and constitute a step towards world disarmament.

Members of the delegation told reporters afterwards they would like to see the Canadian government pursue a more aggressive policy on nuclear disarmament.

Mr. Diefenbaker, speaking to reporters, said "there is considerable merit in the viewpoint" expressed in the brief.

KOREAN CRIPPLED KIDDIES' FUND

Gifts Top $2,000 For War-Torn Tots

The Korean Crippled Kiddies Fund today passed the $2,000 mark in the campaign to help war-maimed children.

Money goes through the Unitarian Service Committee to build a rehabilitation centre in Seoul's Sam Yook Home.

Thinking behind the gifts goes deeper, however, than construction of the centre.

The 150 children in the home, being helped today, will be ambassadors on behalf of the West when they grow up, contributing their part to much-needed understanding.

Cheques or cash donations may be sent or brought to the Times downtown office, 1215 Board, or to the main office, 2631 Douglas. They are deductible from income tax.

This is an opportunity to give a personal Christmas gift with international significance.

THIS WORLD OF OURS

People and Things

(Times News Services)

SAN CARLOS, Calif. — Kurt G. Appert always wanted to do something for the men who helped build his electronic shop into a $30,000,000-a-year industry.

So what Appert did was this. After General Telephone and Electronics Company bought out his firm this fall and he retired at 48, Appert gave 350 associates and employees $1,500,000 worth of the stock General Telephone paid him in the deal.

Appert's gifts to his former workers generated quite a problem for them—how would they say thank you?

"We wanted to do something, said a spokesman, "but what do you give a person who has the means to buy anything he wants?

"We knew he drove around in a six-year-old car and we figured giving him a new car would be something useful."

In four days, the employee group gathered $18,000.

With the money, they bought the $17,000 Rolls-Royce Silver Cloud limousine Appert and his wife, Violet, found behind a giant Christmas card in their driveway Saturday night.

JACKSONVILLE, Fla.—Newell E. Foreman is a man who doesn't get upset easily.

Patrolmen C. M. Hopkins and D. A. McLeod said Foreman lost control of his car, plunged across the highway, hit a utility pole, smashed through a sign and bounced off a speeding train before his battered car finally stopped.

The patrolmen rushed to the car and pulled open a door.

Foreman was calmly peeling a tangerine.

WUERZBURG, Germany—A 16-year-old high school student has gone to jail for a year for blackmailing a classmate he once caught smoking in a classroom. The victim stole $200 from his father's cashbox to pay the blackmailer.

TORONTO — Ries Karvanque, 20-year-old beatnik, has proved in her case it pays to be "way out."

The shapely blonde raised her University of Toronto tuition fees by selling her beatnik antics to parties.

The fees: $5 to stand around in a beatnik costume and be talked about, $5 for her compulsory chaperone, $5 to play the bongo drums or guitar and $5 to recite beat poetry.

A beat dance was thrown in without charge.

The second-year honors student said her rented role was "degrading. But the money helps and I try to detach myself to the maximum."

She has one request. "Don't call me a beatnik. Like that's a square word. I'm a disaffiliate."

CHILDREN'S FUND HELPED BY HALLOWEEN

Save the Children Fund has raised $18,252 during the seven years it has functioned locally, given a big boost by this year's annual Halloween campaign which collected $4,250.

This was $500 more than had been anticipated, said campaign chairman Mrs. W. W. McGill.

The money was collected by Sunday school pupils from the Albernis south to Victoria, aided by private school students, Girl Guides and Brownies, utilizing 3,000 specially-marked cans.

Funds will go to aid starving children in Korea.

21 YEARS' EXPERIENCE

If you would like to hear better you should call at the offices of the Victoria Hearing-Aid Co. in order to take advantage of their twenty-one years' experience in fitting hearing-aids in Victoria. Their latest Hearing Glasses and behind-the-ear aids are giving wonderful reception to so many persons. They also have miniature aids for very severe cases.

KENYA DEMONSTRATORS PARADE FOR MACLEOD

NAIROBI, Kenya (Reuters) — About 200 persons carrying banners demanding responsible government next year greeted Britain's new colonial secretary, Iain Macleod, when he arrived here Sunday on an East African fact-finding tour.

The demonstrators, mostly natives, also carried banners demanding the release of former Mau Mau organizer Jomo Kenyatta.

In a statement, Macleod said that he came to Kenya with no preconceived plan for the colony.

248 Traffic Deaths In First 10 Months

VANCOUVER (CP) — A total of 248 persons died in traffic accidents in British Columbia in the first 10 months of this year, the B.C. Safety Council reported today.

The figure was 27 higher than that for the same period in 1958.

The total number of accidental deaths from all causes in the 10-month period rose to 853 this year from 798 in 1958.

The only category to show a decrease from last year was drowning. A total of 135 persons were accidentally drowned to Oct. 31 this year, down 24 from last year.

Drownings, however, outnumbered traffic deaths in the under 10 age group this year. Nineteen children under 10 were killed in traffic accidents but 26 were drowned.

TEST BAN COMPROMISE STUDIED BY WEST

Russia Offers Deal on Nuclear 'Police

GENEVA (Reuters) — The United States and Britain attached "considerable importance" today to a Russian "package compromise solution" on the makeup of a control commission to supervise a nuclear test ban.

Both American delegate James Wadsworth and British delegate Sir Michael Wright said they would have to consult with their governments on the proposals by Russian delegate Semyon Tsarapkin.

The Russian concession is agreement on a two-thirds majority vote by the control commission and the dropping of the Russian demand for a veto power by one of the three nations.

A communique issued after today's session said the Soviet Union proposed that the seven-nation control commission consist of three members from the Soviet and its allies, three from the United States, Britain and their allies, and one neutral.

If the West accepts this, Tsarapkin said, Russia was prepared to accept a two-thirds majority on all the commission's budgetary decisions.

Previously, Russia had insisted that budgetary and financial matters should be s ject to agreement by all th nuclear powers — thus in ducing a veto power.

COMPROMISE ON POLAND

Canada Plays Major Role In UN Finale

UNITED NATIONS (CP) — A series of East-West compromises, with Canada again in an important negotiating role, marked the windup of the 14th General Assembly of the United Nations which adjourned early Sunday after its three-month session took an extra week to complete its work.

Assembly President Victor Belaunde of Peru gave it the name of "the assembly of peace" in his closing speech. The assembly opened Sept. 15.

One of the big agreements reached in the last hectic hours of the long session that began Saturday morning was a compromise on the question of the Security Council seat vied for throughout most of the assembly session by Poland and Turkey.

Poland finally was elected on the assembly's 52nd ballot on the understanding that after a year she would resign so Turkey can take over for the second year of the two-year term starting Jan. 1, 1961.

Wallace B. Nesbitt, vice-chairman of the Canadian delegation, took an important part in private talks during the session's closing days that resulted in the successful compromise.

Last-Minute Swing Against Turkey

All along the United States had backed Western-aligned Turkey for the seat on the UN's key peace-keeping body, but Poland picked up support over and above some of the neutralists and the Soviet bloc. Canada herself had supported Poland's candidacy throughout, along with several other Western countries.

The final secret ballot showed 71 votes for Poland and three for Turkey, reflecting the swing to Poland by a large group obviously swayed by the compromise offer. In the long series of previous ballots neither contender came closer than 14 votes to the required two-thirds figure. The majority is based on the number of the 82 assembly members actually voting.

The assembly in its closing hours also turned down — as predicted — the resolution backed by the Asian-African group that would have urged talks to settle the Algerian rebellion against France on the basis of self-determination.

This resolution had won a narrow victory in the assembly's political committee after a debate boycotted by the French, who contend that Algeria is an internal affair of France and that France should settle it in her own way without outside interference.

Unanimous Backing for Space Group

The assembly vote was 39 for the resolution and 22 against—five short of the required two-thirds majority. Twenty countries abstained. Canada voted against the resolution in support of France.

The assembly registered unanimous approval of setting up a permanent 24-country committee on outer space. Both the U.S. and Russia had agreed on its makeup earlier, making the passage a certainty, and with the result that the Russians will not boycott the new body as they did the temporary committee set up at last year's assembly. Canada will be a member of the new committee.

The resolution setting up the committee also calls for the UN to hold an international scientific conference in 1960 or 1961 on outer space problems.

Thus the assembly in its final meeting did much to wipe out some of the bitterness generated earlier in the week when the long-standing issue of Hungary resulted in a sharp East-West division.

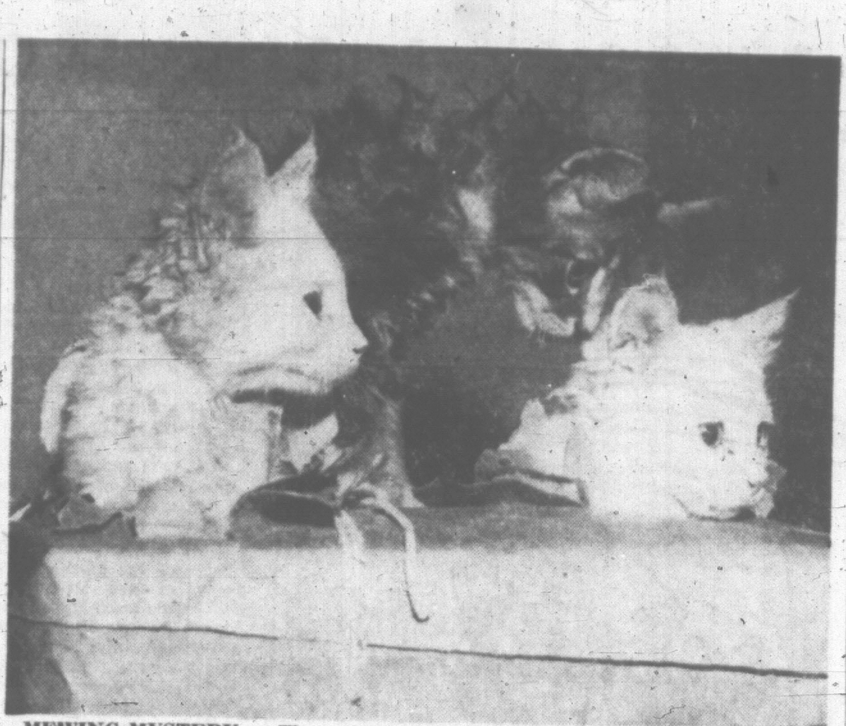
Hungary, Tibet Spark Bitter Clashes

Assembly pushed through a resolution then deploring Hungary's "continued disregard" of various assembly measures passed in the years since the suppression of the 1956 revolt. Hungary always has refused to allow UN representatives to make an on-the-spot investigation of charges of oppression following the quelling of the revolt.

The question of Tibet marked another East-West split during the session when the assembly voted through a resolution calling for respect for the Tibetans' "fundamental human rights" which were being violated by Communist China's rule in that mountain land.

The assembly did reach unanimous agreement on the disarmament question, with the U.S. and Russia jointly backing the calls for action in this question by both Premier Khrushchev and President Eisenhower. The assembly referred all pending proposals to the new 10-power disarmament committee which meets in Geneva next February. Canada will be a member of the new committee.

Coal shipments from the mines on Spitzbergen, Norwegian island in the Arctic Ocean, are estimated at 180,000 tons for 1959.



MEWING MYSTERY — These three kittens were put in a tied-up parcel and left at the main Edmonton post office Thursday. When post office workers heard sounds, they poked holes in the parcel so the kittens could get some air. Then the parcelled pussies poked out their heads to peer at the posties. (CP photo)

PRESIDENT STANDING UP TO RIGORS

NEW DELHI (AP)—President Eisenhower "is doing fine and standing up really well" on his strenuous mission to three continents, Maj.-Gen. Howard Snyder, his physician, says.

Despite his 69 years and three major illnesses in the last four years, Eisenhower is standing the pace far better than some younger members of his party—the newspaper correspondents, for example.

Only the ceaseless dust of Asia has caused the president much trouble. He has been given an occasional throat spray to relieve dust irritation.

Long Way From Kansas To Taj Mahal

AGRA, India (AP)—President Eisenhower fulfilled a lifelong ambition Sunday as he gazed in awe at India's fabled Taj Mahal—"this temple of love," he called it.

"A lovely, lovely thing," the president told his guide, Prime Minister Nehru.

"I read about this when I was a very little boy in Kansas and I have always dreamed of seeing it. It is one of the things I have looked forward to on this trip more than anything else. It's much more wonderful than I ever thought it would be."

The grief-stricken Mogul Emperor Shah Jahan built the exquisitely beautiful Taj Mahal 300 years ago as a memorial to his young empress, who died giving birth to her 14th child.

About 100,000 Indians jammed the approaches to the shrine and cheered Eisenhower all along the route from Agra airport.

U.S. Pilot Rescued

EDMONTON (CP)—A Canadian army highway maintenance crew Saturday rescued American pilot Ralph Kolsrud from rugged bushland 60 miles southwest of Whitehorse, Y.T. Kolsrud, from Pacific Palisades, Calif., had been sought foru days by RCAF and civilian aircraft.

60 ACRES OF PEOPLE

Million Indians Hear Ike Speak

NEW DELHI (CP)—President Eisenhower Sunday told 1,000,000 Indians—the biggest crowd he has ever seen—that "freedom ultimately will be won everywhere."

He was addressing a civic reception as the climax of his five-day visit to India, seen as the most significant part of his 22,000-mile goodwill journey to Asia, Africa and Europe.

Eisenhower told the cheering crowd, 60 acres of solidly packed humanity stretching as far as the eye could see:

"We believe that freedom utimately will be won everywhere. Human hunger for it is far too deep-seated in human nature to be put off by contrived defintion of man-made philosophy."

SEEKS CLOSER TIES

He called for closer ties between the United States and India, declaring:

"Between the first largest democracy on earth, India, and the second largest, America, lie 10,000 miles of land and ocean.

"But in our fundamental ideas and convictions about democracy we are close neighbors. We ought to be closer."

After his speech, Eisenhower and Nehru met for a last talk over the dinner table, then issued a communique expressing deep satisfaction at U.S.-Indian relations.

This said Nehru reviewed Asia problems for Eisenhower. The communique did not mention Red China's pressure at the Indian border, but James Hagerty, Eisenhower's press secretary, said the matter of Communist China was discussed.

MILITARY SUPPORT

U.S. imlitary support in the event of a Chinese attack was not discussed, Hagerty said, but Eisenhower expressed hope the dispute could be settled by negotiation. No guarantee of U.S. support either was asked or given, Hagerty reported.

Eisenhower also expressed belief that Indian-Pakistan negotiations on their long quarrel, including the Kashmir issue, would be healthy for Asia, Hagerty reported.

Paraguay Rebel Guerrillas Still Fighting in Jungle

POSADAS, Argentina (AP)—Rebel Paraguayan sources say that their forces have infiltrated their neighboring homeland and are still waging successful guerrilla warfare against the regime of President Alfredo Stroessner.

Stroessner's government claims the weekend revolt has been crushed.

The rebels, reported by their spokesmen here to number about 1,000, crossed border rivers from Brazil and Argentina Saturday and were repulsed in their main thrust at the city of Encarnacion, a river port of about 20,000 lying 180 miles southeast of the capital of Asuncion.

Insurgent spokesmen said their forces have split up into at least three main groups operating around ports on the Parana River.

The rebels were reported to have attacked the city hall at Puerto Stroessner and been driven off by government troops.

Bands ranging in size from 15 to 200 apparently have spread out into the jungles of eastern Paraguay and begun harassing Paraguayan Army regulars, the mainstay of Stroessner's dictatorship.

Government officials in Asuncion characterized the self-styled liberation army as a group of "political delinquents."

Birth Control

IT IS REGRETTABLE THAT A religious argument should be introduced into American politics. But when birth control becomes a major question of public policy, and when a large section of the community approaches it on religious grounds, the present argument in the United States is unavoidable.

The dispute between Protestant and Catholic churchmen, the presidential prospects of Senator John F. Kennedy, a Roman Catholic, and the contrary views of other leading Democrats like Mr. Adlai Stevenson, are all matters for the American voters to consider and none of Canada's business.

Nevertheless, Canada cannot escape the same argument on birth control because it is worldwide and involves what may be the most important problem of our time.

Even if it can maintain an uneasy peace, the world is threatened by an unmanageable growth in population.

All the increase in India's production now under way, for example, will hardly support the expected increase of its people.

The Aswan Dam of Egypt will irrigate vast areas of land but the foodstuffs thus produced will hardly feed the millions of additional Egyptians certain to be born in the next fifteen years.

The aggressive Communism of China is propelled by human pressure for land and food.

All the statistics throughout Asia and Africa are undeniable and terrifying—within a generation or two this small earth may possibly manage to feed inadequately, by new techniques, but several billions of hungry, poor and desperate peoples will assure a continuing struggle for living space and repeated small wars, if not the big one.

The views of those who oppose birth control on religious grounds must be respected. But so must the views of those who believe that birth control is not a religious matter and offers humanity its only escape from catastrophe.

In a free society like ours no man has the right to force his religious beliefs on another but when an issue of public policy arises, unhappily touching some citizens' religious beliefs, it must be settled—as public policy and nothing else—by the democratic process. The majority view must govern public policy, though never private conscience. The majority has no right to force the minority to practise, or not to practise, birth control since that is a matter for individual decision, touching sacred human liberties.

Actually these questions already have been effectively, if not legally, settled in Canada and the United States so far as the individual is concerned. Birth control is widely practised, and the law, whatever its printed word may say, does not prevent that practice nor encourage it.

Now the long-standing, tacit neutrality of the state is challenged as it affects public policy. Birth control, which some Canadians regard as a sin and others as a secular question having nothing to do with religion, has been forced into the realm of practical politics not by conditions in this under-populated country but by the acute problems of over-populated countries.

North America has tried to help these countries by various methods but all its costly help fails to touch the base of the problem, a population growth which, uncurbed, will doom their peoples to perpetual misery.

Hence some of their governments ask us to help them by sharing our knowledge of birth control, and on the answer to that request the statesmen of Canada and the United States are sharply divided in disregard, happily, of partisan lines.

At the beginning of a debate that may gravely disturb Canadian and American politics certain facts seem clear to us:

First, the peoples of the over-populated countries, having no religious objections to birth control, will widely practise it, regardless of North American opinion, as soon as they are able to do so with the help of Western countries outside North America.

Second, it would be nothing but hypocrisy for a continent which itself widely practises birth control to forbid other peoples to do the same—even if it could—or to refuse them its knowledge of this practice.

Third, our continent will never be safe in its wealth of freedom so long as the vast majority of mankind is driven by population pressure to poverty, envy and probably to future aggression.

Without Rose-Colored Glasses

MR. A. C. ASHFORTH, PRESIDENT of the Toronto-Dominion Bank, has declined to use rose-colored glasses and has substituted clear lenses for his look at the next 10 years in Canada

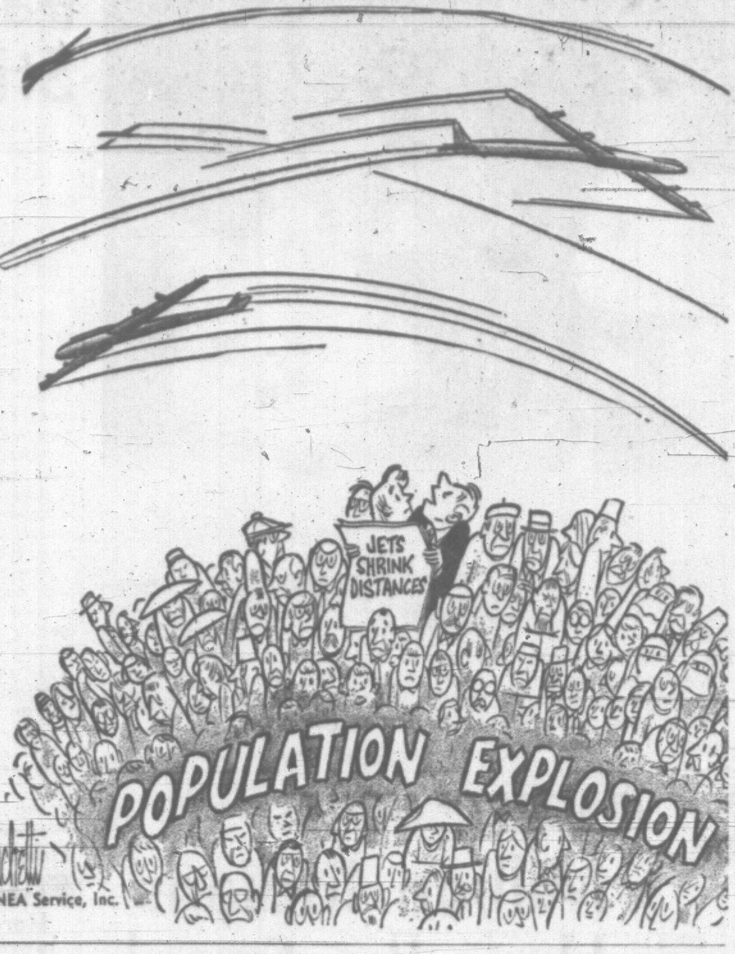
He advised shareholders at the bank's annual meeting the other day not to assume blithely that the rapid rate of growth notable in Canada during the fifties would continue indefinitely.

"Our hopes and ambitions will only be realized," he said, "if Canada continues to fare well in the international trading sphere. Other countries besides Canada have been developing rich natural resources. Competition for export markets will be keener and this means costs must be kept down. In other words, the problem of the relationship of wages to productivity must be resolved. If it is not, prices will rise and we will lose our position in world markets."

In the 10 years ahead, the Canadian working force will be required to provide a higher standard of living not only for itself but for an increasing number of young people and older folk. The volume of teenagers is growing. So, too, is the volume of those past the accepted working age.

Relatively speaking, a smaller employable group will be called upon to provide more for a higher total of dependents. Canadians can do that adequately only if productivity increases.

'The World's Getting Smaller Every Day'



HOLD STILL A MINUTE

By B. A. TOBIN

The Global Rock 'n' Roll

Tobin

IN a fire, with luck, you may run outside. In a flood you may be able to make your way to high ground. In a storm you can seek cover. But where do you go in an earthquake? It's not even like a supersonic boom, when you can work off your irritation by complaining to whomever is responsible. Whom do you complain to about an earthquake? Even the Government can claim immunity in that department. No civil servant can be hauled over the coals, wives and mothers-in-law go scot-free and even Junior doesn't have to take the rap.

A small tremor such as Victoria had the other evening is over almost before you can realize it is happening. But the feeling of helplessness is inescapable. In this mechanical age, there is no valve you can turn, no button you can push to stop the shaking.

Shaky Situation

The globe suddenly becomes a not very firm place to reside—as in truth it isn't—and you may experience anything from a slight shuddering of the walls to landslides and chaos such as occurred in Montana recently.

But even that is relatively mild. History records a number of major catastrophes as a result of earthquakes, beside which the atom bomb seems second-rate.

The Lisbon quake of 1755 was one of the worst, with 50,000 persons killed within a few minutes. Fifty years later, in Messina, 100,000 died, and in 1920 a Chinese quake killed 180,000.

In earlier times the casualties were worse, even allowing for exaggerated figures. An earthquake in Japan in 1703 brought death to 200,000 persons, and an Indian earthquake in 1737 is said to have killed 300,000.

Fire Follows

More closely verified are the figures for Japan in 1923, in which 99,331 were killed, 103,733 injured and 43,476 listed as missing. In cities, of course, many of the casualties are due to resulting fires, which also cause heavy property damage.

This was the case in San Francisco which in 1906 suffered a severe shaking that caused a conflagration. Hundreds of lives were lost and damage amounted to half a billion dollars.

Sometimes, as in Lisbon and Japan, earthquakes are accompanied by huge sea waves which wreak havoc in coastal areas.

Modern science has mapped the globe's favorite earthquake regions fairly closely. The quake itself is caused by a shifting of the earth's crust along a usually well defined line called a fault. The San Andreas rift runs along the California coast and accounts for San Francisco's frequent tremors. Our own occasional rumblings, although light, may be associated with this.

It has been found that before a major quake there are a number of preliminary shiftings along a fault, extending over a period of years. It is as though a lot of minor obstacles had to be overcome before the big shift could take place. Afterwards there may for a time be minor adjustments, followed by a period of quiet.

Edge of Disaster

Sometimes a "cliff" of land may be thrust up along the fault, varying in height from inches to feet, or there may be a similar drop. Off Japan the quake of 1923 thrust the sea floor up 250 fathoms in some areas, and dropped it 400 fathoms in others.

Scientists have devised ways of measuring the successive waves that are sent out from the focus of an earthquake, like ripples on a pool, and can pinpoint the source with considerable accuracy.

Buildings can be constructed with heavy foundations and light superstructures to resist the effects of earthquakes, but the best protection would be to build away from quake zones. This man refuses to do, just as he refuses to keep away from country threatened by repeated floods or off the slopes of active volcanoes.

No Welcome

Perhaps it is the globe's complete contempt for man's presence that makes him dig in regardless of the continuing danger. Certainly the earth gives no indication that man's affairs have any priority.

We are allowed to run around on the surface, sail across the water areas, and even take off into the air and beyond it. We can scratch the surface to make seeds grow, and send down infinitesimal holes into the crust to dig out some of its riches.

We enjoy light and warmth and moisture on the surface—and that's about the extent of earth's bounty. We are in much the same position as a fly on an elephant's hide, and a careless quiver can send us toppling to destruction.

Small wonder then that we sometimes get the impression that our terrestrial host is not a particularly willing one; we might even be pardoned for thinking that it doesn't know we're here.

As Our Readers See It

Growing Civic Centre

The British tradition for the civic centre has been gradually built round the church and town hall.

The first sod for the foundations of the present stone cathedral was cut May 20, 1926. Bishop Schofield conducted the service, and he was supported by Dean Quainton.

The first service in the new, third cathedral, and its consecration by Bishop Schofield was held on Saturday, September 28, 1929, in the presence of the Most Reverend Archbishop Matheson, primate of all Canada. The service began by Bishop Schofield knocking on the great western door for admission and was admitted. The Bishop of Winchester preached at the consecration and gave a message from HM the King.

Thirty years after the consecration of the glorious cathedral, the addition of new law courts was started by the breaking of ground on December 9. At last Victoria is gradually building up an adequate and dignified civic centre. The oldest Christian relic is the Pioneer Square which was the first cemetery. The old Deanery is now the headquarters of the Mounted Police.

F. V. LONGSTAFF.
Late Vestry Clerk
of the Cathedral.

Reply From Rochester

I have been interested as a distant observer in the controversy concerning fluoridation that is presently taking place in your city. I do not wish to give an opinion regarding the validity of fluoridation but in reading Mrs. Arsens' arguments against fluoridation it seems to me that she has presented statements by various authorities in such a manner to be misleading to people who are not in a position to evaluate these statements.

In particular I refer to her quotation of a statement made by the late Mayor C. H. McQuillan of Rochester, Minnesota, which your readers might interpret as a condemnation of fluoridation by the city of Rochester and the Mayo Clinic.

This interpretation would be far from the truth as in August of this year, the city council of Rochester approved the fluoridation of the city water supply and are now in the process of carrying this out.

IAN C. MACMILLAN, MD.
506 5th St., S.W.,
Rochester, Minn.

More Enforcement

I cannot understand why you put any faith in the mere making of a law to limit speed on the highways, either by day or by night, for it has been truly said of Canada, as of the U.S.A. and U.K. that the most obvious thing about speed limits is how common it is to see them disregarded.

The Police Chief of Saanichton, an experienced officer, has stated his opinion that 60 mph is too fast a speed at which to travel on the Patricia Bay highway, yet throughout every day vehicles may be seen driving at speeds much in excess of that. When driving on that highway at or near the maximum speed limit I am passed by cars, large and small, as if I were dawdlin Drivers of some large buses regand m car, travelling at 60 mph, as a mino obstruction to be passed immediatel though, to be honest, I cannot say tha I ever felt endangered by them. Th same things happen constantly on othe highways.

A famous British Lord Chief Justic has said that it is little use having police force at all unless the public solidly behind it when its duties ar faithfully discharged. It is worse tha useless making laws which have littl chance of being enforced consistently owing to lack of enforcement officers because in so doing the authorities ar making fools of the police, an ass o the law and they make the law-abidin driver the biggest fool of all.

Surely the conclusions of an experienced observer must be (1) tha most of the driving one sees is ver good indeed, except for genuine error of judgment which even the wisest o us is liable to make; (2) there are disturbingly large number of driver who do not intend to respect any highway law which appears to restrain o inconvenience them or who are withou the minimum of self-discipline necessar to citizens living together in a fre democracy; (3) deplorable casualty list are likely to continue whatever we d because, basically, most accidents resul from the fallibility and unreliability o the human factor. No law we can pas will prevent an over-fatigued drive from falling asleep at the wheel, a absent-minded or preoccupied drive from arriving on a level crossing a the same time as a railway train, rash person from pulling out from line of traffic into the path of an oncoming car, or a careless pedestria from crossing a highway without looking both ways first. No law can prevent a drunken brute who can stagge unobserved to his car from ploughin into a line of traffic and killing half-a-dozen people. These things happe with sickening regularity.

I am convinced, however, that substantial benefits would accrue if ou sorely-pressed traffic officers had thei numbers reasonably augmented so tha they had a better chance of enforcin laws considered to be necessary for ou protection, and of eliminating some o the worst offenders. Such things cos money. Is the expense worthwhile? Traffic experts can do no more tha put the facts squarely to the tax-payin public and ask them to decide.

STANLEY G. WOODESON.
RR 2, Royal Oak.

Who's Out of Date?

I trust it may be permissible to comment here on a news item wherein certain theologians of Chicago were reported as trying to belittle the brains of the illustrious British biologist, Sir Julian Huxley.

Among others, a priest from Loyola University was reported as saying "Huxley is a good century out of date, and need not be taken seriously."

I would humbly submit, Sir, that not only the great Sir Julian but, as well, his father Leonard, and his brilliant grandfather, Thomas Henry Huxley, have all demonstrated a thinking capacity far ahead of their times.

H. V. O'REILLY.

"SAVED YA SOME WORK, MOM! YA WON'T HAVE TO *WASH* THESE CLOTHES!"

From Our Files

Dec. 14, 1899 — London: While outward calm of the people and press here in the current crisis deserves admiration, there is agitation against the War Office and Government.

Dec. 14, 1919 — Madrid: King Alfonso is deemed to have won a victory in formation of a cabinet after having worked to solve the political crisis for two weeks.

Dec. 14, 1939 — London: Prime Minister Chamberlain declared today "gallant action" by three small British ships has probably cleared the seas of the raider Admiral Graf Spee.

India's Need: A Far-Reaching Revolution on a Gigantic Scale in a Short Time

By WALTER LIPPMANN

Lippmann

THE pressure from China, which I wrote about in Saturday's article, has come at a time when India's future depends on far-reaching decisions at home and among her friends and well-wishers abroad. There are, as we saw earlier, great but subtle and extremely delicate decisions to be taken primarily in Moscow but also in Washington as to how to preserve the peace of inner Asia by the containment of China. There are also decisions to be taken, primarily in Washington but also in London, Bonn and Moscow, as to how the economic salvation of India is to be financed.

But inside India there are decisions to be made which are no less momentous, and in this report I shall attempt to identify some of them.

The Indian republic is now about ten years old, and it is still led and governed by the generation of its founding fathers. Of them the greatest, of course, is Nehru.

The time has come when the founding fathers have no greater task or duty than to prepare the way for their successors. The problems which India must solve in the next ten years are enormous and they are urgent.

They call for nothing less than a revolution in the economy of India, and this revolution, even with all the necessary foreign aid, must be carried out by a new generation which has young energy and fresh enthusiasm and sharp vision.

When we speak of the revolution to which India is committed, it is useful, I think, to clarify the issue by saying that there are two objectives. One of these must be reached in about six years. India must be made capable of feeding itself before it is overwhelmed by the avalanche of its growing population.

Second Task

The second task can be achieved only if and as the first problem is solved. The second task is that of preparing India in the course of the next ten or fifteen years for the day when the country will have an independent and progressive economy which can finance its own development by normal commercial operations.

The task of feeding India is critical, and if it is not carried out, the human and political consequences will be dire. The task of developing an independent Indian economy is a spectacular objective, indispensable, however, if the free institutions of India are to survive in the competition with totalitarian China.

Plans for meeting these two objectives are being formulated by the old guard, by the generation of the founding fathers of Indian independence. But the plans will have to be carried out by the successors of the founding fathers.

Now, it is not clear who these successors are going to be, and they are not being groomed for the work or made known to the people. Yet, unless this uncertainty about the succession of power is faced fully and resolved boldly, it will, I venture to think, jeopardize the success, which will not be easy in any event, of the economic revolution.

When I raised this question with Indians, I was often told that India is a genuine, working parliamentary democracy on the British model and that it has like the British a very competent civil service. The system is such that it will provide for a successor government by the normal procedure of elections and of parliamentary democracy.

This is true in the sense that India has political institutions of the Western kind which are virtually unique in Asia.

More Than Confidence

I would not question the confidence of the Indians in the capacity of their own institutions to produce a succession were it certain or even probable that India can solve its problems with a normal government constituted more or less in the British style. I do not, however, think that the British themselves could solve their problems without radical political changes if they were faced with problems of the magnitude and the complexity of those of India.

What troubled me was the disparity between the revolutionary objectives of the Third Five-Year Plan and the mildness, the almost Victorian mildness, and the normality of the Indian political system.

I asked myself whether the gigantic economic revolution can be carried out by parliamentary politicians and civil servants without the dynamism and the discipline of an organized mass movement.

Crucial Questions

I do not know the answer to this question. But I have no doubt that it is the crucial question. For the solution of the basic problem—which is how to feed adequately the population—requires not only materials and the tools which money can buy. It requires also a revolutionary change in the traditional way of life of the Indian masses in their villages.

I do not see how this revolution, which must go deeply into the Indian social system and the Indian culture, can be brought about by the persuasion of experts alone. I would suppose that it would require the organized pressures of a popular movement under government leadership so dynamic and so purposeful that it can inspire people to do voluntarily the kinds of things that in Communist China are done by compulsion.

Such popular movements are always dangerous. They can get out of control. They can be exploited by demagogues and fanatics, and they can erode the kind of parliamentary democracy which India enjoys.

I do not like the medicine, which in too big doses is a poison. But this would not be an honest report if I did not raise the question whether the strong medicine may be needed.

I am afraid it is. For India does not have all the time in the world to solve its basic problems by the education of its masses and by persuasion. The essential economic problem must be solved within a few years, or it may well become insoluble.

For some years the Ford Foundation has sponsored a team of American agricultural specialists who have worked out a plan for the solution of the Indian food problem. They are led by Mr. Douglas Ensminger, a man of great knowledge and wisdom and sympathy. The American experts point out that while the Indians have been able to increase food production somewhat, they are falling behind because of the greater increase in the population.

If this goes on, if the population continues to grow faster than the food supply, India will soon, in some five or six years, "be short about 28 million tons of food. This is more than can possibly be supplied by any conceivable form of rationing or imports."

Many Hungry

Large masses of the Indian people, and we should add of their working animals, are undernourished and indeed hungry most of the time. They have so little to eat, they have such an unbalanced diet, that they do not have the strength and the energy and the will to improve their methods of farming.

The Ford people are confident that they can master this situation in about six years. To do this there must be more fertilizers and more insecticides. There must be plants to make fertilizers and insecticides. There must be better plows and other agricultural tools. There must be more water for irrigation and more storage space.

All this will require about $1.5 billion in foreign exchange to pay for the tools and the chemicals that have to be imported. It will require also about $1.8 billion worth of surplus wheat from the United States.

Essential Move

This is the price, say these experts, of "continued political stability in India." If the food problem is not solved, there will be a growing inflation in food prices and that will bring not only semi-starvation but widespread unrest and all the dangers of an uncontrollable internal crisis. He would be a bold man who tried to argue that India's fundamental problem can be solved more cheaply than the Ford experts say.

For myself the real question is whether the program, which is no doubt conservative, can be carried out quickly enough among the three hundred million peasants who live in more than half a million villages.

I cannot help feeling that for such a far-reaching revolution on such a gigantic scale in so short a time there will be needed in the leadership of the Indian nation and in the organization of the Indian masses a dynamism and a discipline which are not now there.

(C) 1959, N.Y. Herald Tribune Inc.

A WOMAN'S OUTLOOK

By RUTH ENKE

Wildlife Review

A COUPLE of years ago, an up-Island friend sent me a copy of "Wildlife Review," and scribbled in the margin, "Ruth, why don't you get this? It's free, and all you have to do is send a postcard to the address I've underlined."

Ruth

The word "free" acted like magic, and I immediately sent the postcard to the Fish and Game Branch, Department of Recreation and Conservation, 567 Burrard St., Vancouver, 7.

As a result, I've been receiving Wildlife Review four times a year, and recommending it to all my friends, and especially to those who have children or are teaching in our schools. I've also sent several copies to friends and relatives in Europe.

Some day, I may even buy myself a big, fat notebook and copy into it the Wildlife quotations which have most appealed to me. For, so far, each issue has contained passages that I think are well worth remembering.

★ ★ ★

In the October, 1959, issue, for instance, I've marked several paragraphs in an article, "Wasteland," taken from the book, "More in Anger," by Marya Mannes.

The first goes: "What manner of men and women need 30 feet of steel and 200 horsepower to take them, singly to their small destinations? Who demand that what they eat is wrapped so that forests are cut down to make the paper that is thrown away, and what they smoke and chew is sealed so that the sealers can be tossed in gutters and caught in twigs and grass?

The article ends with this: "And what will we leave behind us when we are long dead? Temples? Sunken treasure? Or mountains of twisted, rusted steel, canyons of plastic containers, and a million miles of shores garlanded, not with the lovely wrack of the sea, but with the cans and bottles and light bulbs and boxes of a people who conserved their convenience at the expense of their heritage, and whose ephemeral prosperity was built on waste?"

The same issue contains a piece by Ernest Swift, executive director, The National Wildlife Federation. He writes, "The functions of a jet-propelled plane or a computing machine have become a greater wonder and a greater interest to the average boy today than the sprouting of a kernel of grain. Life in the seed releases a series of endless and intricate reactions that go on and on and repeat and repeat. The mechanical brain when it breaks down or wears out is simply a lump of iron. It cannot reproduce itself before it dies. If it were not for life in the seed, that thing so common that it raises no interest, there would be no mechanical brain, no atom bomb, nothing but a dead planet."

★ ★ ★

This same issue also contains a long article, "Conservation Tomorrow," by Professor Ian McTaggart-Cowan, of the Department of Zoology, University of British Columbia. It is too long for me to quote adequately from it here. But it's one which I think would be most useful to some of the teachers in our high schools.

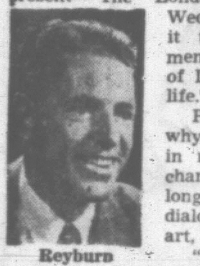
LONDON LETTER

By WALLACE REYBURN

8-Year Run for Mousetrap

LONDON—At random . . .

Expected to be a big seller as a Christmas present—"The London Jug," made by Wedgwood and having on it that delightful sentiment "When a man is tired of London, he is tired of life."



Reyburn

Possible explanation of why Alfred Hitchcock has, in recent films, had his characters burbling on for long stretches of tedious dialogue . . . James Stewart, on a visit here, says: "Hitch has often said he doesn't rate actors very highly and that's true. In fact, if he could make a picture without them he would. He's entirely uninterested in what lines they speak; he's far too interested in thinking up new tricks for the camera. I always feel that if I stood there and recited the Lord's Prayer, Hitch wouldn't really care too much."

★ ★ ★

Now entered its eighth year—Agatha Christie's play, "The Mousetrap." Nearing 3,000 performances, it has far outdistanced London's former long-run record holder, "Chu Chin Chow," that First World War favorite which notched 2,238 performances.

Peter Saunders, the man who staged "The Mousetrap," says: "It will definitely run 12 years." I wonder how he can be so definite. It might run for 15.

★ ★ ★

Canadian Ted Allan, well known in the writing business in Montreal and Toronto, surprised folks here (and himself a bit, too) by blossoming forth as an actor. In an American TV play called "The Velvet Alley" (produced on BBC by another Canadian, Alvin Rakoff), Ted Allan not only acted but succeeded in acting experienced Sam Wanamaker right off the screen.

★ ★ ★

Criticism here of the fact that although "Lolita" is now on sale to her heart's content throughout the country, "Lady Chatterley's Lover" still remains on the strictly banned list. Feeling is that it is quite illogical. An abnormal association between between a middle-aged man and a child is okay to read about, but a normal, if earthy, association between two adults is not.

WEATHER SYNOPSIS

CITY'S WEATHER RECORD

Sunshine, 1959 ---- 2,154.8 hrs.
Last year -------- 2,364.3 hrs.
Normal ---------- 2,163.6 hrs.
Precip. to date ------ 29.67 ins.
Last year ---------- 24.47 ins.
Normal ----------- 24.31 ins.

SYNOPSIS — A large and particularly moist storm is lumbering in on the B.C. coast. During the past 12 hours Tofino has reported 5.30 inches of rain, Comox 1.25 inches and Vancouver a modest .44 inches. While the deluge will taper off a little today and Thursday the tenor of the weather will be mild, wet and windy.

DOMINION PUBLIC WEATHER OFFICE 9 A.M. FORECASTS

(Valid until midnight Tuesday)

Victoria: Intermittent rain today and Tuesday. Remaining mild. Easterly winds 30 shifting to westerly winds 30 this afternoon. Low tonight and high Tuesday at Victoria 38 and 45.

Vancouver - Georgia Strait: Intermittent rain today and Tuesday. Remaining mild. Southeast winds 25 shifting to southerly 20 this afternoon. Low tonight and high Tuesday at Vancouver and Nanaimo 38 and 45.

West Coast: Intermittent rain today and Tuesday. Remaining mild. Southwest winds 25 today and southeast winds 25 Tuesday. Low tonight and high Tuesday at Estevan Point 38 and 45.

BY OAK BAY COUNCILLOR

'Go It Alone' Bid On Fluoridation

There is the chance Oak Bay may get fluoridated water if enough voters approve the referendum Thursday, even if Saanich and Esquimalt voters join Victoria in turning it down.

Coun. Allan Cox, who suggested the referendum to council several weeks ago, pointed out that Oak Bay is supplied by a single water main.

"So long as the fluorine we put in our water does not go across municipal boundaries, I can't see any legal impediment."

He said cost of machinery would be about $2,500 while cost of fluoridation would be about 25 or 30 cents annually per person.

'SKY HIGH'

However, Reeve George Murdoch said cost of operating the machinery would send costs "sky high."

It would require at least three men, he said, on a 24-hour relief basis to keep the machinery operating under constant supervision.

"There is no stipulation in the present act that a municipality can add fluorides to the water supply. Every reference is to the water supplier, the Greater Victoria Water Board," he said.

26 Missing In Apartment Fire

DORTMUND, Germany (AP) — Hundreds of rescue workers searched for bodies today in a smoking heap of rubble that had been two apartment houses until Sunday.

Twenty-six people were feared dead. Police believe 34 were in the two houses when they were wrecked by a blast and ensuing fire.

HOME GARDEN

By HILDA BEASTALL

Oh, For the Old Sunroom!

It has often puzzled me why freesias are not seen nearly so often in homes today as they were 15 to 20 years ago.

Hilda

As I think of the culture needed to flower them to perfection of beauty and fragrance, the answer becomes obvious.

Few modern homes have a room which is cool enough for freesias.

The old-fashioned sunroom on the south side of the house was ideal for starting and growing many fine plants. Its day temperature would go up with the winter sunshine and the warmth from the house, and the night temperature would rarely drop much below 45 deg. F.

These are the conditions under which freesias thrive. When the buds commence opening, the pots may be taken into the living quarters to be enjoyed.

Perhaps some day we'll get back to building sunrooms, with plenty of high windows, ventilation, and a means of keeping out excessive sunshine in summer, and preventing cold radiation from the glass in winter.

WINTER HOBBY

With such an advantage, flowering house plants will reappear and the average housewife will have a hobby for the winter months, to occupy some of the spare time created by labor and time saving household appliances.

In the meantime, we shall have to be content with the handsome semi-tropical foliage plants which do so well in the modern home.

Now, with the Christmas puddings and cakes stored away safely, is a good time to dust the leaves of all these smooth-leaved plants. A soft cloth, slightly dampened, will reveal a considerable amount of dirt on the leaves and stems.

Dust collects on them in the best homes, spoiling not only their beauty but also interfering with their health.

RAUL CASTRO
. . . no red, either

Cuban Army Leader No Anti-Communist

HAVANA (AP)—Raul Castro told a military court Sunday he is not a Communist but he declared he will not lend himself "to the dirty business of anti-communism."

Raul, Cuba's minister of armed forces and younger brother of Premier Fidel Castro, testified at the treason trial of Maj. Hubert Matos.

Matos, former army commander in Camaguey province, was arrested after he tried to quit his military post and charged there was Communist infiltration in the revolutionary forces.

"I am not a Communist," Raul told the court, "but I am not an anti-Communist. I will not lend myself to the dirty business of anti-communism which is the same argument expressed by the Trujillo, Batista supporters and the great monopoly of foreign imperialists.

"At any time the Communists place themselves against the revolution, we will fight the Communists."

His references to Trujillo and Batista were to Generalissimo Rafael Trujillo of the Dominican Republic and ousted Cuban dictator Fulgenzio Batista.

PRIVATE BILL

Tories Defeated In U.K. Commons

LONDON (AP) — Prime Minister Macmillan's new government suffered its first parliamentary defeat over the weekend.

A private member's bill calling for improved working conditions for Britain's office workers was given a second reading by a majority of 53 votes over the government's opposition.

Members of the House of Commons—Conservative, Liberal or Labor—are free to vote as they like on private members' days.

The Labor-sponsored bill would require the home secretary to lay down standards for such things as heating, lighting, ventilation, cleanliness and prevention of overcrowding in offices.

AN EXTENSION PHONE!
Just about the nicest gift any husband ever thought of
And just about the nicest gift any wife or family ever received. It's different, exciting and its pleasure increases every day. And it's so easy to give an extension phone. You can pick up a gift-boxed phone at the Telephone Company, already to put under the tree. Or, for Christmas secrecy, have it delivered to your office. The extension phone will be installed, free of charge, shortly after Christmas.
How to give an Extension Phone for Christmas:
The only charge is for regular telephone service, each month — $1.25 (free installation). One of the attractive features of this gift of service is that you may give it for as long a period as you wish. Many people give it for 1 year. This would come to $15.00 You may pre-pay this or have the $1.25 added to your own telephone bill each month. An especially lovely gift is a coloured extension phone. To give this, there is an additional one-time charge of $12.00. This may also be paid by installment charges on your own telephone bill.

31 DAYS OF TERROR FIGHTING OFF SHARKS

COLOMBO, Ceylon (Reuters) — A three-year-old child died and a woman was injured by attacking sharks during a nightmare journey by 17 Maldivians who spent 31 days adrift in a small open boat off the coast of Ceylon.

The islanders were in a state of collapse when sighted and rescued by the 20,500-ton Japanese tanker Ohminesan Marp, which reached Colombo Friday night.

ARCHBISHOP MEUNCH . . . 2 Americans

8 New Cardinals Created

VATICAN CITY (CP) — Pope John XXIII created eight new cardinals of the Roman Catholic Church today. The pontiff's action brought membership in the Sacred College of Cardinals to 79, the highest in the history of the church.

In his Latin allocution in which he named the new cardinals, the Pope recalled the recent visit here of President Eisenhower and warned against the hunger that "is still a grave problem" for many. He also warned — without specifically naming it — against Communism.

WARNS OF BIRTH CONTROL

He also warned against birth control.

In the solemn, secret consistory elevating the eight cardinals to their high rank, Pope John said:

"For a great part of humanity, the problem of hunger is still grave. To avoid this great calamity, in no case can erroneous doctrines be adopted or lethal means of limitation of births."

The eight prelates made princes of the church include two Americans, the archbishop of Chicago, Albert Gregory Meyer, and the former bishop of Fargo, N.D., Archbishop Alois Meunch. Both are natives of Milwaukee.

The others are Scottish-born William Theodore Heard, dean of the Holy Roman Rota; German-born Agostino Bea, Jesuit confessor of the late Pope Pius XII; Francesco Morano, 87-year-old secretary of the Vatican's Congregation of the Religious; and Paolo Marella, 64-year-old nuncio to France who, according to an old custom between the Vatican and France, has to receive his notification in Paris.

Banker Robbed, Slain

DENVER (AP) — George F. Rock, 52, Democratic national committeeman from Colorado and prominent Denver banker, was robbed and apparently beaten to death early Sunday.

CANADA'S STAKE IN JAPAN

By BRUCE HUTCHISON

Change to Loom in History

This is the fourteenth and last of a series of articles by Times editor Bruce Hutchison after a visit to Japan at the invitation of that country's government.

A thousand years from now, General Douglas MacArthur once remarked, the history books will largely ignore the battles of our time but they will devote a page or so to the revolution of Japan.

Allowing for the general's pride in his own work, this prediction seems sound. For nothing like the sudden explosion of Japanese freedom has ever happened before — but it has only begun to happen. No one, least of all a brief traveller like me, can anticipate the long results of a unique experiment. What, then, has it produced already?

Hutchison

To begin with, the fact of revolution at one stride is everywhere obvious but can be easily over-stated. Nation and people have been deeply changed, but how deeply and with what consequences, even the Japanese themselves cannot be sure yet.

Old Elements There

The old Japan, after its millenium of isolation, feudalism, caste and intricate convention, is still there under the new surface like wood beneath the lacquer. So, too, are the fierce energies, intelligence and patriotism of a people unlike any in Asia, the only Asiatics who have consciously decided to merge their future with the West.

That union, animating the whole revolution, is now in its third phase. It began with the Meiji Restoration only 90 years ago when Japan industrialized itself overnight. It halted 20 years ago when Japan attempted to impose its new power on Asia, was rebuffed by its neighbors and conquered by the West. Now it is under way again through the peaceful avenues of politics, economics and culture.

Started in China

Japan's civilization came in the first place from China but we are witnessing today the latest installment of its detachment from Mother Asia, the severing of its umbilical cord, its groping for junction with the West.

As they absorbed Chinese civilization long ago and altered it to suit their native needs, as they absorbed Western industry and improved many of its methods, so the Japanese have absorbed, since 1945, the West's democracy and will transform it in their own fashion, beyond our power of control. How will the new age of freedom merge with an ancient authoritarianism?

'Drunk' on Freedom

The sovereign question is unanswerable but one can see at once that democracy, bursting as from an egg, scarce half made up, has been a shattering experience. Freedom, the essence of democracy, is a heady wine on which many sober Japanese are a little drunk.

Irresponsible politicians promising miracles, irresponsible newspapers distorting their promises, quarrelling factions that call themselves political parties, perpetual cheese-paring debate, a passion for sterile economic statistics, an obsession with the outer rather than the inner facts of democracy—all these symptoms express the intoxicating discovery of personal freedom, as free as that of any people in the world.

Having inherited at last the machinery of freedom, the Japanese have yet to learn two things: That citizenship must accept self-imposed responsibilities and restraints; that democratic government can never be consistent or perfect.

Fine Points Lacking

The political art of the possible, of shifting compromise and practical inconsistency, the great working but unwritten principle of Western democracies, has yet to be learned in the new Japan.

Hence the disorder of politics, the disillusionment and disappointment of a naive electorate which expected magic and the good society to flow automatically from a written document.

It is for the young, bred in freedom, to master freedom's confusions in their own way. To many of the old the new age is not true progress but something like anarchy and the new youth threatens all the virtues of the nation's character.

Politics Preferred

On the other hand, one of Japan's leading educators told me he had been appalled by the immediate postwar generation of students who disregarded learning to engage in political agitation, but lately the pendulum had swung to the opposite side.

Today the young intellectuals were concentrating their minds on the impartial search for truth. The best generation in Japan's history was preparing to take over the future.

Another vivid fragment in this bewildering jig-saw puzzle is the emergence of the Japanese woman as an equal partner with her man, politically and domestically. She is asserting her management of the home, has an insatiable curiosity about Western fashions and ideas, argues from the public platform and often is elected to high office.

Different Sources

All these impulses and many others do not spring, as in the West, from an old religious base, for religion, as distinguished from ritual, is an almost insignificant factor in Japanes life. The organic changes in society spring from the new economic evolution of the machine, from the political revolution, from a foreign import which has lost some of its inner spiritual forces in transit.

Finally, as a revealing sidelight on the nation's mind, I tried to discover what the Japanese thought of that short-run triumph and long-run catastrophe at Pearl Harbor. When you know him well enough the Japanese will usually tell you that the soldiers in control of government miscalculated everything, that the Americans were unreasonable and the Roosevelt government impracticable when a deal could have been made so easily.

Warning Was Costly

For example, I talked at length to a diplomat who represented Japan in Washington before the war, who had continually warned his government against aggression and been dismissed for his pains.

In Tokyo the government assured him that the United States was too soft to fight (since American sailors often got drunk in Japanese ports), that it would quarrel with Britain over diverse interests.

The diplomat, remembering Bismarck's dictum that the common language of Britain and America was the supreme fact of the world, foresaw disaster in war, but as he confessed to me, Japan had never understood the West.

Does it truly understand the West, the real inward West beneath its outward machinery, even now? Of course not. And the West, including especially brief travellers, will not understand Japan for a long time yet.

Seven Hats in Saanich Ring For Three Council Seats

Seven contestants are seeking the three council seats in Saanich in Thursday's municipal election.

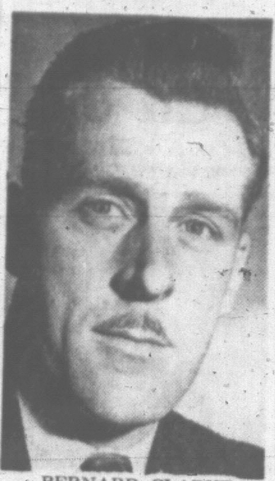
They are Leslie Passmore, Stanley Murphy, Robert J. Fleming, Albert Reid, Ian H. Campbell, Gregory Cook and Bernard Clarke.

Only two of the seven are present councillors, Mr. Passmore and Mr. Murphy. Mr. Fleming is a former councillor, while Mr. Reid contested, unsuccessfully, a Saanich by-election last year.

Reeve George Chatterton, elected by acclamation, today urged ratepayers to make sure and vote on the fluoridation referendum, despite the fact it has been turned down by the city.

"Wishes should be made known, so we will have an indication of how the feeling is in Saanich in case of future action," he said.

The council positions, he anticipated, because of the several contenders, should bring out more voters than usual.



BERNARD CLARKE

. . . of 2587 Macdonald Drive, maintenance supervisor for B.C. Electric; has been active in PTA circles. He has no platform, but promises to work hard for Saanich. He is a newcomer in politics.

GREGORY COOK

. . . a manual arts instructor, who lives at 1091 Laburnum, says there should be more crosswalks in Saanich. He was an unsuccessful candidate in the elections of 1958 and in a by-election this year.

STANLEY A. MURPHY

. . . Victoria High School teacher, is staunch supporter of town and community planning as a means of curbing rising costs of services. Elected to council two years ago, he played leading part in streamlining municipal administrative system; believes government should do more to shoulder school costs.

ROBERT J. FLEMING

. . . of 2490 Sinclair; a sawmill shipper; supports town planning and the present administrative policies of the council. He formerly served on council 1953-54.

ALBERT REID

. . . a former federal candidate in the East, he's retired, but has close links with Canadian Manufacturers' Association. Wants borrowings of municipalities lumped together to cut costs; opposes budgeting of anticipated traffic fine revenues as "bad in principle." Lives at 4305 Gordon Head.

LESLIE H. PASSMORE

. . . elected first to council in 1936. He opposes fluoridation and supports some town planning principles; believes planning and engineering experts should have less to say on roads, construction of service stations and subdivision layouts.

IAN H. CAMPBELL

. . . strongly endorses preservation of Greater Victoria parklands; wants "senior" governments to take "more equitable" share of school costs. Lives at 5038 Wesley.

Fire Wrecks School

WINNIPEG (CP)—A spectacular fire early Sunday evening destroyed the 50-year-old main building at the Knowles School for Boys in suburban North Kildonan. There were no injuries. Damage was estimated at $300,000.

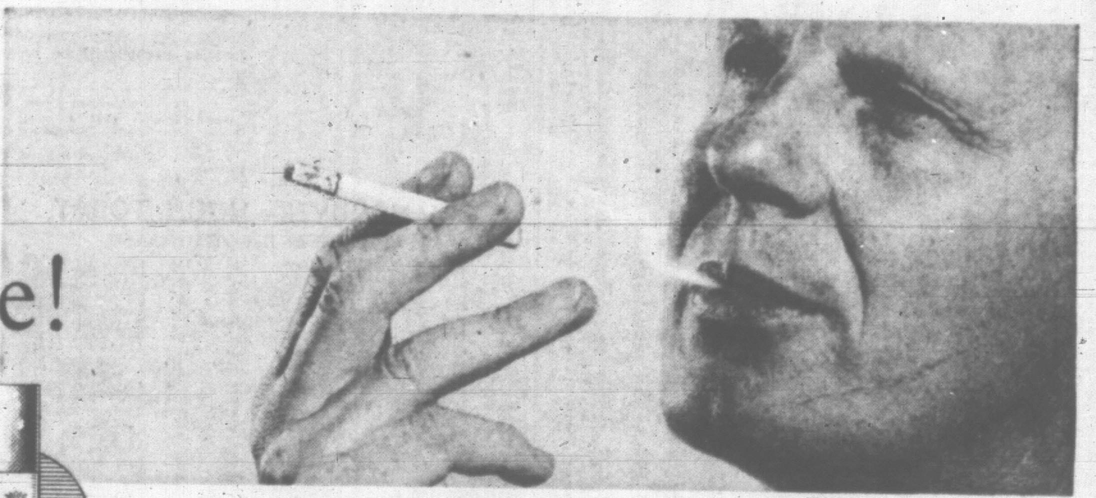
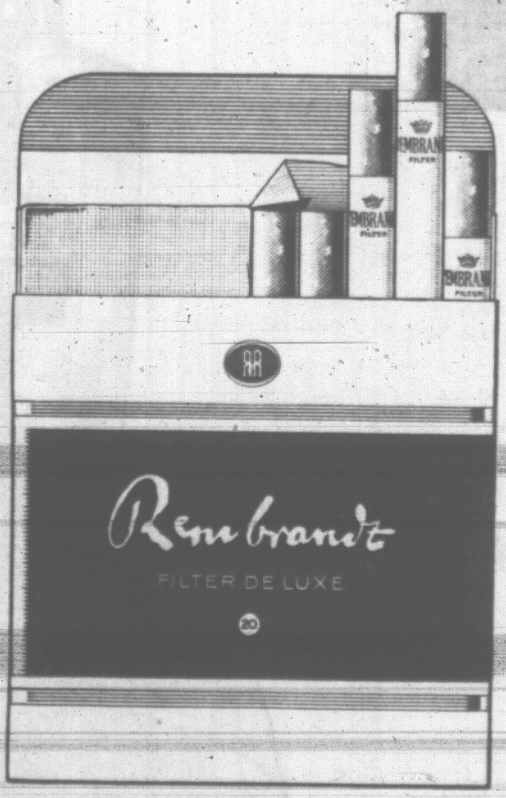
taste the difference!





REGULAR PRICE

Take out a Rembrandt. You can *see* the countless microscopic indentations. Each is a controlled air vent which literally *breathes fresh air as you smoke*. Run a Rembrandt gently through your finger tips. You can *feel* the difference, too. Now, light up and draw. You're experiencing a taste entirely new to smoking — a *cleaner, cooler, fresher* taste than ever before, and what's more . . . you taste more tobacco, less paper.

IMPORTANT: MULTIVENT *paper is so fine and delicate, Rembrandt should be handled more gently than conventional cigarettes.* MULTIVENT *has one-quarter the tensile strength of ordinary cigarette papers and it is thinner. So please handle it with care.*

Rembrandt
WITH MULTIVENT*

PUTS PLEASURE BACK IN FILTER SMOKING

*MULTIVENT is a trade mark owned by the Rembrandt Group throughout the world. World patents pending. Design registered Canada, 1959.

WORLD COPYRIGHT.

Lead Price Cut ½ Cent

NEW YORK (AP) — The price of lead was reduced one-half cent by a leading custom smelter today, leaving the quotation at 12½ cents a pound. The cut followed settlement of a strike at plants of the American Smelting & Refining Co., a major producer and processor of lead.

Lumber Inspection Bureau to Expand Into Interior B.C.

SEATTLE (AP)—The Pacific Lumber Inspection Bureau has agreed to expand its services to interior British Columbia "as rapidly as possible, consistent with present procedures used in the coast area," Harry W. Murphy, bureau secretary-manager, announced after a directors' meeting here.

He said B.C. board members made the recommendation. Details must still be worked out.

HUGE DOCK UNDER WAY IN VANCOUVER

VANCOUVER (CP)—Work is under way on a new $6,000,000 deep-sea dock that will change the face of Vancouver Harbor. The W. G. Mackenzie, largest dredge in western Canada, will be employed for the project.

The development, 3,200 feet east of Lions Gate Bridge, is being done by Vancouver Wharves Limited, and will provide berths for five or six ocean-going ships in a 3,000-feet-long dock space.

Initial expenditure will be for a $2,000,000 two-ship berth.

The W. G. Mackenzie will excavate 1,000,000 cubic feet initally to provide a water depth at the dock of 36 feet at low tide and 52 high.

GRAIN

WINNIPEG (CP) — Flax prices showed an easier tone today on the Winnipeg Grain Exchange with early selling by commission houses and other sources responsible for declines.

Lakehead prices for Class Two, IWA and Domestic wheat were all down ¼ from Friday.

MARKET SUMMARIES

Motors Rev Up Wall St.

Good gains by motors led an upswing on Wall Street late today. Ford and Chrysler paced the gains, both rising about two points.

Meanwhile, the trend was lower in Toronto, with industrials leading an indecisive decline amid moderately heavy trading. Oils and base metals slipped slightly.

AT NEW YORK volume for the day was estimated at 3,200,000 shares.

Chemicals, nonferrous metals, electronics and selected issues made gains.

Among Canadian issues Aluminium Ltd., McIntyre Porcupine, and Hudson Bay mining gained ⅝ each. International Nickel was up ¾, Dome Mines ⅜, Grandby Mining ¼ and Distillers Seagrams ⅛.

AT TORONTO golds continued to be the only index winner and advanced one-quarter point.

Steel Company of Canada and Loblaw Inc. continued to lead winning industrials each going up 1¾ at 89½ and 133¾ respectively. General dynamics led losers with a drop of 2¾ at 45½, while Dominion Stores fell one point 53¼.

Nickels were enjoying brisk sales in mining stocks. Most had minor gains while International Nickel advanced ½ at 104½. Senior uraniums were down. Gunnar fell 15 cents at $9.75, Consolidated Denison was off five cents at $9.80 and Algom remained unchanged at 10⅞.

AT MONTREAL — Steels gained ground and papers were strong in spots on an otherwise mixed board during fairly active early afternoon trading.

Atlas Steel recovered from an earlier loss to make 1⅛ at 127¾.

Bathurst "A" led the papers with a rise of 1 at 42¼. MacMillan "B" made ⅞ at 38⅜ while Abitibi and Price Brothers had minor fractional losses.

Pipelines and oils were fractionally lower with losses of ½ to Consumers Gas at 37¾ and ¼ to Canadian Oil at 25. Imperial was up the same at 36.

AT VANCOUVER the market was very quiet with little change in prices.

Peace River Pete moved 2,000 at 28. Giant Mascot traded 5,000 at 20. Mid West Copper moved 3,500 at 15. Silbac Premier traded 5,000 at 15.

AT LONDON — Industrial equities made further substantial headway on renewed investment buying. Steels were particularly favored.

Gilt-edged securities were higher after an uncertain start. Dollar stocks were mainly higher.

Golds were quiet and firm in response to a small deman Leading oils were undecided.

$ EXCHANGE

(From Canadian Press and Royal Bank)

VICTORIA—Banks buying U.S. cheques 5⅛ per cent discount. Cash at 5¼ per cent discount. Silver at 7⅛ per cent. Selling cheques at 4⅝ per cent discount. Cash at 4¼ per cent.

MONTREAL (CP) — The U.S. dollar was at a discount of 4 15/16 per cent in terms of Canadian funds, today. Pound sterling $2.66 3/16.

NEW YORK (CP) — Canadian dollar at $1.05 3/16 in terms of U.S. funds. Pound sterling at $2.80 1/32.

STRACHAN TELLS NEW ENERGY BOARD TO FIGHT FOR RIGHT TO LAY DOWN POLICY ON PEACE

Battle of 'Logic Versus Political Persuasion'

By PETE LOUDON

The first brief to the new British Columbia Energy Board, calling for a firm stand against early development of the Peace River hydro resource by private interests, was presented to individual board members today.

Submitted by Opposition Leader Robert Strachan, it interprets the current energy development picture in B.C. as a battle of logic versus political persuasion—with government technical and advisory experts arrayed against the Peace River Power Development Co. and Premier Bennett and his cabinet.

The brief draws its strength from previous statements by the board chairman, Dr. Gordon Shrum, and two technical employees of the government-owned, B.C. Power Commission, planning director P. J. Croft and load development director, Charles W. Nash.

Mr. Strachan said he assumes the latter two reflect the thinking "of at least some members of the commission, which is now under the chairmanship of the eminent Dr. Hugh L. Keenleyside."

The brief proposes:

- Board members, in their first organizational meeting with Premier Bennett Tuesday, must fight for the right to lay down policy on the Peace development;
- The B.C. Power Commission should be given full development and distribution rights for electrical energy in B.C.—including those now held by the B.C. Electric and other private concerns.
- The board should begin immediately on orderly hydro development planning such as was proposed last week by BCPC load director—which sees the first need for Peace power in 1980.

Free Decisions

Mr. Strachan, in announcing he was presenting the 20-page documents to energy board members before their first meeting, told reporters:

"The British Columbia Energy Board which meets tomorrow must be allowed to plan the power development of this province free from the domination of the B.C. Electric Company and the Peace River Power Development Co., working through the provincial government."

It must be allowed to discuss and suggest policy, on the Peace project, he said.

(To date, negotiations with the Peace developers, a company of Wenner-Gren, B.C. Electric and overseas interests have been conducted at cabinet level. By agreement, the company is submitting feasibility reports to the water rights branch this month, and presumes it will begin the Peace project next spring.)

It is felt the terms of reference of the new energy board may not include authority to study and recommend on this project because the negotiations are all but concluded.

Fail in Duty

Mr. Strachan said: "If members of the board allow the premier to restrict them to future power development excluding the Peace, then the public will assume they are failing in their duty . . . the public interest can not be protected unless the B.C. Energy Board is allowed to plan an over-all power policy for the province, as was recommended by the Shrum Commission."

The B.C. Power Commission, which is represented on the board by its chairman, Dr. Keenleyside, has a public duty to detail the effects haphazard development would have on the future cost of electricity, he said.

The CCF leader posed the question asked by CCF founder J. S. Woodworth in the House of Commons in 1923—does a government turn over power resources to the first applicant or regard them as being for public welfare and administer them for that purpose? High cost power slows development and places industry in a non-competitive position. Prosperity depends on cheap power and B.C. must plan for a 9 per cent annual increase in demand until 1975—this is generally agreed, said Mr. Strachan.

No Taxes, Profits

If this demand is met by public development of power, the developing authority would pay no corporation income taxes and no profits to private shareholders.

These two costs meant the consumer in B.C. Electric serviced areas paid $16,000,000 unnecessarily in 1958, the brief showed. Mr. Strachan noted Premier Bennett had recognized the bad effect on consumers in private utility areas when he asked Ottawa recently to cancel corporation taxes on private utilities which would pass the savings back to the consumer.

But he was not willing ". . . to see the $8,000,000 annual profit made by the B.C. Electric Company also returned to the consumer in the form of cheaper electricity."

Referring to customers in B.C. Electric serviced areas, Mr. Strachan said:

"In simple language the consumer is now paying $16,000,000 per year unnecessarily . . . and in any future development of the Peace River by private interests, a similar pattern will emerge . . . the public will have to pay the corporation tax and the profits of the company."

Experts' Views

The orderly development envisaged in the brief, based on B.C. Power Commission estimates, calls for the Homathko, the Clearwater, the Columbia and the Peace River to be developed in that order, with miscellaneous and thermal resources being brought in as demand warrants.

"There is an abundance of of opinion, much of it from experts in the field, which substantiates these opinions," said Mr. Strachan.

He quoted Dr. Shrum, in the report of this year's royal commission on power, recommending the energy board establishment "to control and direct the generation, transmission and distribution of all power in B.C."

"Finally we turn to the public statements made by two senior BCPC officials, which we assume, rightly or wrongly, reflect the thinking of at least some members of the commission, which is now under the chairmanship of the eminent Dr. Hugh Keenleyside," said Mr. Strachan.

Mr. Croft, BCPC planning director, told the British Columbia National Resources Conference recently:

Must Be Orderly

"Above all I am convinced the development . . . must be in a planned and orderly sequence and not haphazard nor depending on pressure exerted by special interests. Sight should not be lost of, and full consideration should be given to, those still-remaining energy sources of reasonable size."

Mr. Croft noted the availability of the Clearwater's 900,000 kilowatts and the 750,000 kilowatts of the Homathko, both close to markets and not dangerous to the fishing industry.

Mr. Nash, BCPC load director, the brief noted, illustrated in Seattle last week, that the need for the Peace scheme was not apparent until 1980. The Clearwater, a tributary of the Fraser, could be delivering energy to the Lower Mainland by 1964.

Summing up on the Clearwater, the Kitimat power surplus potential and the Homathko, Mr. Strachan said:

"The capital requirements of these proposals are comparatively modest and their implementation would ensure the adequate power which will be required before either the Peace of the Columbia can be produced in 1968."

A haphazard development would occur if the Peace was started at the same time as these smaller projects because investment costs, which have to be met by the consumer, would be doubled.

"We will still have to construct the miscellaneous and thermal plants to keep pace with our annual load growth," while the Peace is being developed.

This would mean power costs in the 1960s would climb 60 per cent to about 10 mills while under the orderly development the experts forecast a 6.5 mills level, he said.

A meeting of the Prospect Lake and District Community Association will be held at Prospect Lake School, West Saanich Road, tonight at 8.

HEADING FOR SCORING CROWN

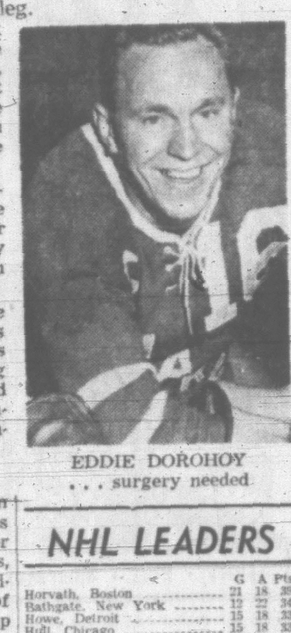
On way to National Football League scoring crown, Paul Hornung, all-purpose halfback of Green Bay Packers drives through for touchdown against 49ers at San Francisco Sunday. Hornung had great day in last game of regular season, scoring 22 points on three touchdowns and four conversions as Packers humbled 49ers, 36-14. Point splurge gave Hornung title with four-point margin over New York kicking ace Pat Summerall, who finished with 90 points.Reaching for Hornung is Ed Henke (75) of 49ers. Jerry Mertens slips by would-be blocker Gary Knafele but couldn't stop touchdown drive.

Dorohoy Fractures Leg As Canucks Clip Totems

All-Time WHL Point King Probably Out for Season

First man in the Western Hockey League to score 800 points; second in the league scoring race this season; the highest scorer for the league-leading Vancouver Canucks; now a fractured leg.

Veteran centre and Canuck captain Eddie Dorohoy, on the road to another great season, hit bad fortune Sunday night when he suffered a fracture above the right ankle early in the first period against Seattle Totems.



EDDIE DOROHOY
. . . surgery needed

Officials at Seattle's Providence Hospital said today the former Victoria Cougar star underwent surgery Sunday night and had the broken bones pinned together.

Chances of Dorohoy—whose 11-year-professional career has ranged between five leagues and seven clubs — returning this season are considered slight. But Canucks demonstrated they can operate without him if necessary.

LINEMATES HIT BACK

Fired by the incident, in which Totem defenceman Les Hunt drew a minor penalty for charging Dorohoy's linemates, Colin Kilburn and Danny Belisle, took personal charge of the scoring and wound up with two goals each to give Canucks a 5-3 win.

Vancouver edged Spokane Comets 3-2 Saturday and Calgary Stampeders, hottest club on the Prairies, whipped Winnipeg Warriors 6-2 in front of 4,219 fans.

The league is idle tonight, with Winnipeg at Calgary and Seattle at Vancouver Tuesday.

TOUGH ROAD TRIP

Vancouver's two wins rounded out a rugged 15-day eight-game road trip in which they picked up 11 points and became the only WHL club with an above-500 record for away games.

Canucks have 47 points, 14 more than second-place Victoria and Seattle. Calgary holds fourth spot, Edmonton fifth and Winnipeg is two points above last-place Spokane.

Vancouver and Seattle were tied 1-1 when Dorohoy was injured on a power play with Totems a man short. Canucks hit back in the second with Kilburn scoring his first and Belisle a pair. Ron Hutchinson added the fifth for Vancouver.

Gerry Goyer, Rudy Filion and Bill MacFarland shared the Seattle scoring.

Goals by Dave Duke, Orland Kurtenbach and a third-period tally by Bruce Carmichael gave Vancouver its Saturday night win over Spokane. Totems replied with singletons from Al Johnson and Alex Kuzma.

USE SUB GOALIE

Spokane used Seth Martin of Trail Smoke Eaters as a sub for regular goalie Emile Francis, who suffered a shoulder separation Friday night in a game against Seattle. Martin had little chance on the three goals scored against him.

Terry Gray sparked the Calgary offensive against Winnipeg, scoring two goals. A recent addition to Stamps, Gray played last year with Rochester Americans of the American Hockey League and Montreal Royals of the old Quebec Hockey League.

Jackie McLeod, Sid Finney, Lou Jankowski and Murray Wilkie scored the others for Stamps while Gord Redahl and Red Johansen scored for Winnipeg.

SPORTS

DOUG PEDEN, Sports Editor

HAWORTH LINE SHINES

Don't Ignore Team Effort

Seattle 1, Cougars 4

By **ERNIE FEDORUK**

". . . Very pleased . . . a decisive win in every way."

That was Cougar coach Hal Laycoe's comments on Victoria's 4-1 conquest of Seattle Totems in Memorial Arena Saturday night.

There wasn't much else he could say because anything but a satisfying comment might have drawn strange looks from the bystanders who saw it all.

The game that put Cougars back into second place in the Western Hockey League was one of their best performances of the season.

The Gord Haworth-George Ford-Arlo Goodwin line accounted for all Victoria goals and, as great as they were, it would be rather unfair to suggest that this trio alone was responsible.

To send all dues their way and to ignore a solid team effort would be an injustice.

Haworth scored twice and made the plays for goals by Goodwin and Ford as the Cats rejoined Totems in second place. They got the goals, but it was an old hockey formula—hard skating—that made it convincing.

MISSED SHUTOUT

There were few chinks in Cougars' armor. If there were any disappointments for the crowd of 2,842, one of them might have been the fact that goalie Marcel Pelletier missed securing a second straight shutout.

The goal that beat him, by centre Gerry Goyer, was scored despite a proper move on the part of the Victoria defenceman covering the sophomore Seattle forward. The Cougar defenceman rode him off to the side, cutting the angle, but Goyer's sudden shot fooled Marcel.

Pelletier was unfortunate in not getting his shutout. On the strength of some fine saves on his part, plus outstanding support from the men in front of him, it could be said he deserved one.

DEFENCE IN FORM

The defence, aided by the fierce, two-way performance of the forwards, was in fine form. Jack Bionda, Ron Matthews, Pete Wright and Jim Hay all came up with smart plays to make life comparatively comfortable for Pelletier.

Marcel was called upon to make only 21 saves, including four particularly fine ones on Goyer, Guyle Fielder, Bill Davidson and Gerry Leonard. Goyer missed another chance early in the first period when another angled shot beat Pelletier but bounced off a post behind the Cougar goalie.

Seattle's Bev Bentley was in rare form, as usual, in making 33 stops. He lacked the support afforded Pelletier, but did come up with some "dandies" in beating Ford twice in the early going, Matthews, Art Jones, Doug Macauley, Doug Anderson and Gord Fashoway, twice.

It was a surprisingly clean affair with only four penalties called, two to each club. The minors had no effect on the scoring.

Johnny Writes Ticket to Final

NEW YORK (AP) — Johnny Unitas, Baltimore's man with a golden arm, has pitched the defending National Football League champion Colts to their second consecutive Western Conference title with one of his gilt-edged performances.

The cunning 26-year-old quarterback rallied the trailing Colts for a 21-point blitz in the final quarter Saturday to carry them to a 45-26 victory over Los Angeles Rams and into the NFL championship game against New York Giants, December 27, at Baltimore.

Losers of seven straight and playing their last game under coach Sid Gillman, Rams led 26-24 in the fourth quarter with 65.528 partisan fans in Los Angeles Coliseum cheering their every move. And, with Colts' running fullback Alan Ameche sidelined with injuries, the Rams defenders were anticipating an aerial attack.

THIRD PAYOFF

Despite this, Unitas calmly reared back, spotted rookie Jerry Richardson and fired a nine-yard touchdown pass to put the Colts out front to stay. It was Unitas' third scoring heave of the game, giving him 32 for the season. He also extended to 37 straight his streak of at least one touchdown pass a game. Both are NFL records.

The Eastern Division champion Giants, who will be seeking to avenge a 23-17 sudden death loss to Baltimore in the championship game last year, warmed up Sunday by defeating the Washington Redskins, 24-10.

Cleveland Browns wound up tied for second place in the Eastern Division with Philadelphia by whipping the Eagles 28-21. The runner-up spot in the West went to Chicago Bears, who ran their winning streak to seven games—longest this season—by beating Detroit Lions, 25-14.

PACKERS WIN AGAIN

Green Bay Packers won their fourth straight, defeating San Francisco 36-14 to tie '49ers for third place in the West. Pittsburgh Steelers downed Chicago Cardinals, 35-20 in the other game of the windup program.

Paul Hornung scored 22 points on three short scoring bursts and four conversions and Bart Starr passed for two touchdowns in Packers' triumph over '49ers. Hornung won the scoring title with 94 points. Green Bay thus capped a successful campaign under new coach Vince Lombardi, compiling its first winning record since 1947.

Charlie Conerly fired two touchdown tosses against the Redskins and Frank Gifford set a club rushing record as the Giants became the first eastern team to win 10 games since Cleveland did it in 1953. Gifford gained 84 yards for a career mark of 3,347.

U.S. Ski Ace Fractures Leg

ASPEN, Colo. (AP) — Wallace "Buddy" Werner, 23, top performer of the United States ski team, fractured his right leg in slalom practice Saturday.

This was a stunning blow to U.S. hopes in the winter Olympics at Squaw Valley, Calif., next February. A doctor said Werner probably can't resume skiing for three months.

The mishap was on the Buckhorn slalom run on Ajax Mountain at the south edge of Aspen.

Labs Improve Without John

VANCOUVER (CP) — Labatts moved back into first place in the Pacific Coast Soccer League Sunday defeating Columbus 7-6 in a free-wheeling game before more than 1,000 fans.

Labatts, who were three goals behind in the first half, moved ahead quickly in the second half and scored the winner in the dying seconds of the game.

The loss snapped Columbus' three-game win streak and eliminated them from contention for league honors.

Labatts played the second half with only 10 men when John Woods was thrown out for a series of fouls.

Cumberland Club Skips Hoop Date

Action in the newly formed Senior Vancouver Island Inter-City League failed to materialize Saturday night when the Cumberland team didn't turn up for a scheduled game with Halfway House at Mount View High School.

Halfways have now won two straight games in the five-team league, which started Nov. 27.

In the only game played, Navy came back strongly after a first-half deficit of six points to edge Royal Roads 46-43. Al Coppin of Royal Roads topped all scorers with 24 points.

Neil's Century Sparks Aussies

NEW DELHI (Reuters)—A brilliant century by Neil Harvey and a fourth-wicket stand with Ken Mackay of 132 runs in 97 minutes gave Australia a firm grip on the first cricket test match against India Sunday.

After two days of play, the Australians led by 158 runs with six first-innings wickets standing. They had scored 293 for 4 in reply to India's modest total of 135.

Black Forest Man Takes Judo Crown

WINNIPEG (CP) — Experience paid off at the first all-Canadian judo championships here Saturday night as champion Fred Matt, of Vancouver, and runner-up Rene Lalonde, of Montreal, were named to represent Canada at the world matches in Tokyo next April.

Matt, 22, and Lalonde, 29, were among the top three ranking judo experts in the one-day, 15-man competition before 1,700 persons at the University of Manitoba field house. Both hold third-dan (degree) black belts.

Matt, who came to Canada from the Black Forest, Germany, only 3½ years ago, proved he was a worthy champion as he won all five of his matches, with two of his triumphs over Lalonde.

The scheduled seven-minute final ended at three minutes and 40 seconds as Lalonde submitted to a choke. Minutes earlier in the speedy final, Lalonde had broken two ground holds by Matt, who had taken him to the floor with stomach throws.

In their first preliminary meeting, Matt scored on two cleancut stomach takedowns to win.

FRANCE IN COMMAND

PARIS (AP) — France defeated Austria 5-2 Sunday in the first quarter-final match of the European Cup club soccer championships.

Long Vacation Ends For Sometimes Champ

BOSON (AP) — Sugar Ray Robinson, the dapper dancing master from the sidewalks of New York, tonight is scheduled to put his fistic wares on display for the first time in 20 months.

Robinson, a sometimes champion of the world—or parts of it—hasn't fought since he regained his world middleweight title his fifth from Carmen Basilio March 25, 1958.

Since then most of his action has been before the National Boxing Association. The powerful group stripped Ray of his title for inactivity, but he is still regarded as the world champion in New York and Massachusetts.

Tonight, he will take on Bob Young, the New England light-heavyweight champion from Providence, R.I., in an overweight, non-title 10-round bout.

That one is considered a tuneup for the aging Robinson before he defends his version of the championship against Paul Pender, a fireman from Brookine, Mass., in Boston Jan. 22.

AS A LOSER, LOS ANGELES DIDN'T SUFFER

LOS ANGELES (AP) — Los Angeles Rams failed to win a single game of their six home contests but they averaged 74,079 fans a game in the Coliseum.

The figure was below the average of 83,680 a game last season and the total of 444,476 was below the 1958 figure of 502,084.

A crowd of 65,528 watched Baltimore Colts defeat the Rams 45-26 in the final game of the season for teh clubs Saturday.

Boot Business Good for Scots

While the Victoria and District Football League spotlight has been shining on the battle Evcoes and Ladysmith are waging for first-place Canadian Scottish has been quietly going about the business of winning soccer games.

The Scots continued to perform their chores neatly Sunday and today are running only one point behind the co-leaders.

Ladysmith was the Scottish victim Sunday, going down to a 5-0 defeat at Beacon Hill to remain in a first-place deadlock with Evcoes.

Quicker on the ball than the up-Islanders, the Scots seldom allowed their rivals time to set up cohesive attacks and kept up a steady barrage at substitute goalkeeper Charlie Fry. Regular Ladysmith keeper, Dick Carmichael, was sitting out a suspension.

THREE FOR MOSSIE

Two goals by Bill Mossie and a single tally by Don Jones boosted Scottish into a 3-0 lead at the intermission and Mossie and Jones each added another goal in the second half.

In the only other match played Sunday, Saanich Thistles edged Kickers 3-2 at Reynolds Road. Goals by Tom Rimmer, Ken Barnes and Leroy Bond spelled defeat for Kickers, who got goals from Dick Nellestijn and Alf Ienke.

Evcoes pulled back into a first-place deadlock Saturday by drubbing cellar-dwelling Navy 8-0 at Beacon Hill.

The thumping was administered behind the tricky dribbling of George Paul, who scored five times against the hapless Tars, who have lost all their 10 games and only scored four goals the entire season.

At the start it appeared as if Navy was going to break loose. The sailors controlled play for 20 minutes and Tom Sloan hit the crossbar twice.

The league will take three weeks off for the Christmas season and Jackson Cup Play and officials said that three games postponed during the first half of the season, including two Sunday, will be played at the conclusion of the season in late April.

Standings:

Cloverleafs Clip Alberni Athletics

ALBERNI CP) — Vancouver Cloverleafs moved from behind in the last quarter Saturday to defeat Alberni Athletics, 77-69, in an inter-city basketball league game here.

Vancouver was sparked by veteran guard Chuck Dean with 24 points. John Kootnekoff was Alberni's top man with 20.

ARGENTINE KAYOES CHAMPION

JORDAN SAYS BASILIO'S FIRST

What's What in Welter World Now?

NEW YORK (UPI) — Frederick Thompson's sensational fourth-round non-title knockout over champion Don Jordan at Buenos Aires Saturday night had the following repercussions in the welterweight world today:

—Thompson, 32-year-old, champion of Argentina, demanded a shot at Jordan's 147-pound crown, and manager Tito Lectoure is appealing to the National Boxing Association to arrange the fight.

—Jordan of Los Angeles, who suffered his first kayo, says he's committed to a January defence against Carmen Basilio, and "naturally Thompson will have to wait for a while."

—Basilio, ex-welterweight and middleweight champion, announced at his home in Chittenango, N.Y., "I'm going to fight again instead of retiring," and said he would campaign for either the welter (147-pound) title or the middleweight (160-pound) crown, depending upon the best offer. He denied he was committed to a Jordan fight.

—Matchmaker Teddy Brenner of Madison Square Garden offered slugger Thompson of Argentina a TV fight at the Garden on Feb. 12. His opponent would be the winner of next Friday night's bout between top welterweight contender Charley Scott of Philadelphia and unranked but dangerous Benny Kid Paret of Cuba.

Jordan, on a South American boxing tour, tangled with Panama-born Thompson before 20,000 in Luna Park at Buenos Aires, Saturday night. Thompson, a fleet-footed, in-and-out counter-puncher took command in the third round. He gave Don a severe battering in that session.

The Argentine dynamiter continued to batter Jordan and knocked him out at 1:20 of the fourth round. Never before had 25-year-old Jordan failed to last the distance. Thompson weighed 149½ pounds; Jordan 150½.

At Buenos Aires, Jordan said said today, "I have no excuses. He beat me in a fair fight. He'd be a sensation in New York."

Although the gross gate was an excellent $16,205, the promoters claimed they lost money because of the $12,500 guarantee to Jordan. The lanky Los Angeles champion said he would return to Buenos Aires "after the Basilio defence" and give Thompson "another non-title bout," if it would help the promoters.

The NBA ruled Saturday that Jordan has until Jan. 15 to sign against one of the four top contenders. Basilio is not among them.

Basilio, 32, had been considering retirement because of his dissatisfaction with being knocked out by Gene Fullmer in the 14th round of their fight for the vacant NBA middleweight crown. It was the first time Carmen had been stopped.

Meanwhile, the press in Argentina hailed Thompson as "the unofficial welterweight champion of the world."

INJURY LIST GROWS LARGER

Mask's the Thing Around NHL Now

The goalie's mask apparently is here to stay in the National Hockey League.

Jacques Plante of Montreal Canadiens introduced the protective device last month. Don Simmons of Boston Bruins used a similar mask for the first time in a regulation game Sunday night, and the New York Rangers have ordered one for goalie Marcel Paille.

Simmons' mask appeared to hamper him twice as the Rangers downed the Bruins 4-3, at Madison Square Garden. He lost sight of the puck momentarily after stopping a long shot by New York defenceman Bill Gadsby in the first period and Dean Prentice swooped in to rap in the rebound for his second goal of the game.

GOOD SHOT

In the second period, Andy Bathgate whipped in a backhander while standing with his back to the cage at the left side of the crease. Simmons admitted he didn't see Bathgate's shot but general manager Lynn Patrick absolved his goalie on this one, pointing out "it was a clever shot that no goalie could have stopped."

Simmons revealed he had worn the mask only twice previously in practice sessions, "so maybe I'm not used to it yet." He also was a little rusty, inasmuch as it was his first game in the Boston cage since Nov. 12.

Bathgate's goal gave the Rangers a 3-1 lead but Boston tied the score on shots by Charlie Burns and Doug Mohns before rookie Ken Schinkel rapped in the winner for New York late in the second period. Larry Leach scored Boston's first goal.

RANGERS ON MARCH

It was the Rangers' fourth victory in their last five games and left them only five points back of the fourth-place Bruins, who now have won only two of their last 15 outings.

Bruins were without Bronco Horvath, the league's top scorer, Fleming Mackell, captain Fern Flaman and Don Ward, all out with injuries.

Detroit Red Wings came from behind twice to down the Toronto Maple Leafs, 4-2, and Chicago Black Hawks battled Montreal to a 4-4 standoff in Sunday's other games.

Red Wings, who knocked off Montreal, 3-2, Saturday night, now trail the pace-setting Canadiens by only six points.

Leafs lost a big gun when Bert Olmstead came out with torn knee ligaments.

At Chicago, Canadiens lost defenceman Bob Turner. Exact extent of Turner's injuries was not known.

Breakdown Was Part Of Brabham Strategy

SEBRING, Fla (AP) — Record-shattering speed played no part in the strategy that won the world's road racing championship for Jack Brabham, the good-looking daredevil auto driver from Australia.

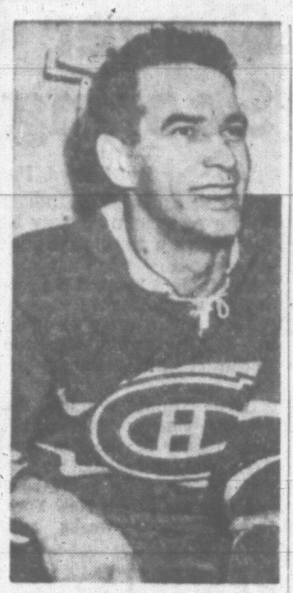
"We decided to let Stirling Moss set the pace and see if he would break his car down," the 33-year-old driver said after wrapping up the world title Saturday with a fourth-place finish behind winner Bruce McLaren of New Zealand in the Grand Prix of the United States.

Moss, victim of a long breakdown jinx, did just that. The transmission on the Briton's Cooper-Climax gave out only 30 miles after the start.

As it turned out, Brabham's R.R.C. Walker Cooper-Climax didn't finish under its own power either. As the cars rounded the last turn, Brabham, with a leaking fuel line, ran out of gas. McLaren, lightly regarded in the field of 18 starters, came on to win as the Australian got out and pushed his car a half-mile to reach the finish line in time for fourth place.

After Moss went out, only Tony Brooks of England had an outside chance to overtake Brabham for the world title. He needed to win the race and gain an extra point for the fastest lap.

But the R.R.C. Walker Cooper-Climax racing team handled Brooks, a Ferrari driver, rather easily.



SIDELINED for at least one month, Toronto winger Bert Olmstead, workhorse on Maple Leafs' top scoring line with nine goals and 11 assists, suffered torn ligaments in left knee during Sunday night's NHL game at Detroit.

McColl Didn't Need It

The fat cushion Bill McColl carried out to Victoria Golf Club, Sunday, might have been handy, but it wasn't needed.

The veteran Colwood swinger was never threatened for the aggregate lead as he captured the fall monthly medal series with a 54-hole score of 211.

McColl scored a 70 Sunday to go with earlier rounds of 72 and 69 in topping the field. Runnerup in the aggregate race was Uplands' Frank Scroggs with 216.

McColl led Gorge Vale's John Merriman by five strokes going into Sunday's round. That 211 total, incidentally, is the second-best mark ever compiled in the matches. Only Bob Fleming, former Gorge Vale golfer, has turned in three better rounds.

Merriman blew to a 75 Sunday to finish 10 strokes behind.

Ron MacLeod, of Oak Bay, captured Sunday's medal honors with a nifty, three-under-par 66. MacLeod, who took a balloon-like 78 last month at Uplands, finished with 218. Scroggs had a 69 Sunday.

McColl and Ken Lawson, of Uplands, tied for the low net, 68.

WELTERS FEATURED

NEW YORK (AP) — Irish Eddie Jordan, unbeaten New York welterweight, and Walt Byars of Boston, have been signed for a 10-round bout on the Dec. 18 boxing card at Madison Square Garden.

CURLING LEADERS ROLL ALONG

Jim's Staying Close

Jim Dickson is ready to step up whenever one of the four leaders falters in the Victoria Curling Club's Consols playdowns.

The 10-rink, round-robin competition takes on a two-division look today as a result of Sunday's games.

Dickson kept his rink close on the leaders' heels by defeating Bob McIntosh Sunday. That gives Dickson, former Vancouver curler who once appeared in the Canadian finals as a second, a 3-2 won-lost record.

The leaders in the race for four berths in the Vancouver Island's south zone playoffs are Gar Taylor, Steve Hayhurst, Larry Marshall and defending champion Tony Gutoski.

Gutoski handed Wes Young his third setback, while Taylor clipped Gordie Moore's rink to mark up his fifth straight victory. Marshall boosted his record to 4-1 by defeating winless Jack Craig.

Hayhurst, the only unbeaten skip along with Taylor, was idle Sunday.

How they stand:

	P	W	L
Gar Taylor	5	5	0
Steve Hayhurst	4	4	0
Larry Marshall	5	4	1
Tony Gutoski	4	3	1
Jim Dickson	5	3	2
Wes Young	4	1	3
Gordie Moore	4	1	3
Gerry Walls	4	1	3
Bob McIntosh	5	1	4
Jack Craig	6	0	6

Oarsmen Sure Of Top Berth

The pre-Christmas Victoria Rugby Union schedule came to an end Saturday leaving JBAA in undisputed possession of first place.

The powerful oarsmen kept their unbeaten skein intact by edging second place Oak Bay Reds 6-3 and now are four points ahead of Reds with a game in hand.

In a morning game at Royal Roads, one of the few city pitches in good condition, the cadets swamped Navy 35-3 to move into fourth place.

It was a crucial game for the Reds, who were shooting for a win which would have tied them with the Bays.

Ray Ramsay scored an unconverted try for the Oarsmen and Leroy Bond kicked a penalty goal. Three other penalty goals were attempted and missed.

REDS PRESS

Pete Clark of the Reds crossed the JBAA line with 15 minutes to go and the fired up Reds pressed steadily the rest of the way.

It was only the third time this season the JBAA line had been crossed.

Sparkling three-quarter line play by Royal Roads played the major part in the victory over a Navy side that held the cadets in the scrums but failed to contain the smooth-working backs.

HUTCHINSON STARS

Wayne Hutchinson stood out for the winners as he scored two tries and converted four. His efforts gave him 45 points for the season, four less than the total of Don Burgess, who amassed 49 in four games before receiving an injury.

Jack Prosser scored three tries and Ray Lawson, Glen Allen and Jim Gervais each scored one for Roads. Eric Saddler carried over for the Navy try.

League officials announced that special games will be played Saturday and Dec. 26, with a full lineup in two divisions starting Jan. 10.

FINAL STANDINGS

	P	W	L	T	F	A	Pts.
James Bay	8	8	0	0	111	23	16
OB Reds	9	6	3	0	123	77	12

Navy	9	1	7	1	49	210	3

Promoter Likes Big Bout Chances

LONDON (AP) — British promoter Jack Solomons flew back from Sweden Friday confident he will be able to stage a fight between heavyweight champion Ingemar Johansson and Briton's Henry Cooper in London next May 31.

"The prospects are very, very good indeed," said Solomons. He consulted with Johansson and the champ's adviser, Edwin Ahlquist, at Goteborg.

"Johansson said he likes to fight in England and when he fights in England, he likes to fight for me. And he wants to fight shortly," said Solomons. "My box-office manager is preparing tickets, if that's any guide."

Johansson knocked out Cooper in the fifth round at Stockholm 2½ years ago.

Memo To. . . .

(and Boy Friends)

Are you in the midst of the annual frantic search for a Christmas present for YOUR FAIR LADY?

Then let me suggest that this year you surprise her with one she'll appreciate (and love you for) now and for many years to come.

I'm talking about RELAX-A-CIZOR, the marvellous home muscle-toning beauty device that makes it so easy for her to keep (or regain) the face and figure that she desires and you admire.

Believe me, you'll thrill her with the answer to every woman's endless battle against bulging, sagging and drooping contours. After all, it's for YOU that she wants to be trim, firm and lovely.

And who knows? Before long you may be borrowing some of her equipment to hold the line around your own chin and waistline!

Why not give me a call at EVergreen 5-0624 and let me tell you all about it? Then we can arrange to get together at a convenient time and place so that I can help you choose the model and equipment that will be just right for her.

I'll keep it all confidential, of course, and I'll be delighted to look after all the details of packaging and delivering your gift of a lifetime to HER.

Do let me hear from you soon.

Cordially,
Ruth Morey

TIME OUT! By JEFF KEATE

"Like I said, it's a fast little job—but doesn't corner too well!"

Glover Cracks Scoring Mark

By United Press International

The Springfield Indians look like the team to beat in the American Hockey League pennant race, now that they have a top-notch goalie to back up their powerful offense.

The Indians blanked the second-place Providence Reds, 4-0, Sunday night, after chalking up a 5-3 victory over the Rochester Americans Saturday.

Lorne "Gump" Worsley, the Indians' chunky little goalie, turned aside 22 shots in Sunday's game to register his second shutout since being sent down by the parent New York Rangers three weeks ago.

Bruce Cline, Kent Douglas, Harry Pidhirny and Parker Macdonald took care of the scoring for the pace-setting Indians, who now hold a six-point lead over Providence.

BEARS BOPPED

In other Sunday AHL games, the Buffalo Bisons downed the Hershey Bears, 5-2, and the Rochester Americans scored in every period to thrash the hapless Quebec Aces, 8-3.

At Cleveland Saturday night, veteran forward Freddie Glover, of the Cleveland Barons, established a new all-time American Hockey League scoring record when he bagged a goal and two assists in the Barons' 8-3 triumph over Buffalo. The 31-year-old Glover, who began his AHL career with the now defunct Indianapolis franchise in the 1948-49 season, has a total of 745 points, including 314 goals. The old mark of 744 was held by a former Cleveland player, Fred Thurier.

ARGONAUT CATCH

TORONTO (UPI)—The Big Four Football Union Toronto Argonauts have signed Jim Andreotti, a centre and linebacker from Northwestern Wildcats, as the first 1959 all-American on their next year's lineup.

RACING RESULTS

Legion Lads Learn; Take First in Nine

Newcomer to the Lower Island Junior and Juvenile Soccer Association this season, Salt Spring Legion 92 division four team registered it's first win in nine starts Sunday, edging Hampton Eagles 2-1.

Showing the benefits of a few games under their belts, the Legion forwards pressed continually while an alert defence broke up Eagle attacks.

In other Sunday games third division Britannia Legion stepped up a couple of notches to swamp Central Flyers of division two 6-0 and, in division two play, Victoria Optimists clipped Colwood Pharmacy 2-1.

Weekend results:

SUNDAY

DIVISION I

Heaneys—Al Boden 3, Bruce Pollard 2, Alan Dand, Alan Holgate. Total 7. Island Tug 0.

DIVISION II

Britannia Legion—Paul Bion 2, Bob Moysey 2, Russell Ball, Gordy Strongman. Total 6. Central Flyers 0.

Victoria Optimists — Jim Ackinclose, John Rostron. Total 2. Colwood Pharmacy—Harvey Chipper. Total 1.

DIVISION IV

Saltspring Legion 2, Hampton Eagles 1.

SATURDAY

DIVISION VII

Majestic Royals 0; Esquimalt Legion 0; Oak Bay Optimists—Martin Smith 3, Bobby Belcher 2, Bruce Tregellas, David Fish. Total 7; Heywood—Bobby Allen, Greg Schroeder. Total 2; ANAF Vets—Jack Harper. Total 1; Britannia Legion—Stephen Kendall. Total 1; Evening Optimists—John Leier. Total 1. Hampton Gorgeway—Archie Byatt. Total 1.

DIVISION VI

Saanich Employees—Jerry Punt. Total 1; Esquimalt Athletic Club 0; Evening Optimists — Drew Schroeder 7, Gerald Harvey 4, Bob Montgomery, Dennis Nolan. Total 12; Deep Cove—Ian Stewart, J. Barclay. Total 2; Central Comets—Alf Williams, Paul Louie. Total 2; Lansdowne Eagles—Dave Henry. Total 1; Victoria Optimists—Harry Ruetenbeek 3, Dennis Somner 2, Bruce Ackinclose, Jerry Horne, Bill Cool. Total 8; Gyros 0.

DIVISION IV

Oak Bay Optimists—Bobby Moffatt. Total 1; MacNutts 0; Esquimalt Lions—Wayne Lundgren, Murray Wolfe. Total 2; Lansdowne Thistles 0; Reynolds Eagles 0; Langford PE 91 0.

Champ Awkward, Win Unpopular

NOGALES, Mex. (AP)—Fast-punching world bantamweight boxing champion Jose Becerra of Guadalajara, Mex., Sunday won a roundly booed 10-round decision over Frank Duran of Austin, Tex.

A crowd estimated at 6,500 jeered the unanimous decision for several minutes after the fight because Duran, at times, made the champion look awkward. The referee and two judges, however, favored the champion.

ACROSS THE PROVINCE

'Big Squeeze' Hits Hospital

(Compiled from CP)

KAMLOOPS — Overcrowding conditions at Royal Inland hospital here became critical over the weekend when five persons were admitted following a car-truck accident.

"We are really having a bad time. This accident has made it necessary to squeeze patients into wards instead of leaving enough room for nurses and staff to do their work," said hospital administrator J. M. Morrison.

He said wards are so full that a Williams Lake man whose lower limbs are paralyzed with polio cannot be admitted until Sunday morning.

A similar situation developed at the hospital last month and doctors sent patients home early to make room for new patients.

A hospital supervisor said two extra beds were put in the surgical ward and the three other accident cases were placed in the medical section.

"We have only one more bed in the hospital and it's in the basement," she said.

HIGHWAY FIRST

VANCOUVER — Transport Minister Wicks said Sunday British Columbia cannot consider reciprocal trucking agreements with other provinces until the Trans-Canada Highway is completed.

But, the minister added, although B.C. will be in a position to consider the question at that date "our historical position has been to oppose them."

"It would take a lot of consideration on our part before any decision could be made," added Mr. Wicks.

He was commenting on complaints by Alberta Highways Minister Gordon Taylor Saturday that other provinces had rejected Alberta's offers of licence reciprocity and were turning Canada "into 10 Balkan states instead of the Canadian nation."

Reciprocity between provinces would allow trucks to travel freely over highways across the country without special fees or licences being levelled by each government.

CRASH KILLS TWO

CRANBROOK — A husband and wife were killed in a head-on motor vehicle collision near here Saturday.

Police identified the victims as Raymond Monesmith, 74, and his wife, Lillian, 65, of Eluo, 40 miles east of here.

The car in which they were riding collided with a vehicle driven by Harold Holmes, 51. Mr. Holmes was in serious condition in hospital here.

Police said a light snowfall fell in the area but it melted, leaving the highways covered with "black ice."

"Black ice" is a thin, dangerous layer of almost invisible ice which forms on black-topped roads.

BRIDGE OPENED

TRAIL — Premier Bennett Saturday officially started construction of a new four-lane bridge across the Columbia River here.

He said the bridge is part of a $42,000,000 highway program the government plans for the Kootenays.

The bridge will be toll-free.

U.S. Soprano Dies

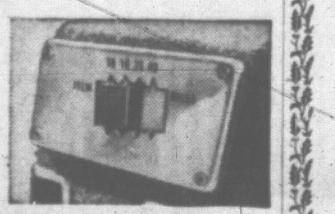
RIVERSIDE, Calif. (AP)—Marcella Craft, in her late 70s, one of the first American singers to achieve great success in Europe, died Saturday. Miss Craft, a soprano, went to Europe before the First World War and became a favorite of Kaiser Wilhelm of Germany, who gave her the title "kammersanger" (singer of the court).

Newest Bell & Howell Camera—Simplifies Movie Photography

With the dramatic new Bell & Howell 393E 8mm Movie Camera . . . now *you* can take perfect colour movies every time! It's a "snap"—you might say! Shoot far far away scenes with a simple turn of the turret to the sharp 2½X telephoto lens. Another simple turn—and dial in the 6.5 wide-angle lens to take magnificent "big scene" shots. Or take favourite simple shots with the fast f1.8 standard lens. *This* camera has them *all* . . . and much *more!*

The exclusive Bell & Howell "ELECTRIC EYE"—on the "393E" that sets the lenses *automatically*. Nothing to adjust. No squinting at tiny numbers. The "Electric Eye"—more accurate than even an expert's guess—under any light conditions, indoors, or out.

And now the sensational New Film Speed Control is on all Bell & Howell "Electric Eye" cameras with light readings from ASA 10 to 40. All new "Electric Eye" cameras have built-in Type A filters.



Now's the time to get ready to capture every exciting winter scene—in full, vivid colour and in action. See the only movie cameras with all the above "look ahead" features—and many more. Outstanding Bell & Howell "Electric Eye" cameras—priced from just $99.95*—sold at better photographic dealers' everywhere.

15,500 DEER KILLED ON ISLAND; DOWN 10%

NANAIMO — Game officials estimate 15,500 deer were killed on Vancouver Island during the 1959 hunting season.

The total is down 10 per cent from last year.

BY AYRSHIRE CLUB

4th Term Given Fairbridge Man

(From Duncan Bureau)

Archie Stevenson, Fairbridge, was elected Saturday to his fourth term as president of the Vancouver Island Ayshire Club.

C. J. Reimer, Sidney, is vice-president, and Len Phillips, Cowichan Station, secretary. Directors are Steven Dougan, Cobble Hill; Alec Sim, Comox; Rex Kendrew, Sooke; and J. L. Saville, Cobble Hill.

The election was held during the 13th annual meeting of the club at the Tzouhalem Hotel in Duncan.

Mr. Stevenson was awarded the Joanna Stevenson trophy for having the highest producing Aryshire cow on Vancouver Island. She is his Oakridge Royal Jo, a two-year-old which gave 171 per cent of her breed class average.

SEAL TO MORTON

A gold seal lifetime production certificate was presented to Don Morton, Duncan, for a nine-lactation record of 105,000 pounds of milk, and a silver seal certificate went to Ray Courchene, Cowichan Station.

Ayrshire breeders expressed satisfaction at the increase in average production of their breed on Vancouver Island. Since last year 88 Ayrshire cows had given more than 120 per cent of breed class average. This was an increase of 19 per cent over 1958, and an increase of 44 over 1957.

GOLD WATCH

Betty-Ann Saville was presented with the T. Eaton prize gold watch for showing the best dairy calf at Saanichton Fair. Raymond Reimer received the Haughland shield for the best fitted and shown calf. Bonnie Reimer won the highest project score award in the Ayrshire 4-H Club.

Special guests were John Paton, Ladner, director for B.C. of the Canadian Ayrshire Association, and Thomas MacBlain, Langley, who addressed the club on his recent trip to Highland shows in Scotland.

Dog Training Starts Jan. 13

CHEMAINUS — The newly-formed Mount Brenton Dog Obedience Club will start training classes for beginners Jan. 13 with Frank Mosher as trainer and Mrs. Margaret Best and Mrs. Rudi Gast as assistants.

Officers are Rudi Gast, Chemainus, president; Al Best, Crofton, vice-president; Alex Thomson, Saltair, treasurer; Mrs. A. M. McHemer, Duncan, secretary; Mrs. June Mosher, Ladysmith, trial secretary. John Walker, Westholme, will be club veterinarian.

MOST UNUSUAL FAMILY in Nanaimo area this season is at farm of George Walker, south Wellington, where Minnie, a six-year-old grade Holstein cow, is looking after newborn triplets. The single heifer eventually will join her mother on the dairy farm, but her two brothers most likely will wind up shortly as veal. (Agnes Flett photo)

SCRATCH PADS ANYBODY?

Morris Elected in Light Vote

A total of 92 voters out of an eligible 1,000-plus went to the polls Saturday to elect a trustee to the board of Sooke School District 62.

Douglas R. Morris was the winner over Leonard S. Adcock, 48-44.

There were 82 votes cast at Sooke, eight at Shirley, two in East Sooke, and one at Jordan River—that of the poll clerk. One ballot was spoiled.

L. W. Wheeldon, school board secretary, said he had had 1,000 ballots printed, and that the school board office is well fixed for scratch pads.

Elected by acclamation were John Williams and F. H. Boulter and the minister of education will appoint a trustee from Port Renfrew, where there was no nominee. Members with a year to serve are Ronald Weir, chairman, and Trustees Mrs. Isabelle Reader and Don Roberts.

'Immigration Defeats Winter Work Program

(From Duncan Bureau)

The federal government is defeating its winter work program by allowing workers to come into the country during depressed periods of employment, it was charged at a regular meeting of the Cowichan Winter Work Committee.

P. F. Enright, representing the United Brotherhood of Carpenters, showed the committee advertisements from British newspapers that stated Canada needs many skilled tradesmen.

The advertisements had been inserted by private companies and one advertisement in a Victoria paper quoted a representative of the Canadian government, Mr. Enright said.

CARPENTERS

The articles were appealing to British immigrants to come to Canada because of a shortage of many types of workers, including carpenters.

The committee agreed there should be clarification of the immigration department policy of bringing people into the country, and will ask the regional employment committee to find out how many immigrants came to Canada as a result of representations by Canadian employers, employers' associations and the federal government.

FOR LAKE ROAD

B.C. Asked To Buy Land Strip

Cowichan Fish and Game Association, as part of its 30-year fight for a public access road to Dougan's Lake, will ask the highways department to buy a strip of land through private property on the north side of the lake for a road.

The existing road to the popular little lake, six miles south of Duncan, is on Indian land.

Club members have also expressed concern at the lack of public access to Cowichan River. Letters will be sent to the recreation and conservation and highways departments asking if some little-used roads along the river can be opened to sportsmen.

Game club members shot 128 deer in the Shawnigan area this year, including 89 bucks, 21 does and 18 fawns. A total of 771 hunters was checked through the area during the season.

Tests Negative

(From Duncan Bureau)

Tests on 2,000 head of cattle in the mid-Island area have failed to reveal a single case of bovine tuberculosis, according to Dr. John Walker, Duncan veterinarian.

He has been assigned the area between Nanaimo and Mill Bay, and when finished will have tested 12,000 head. At present he is working in the Westholme area.

Park Donation

DUNCAN—A cheque for $200 has been donated to Cowichan Community Centre Association by B.C. Forest Products Ltd. for improvements to Pioneer Park.

This is the fourth donation the company has made to the development of the park.

Blood Donor Honored

DUNCAN—Hans Wolf, 54, who has given 20 pints of blood to the Red Cross since coming here seven years ago, was given a certificate Thursday by Mrs. Heather Bulcock, Cowichan Red Cross president.

He first started giving blood in Germany in 1932, and now has donated a total of 50 pints.

'Pig War' Curator Dies at 89

FRIDAY HARBOR, Wash. (AP) — Mrs. Mary Crook Davis, 89, who owned the part of this San Juan County island on which the "Pig War" was fought more than a century ago, was killed in a traffic accident late Saturday.

Police said Mrs. Davis' automobile smashed into the rear of a parked truck two miles northwest of here.

Mrs. Davis' home was on English camp land and she was known as the unofficial historian and curator of items of the "Pig War."

The so-called war broke out when the English shot a pig belonging to an American settler. Both English and American troops were occupying the island during the boundary dispute of 1859.

ELECTRIC SHAVER

U.S. NEWSMAN CHARGED BY CUBANS IN ESCAPE

HAVANA (AP) — Army intelligence headquarters announced Sunday night that Miami Herald reporter James Buchanan has been charged with concealing information about the escape of American Frank Austin Young.

Young escaped from a Pinar Del Rio prison last Thursday after being sentenced to 30 years for counter-revolutionery activity. He was captured Wednesday in a Havana hotel.

Buchanan, who had interviewed Young at the hotel earlier the same day, was arrested when he returned to the room carrying some bandages for Young, who had injured a leg.

DUD BOMB thrown by Walla Walla convicts in escape bid is held by Warden Bob Rhay, left, and Allan Mathes, desk attendant. Rhay shot down two of three would-be escapees. (AP Wirephoto)

GUARD STABBED

Warden Shoots Down Escapees

WALLA WALLA, Wash. (AP)—Three inmates, one of them a two-time killer, stabbed a guard and tried to break out of the Washington State prison, during visiting hours Sunday. They were thwarted when the warden grabbed a gun and shot two of them.

Warden Bob Rhay, 38, summoned by a frightened clerk in an outer corridor, snatched a pistol from a hesitant guard and shot Richard D. Peterson 28, and Gordon Miller, 19. The third prisoner, John J. Regan, quickly surrendered.

Peterson, apparently the ring-leader, was shot an inch from the heart and was in critical condition today. Guard Corman Barnett, knifed in the back by Miller, was in serious condition. Miller's condition was said to be satisfactory.

The prisoners had three knives among them and some hand-made fire bombs. One of the bombs was thrown into the security booth during the breakout attempt but did no damage.

Another was thrown later but did not explode.

Rhay said that when he arrived on the scene, Miller was holding a knife on Barnett. The guard's back was covered with blood.

A second guard in an inner security cage nearby had his gun out but ignored the warden's order to shoot. Rhay grabbed the man's pistol.

"I told Miller: 'Drop that knife or you're dead.'

"I shot at him. He still had the knife on the guard. I walked over to point blank range.

"He still held the knife. I shot again.

"He released Barnett and crawled into a corner."

Then Rhay said, Peterson who killed his father and a policeman four years ago, came through the door to the visitors' room with a knife in his hand. Rhay shot him.

Miller—the first bullet only creased his skull—jumped up and ran into the outer corridor. Rhay fired again and Miller collapsed at the front door of the building.

The abortive escape attempt began when the trio gained entrance to the administration building, which forms one wall of the prison and contains the visitor's room.

After the shooting the warden suspended guard Frank Bartch for failing to obey an order to shoot and for improperly handling the controls to the barred gates within the building.

NAVAL BUILDUP SEEN TO ISOLATE N. AMERICA

Soviet Subs for Giant Blockade

LONDON (AP) — The leading manual of the world's navies reported Sunday a considerable increase in Soviet naval activity in the last year and said it is Moscow's "clear intention" to cut North America off from Western Europe in the event of war.

It termed Russia's submarine fleet of 500 a formidable threat.

In its just-published 1960 edition, the authoritative Jane's Fighting Ships raised doubts that Russia is scrapping 90 per cent of its cruisers, as announced by Premier Khrushchev.

"It remains to be seen to what extent and over what period this (Khrushchev's) proposed course of action will be implemented."

Jane's reported the Soviet Union has three atomic-powered submarines under construction, one nearing completion.

Jane's predicted the nuclear-powered sub may soon become the capital ship around which the navies of the future will be built.

The United States, Jane's reported, plans to have 75 atomic subs by 1967 and about 40 of these will be armed with ballistic missiles.

Jane's listed the major strength of the world's three leading naval powers as follows:

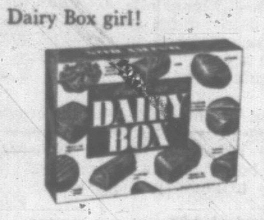
Britain—Carriers (light and heavy), nine; battleships, one; cruisers, 13; destroyers and frigates, 157; submarines, 56.

Soviet Union — Carriers and battleships, none; cruisers, 32; destroyers and frigates, 480 (estimated); submarines, 500 (estimated); nuclear submarines (under construction), three.

United States—Carriers (all types), 79; battleships and battle cruisers, 12; cruisers, 51; destroyers and frigates, 739; submarines, 186; nuclear submarines, 10.

NO RAINY-DAY BLUES

Her umbrella man bought her Dairy Box. Luscious chewy centres, crunchy-munchy nut ones, melt-in-the-mouth soft ones. All in thick, smooth milk chocolate. Of course—she's a Dairy Box girl!



MADE BY ROWNTREES

SENIOR ELECTRONIC TECHNICIANS

COME TO CALIFORNIA

Fairchild Semiconductor Corporation, in the beautiful San Francisco bay area, has immediate openings for men with formal or service schooling plus several years' recent experience in HF, VHF, Microwave or Instrumentation work.

The openings are in Instrumentation, Device Evaluation and Applications Engineering Departments.

Besides an excellent working climate, you will find the bay area features the best in year-round outdoor living. The mountains, coastline and cosmopolitan San Francisco are all within easy driving range. Splendid home sites and outstanding educational facilities on all levels make it ideal for family living.

LOCAL INTERVIEWS DECEMBER 29, 30 & 31

Members of our technical staff will be in your area on these dates for personal, confidential interviews. An air-mailed, detailed resume including salary history and requirements to Mr. Don Palmer will earn you a priority interview. All replies are held strictly confidential and acknowledged promptly.

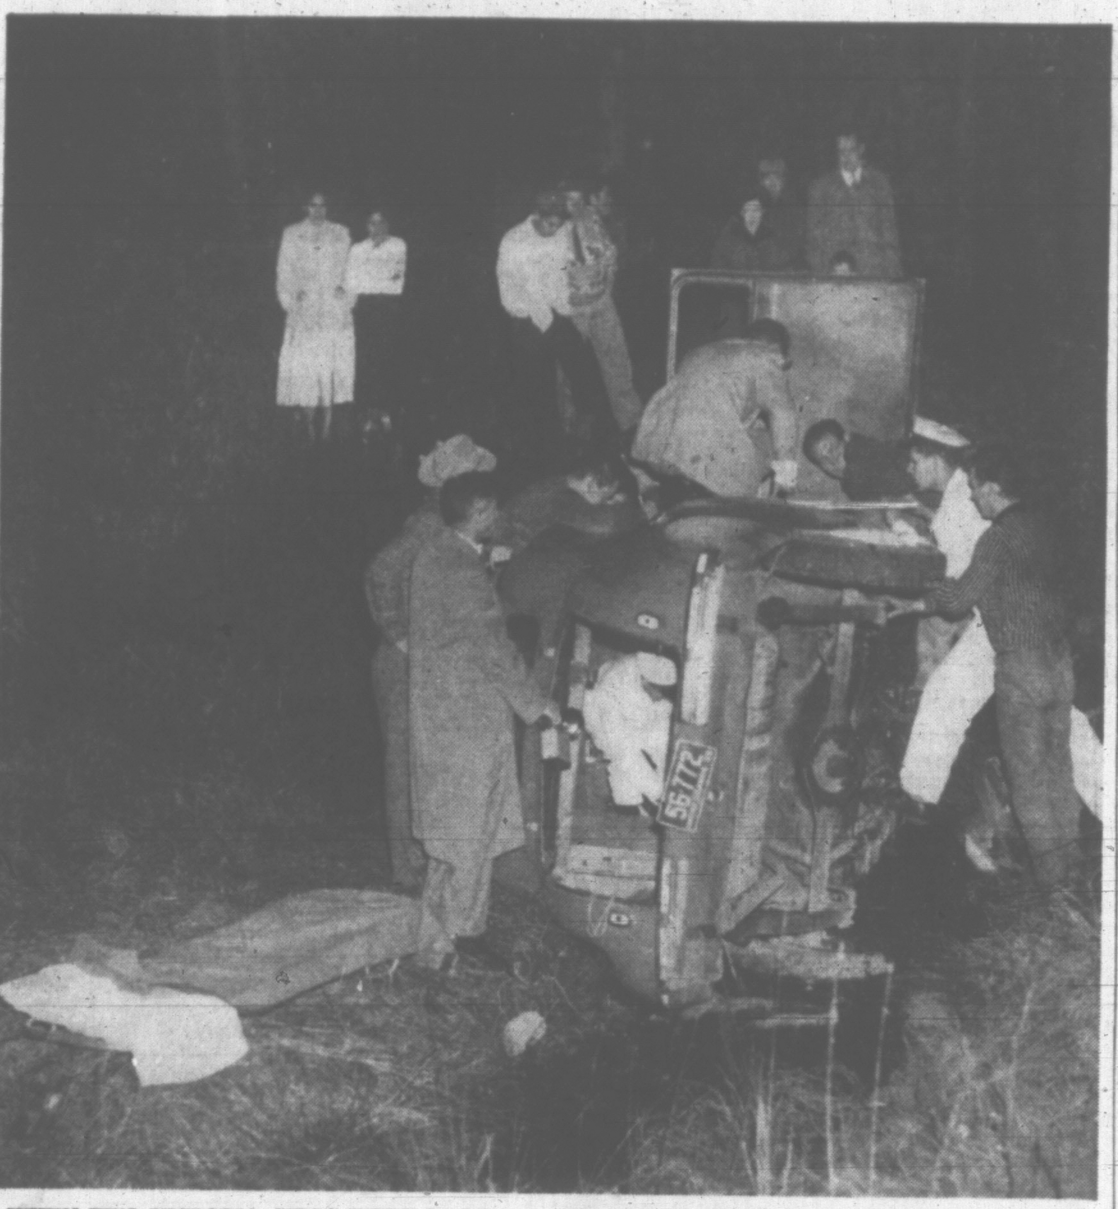
Victoria Daily Times



WHEN TWO VICTORIA GIRLS WERE HURT in car which went off highway Saturday night near Cobble Hill, Duncan Kiwanis Ambulance attendant Curtiss Peck cleared access through car trunk to carry them free. He can be seen, wearing white uniform, huddled in trunk of car. (Flett photo)

TWIN SISTERS RELEASED FROM HOSPITAL

Ice Blamed for Collision

Twins Hazel and Helen Brown, 18, of 2712 Rose Street, were discharged from King's Daughters' Hospital in Duncan Sunday after treatment of injuries suffered Saturday evening when the car in which they were riding crashed into a ravine near Cobble Hill.

They were passengers in a car driven by Dennis H. Gardner, 19, of 2982 Albina. According to the driver, the accident occurred when he touched his brakes while on an icy stretch of the highway, and the car went out of control.

NEARLY HEAD-ON

It is understood Gardner, proceeding south, had overtaken and bumped a car driven by Leonel Genereaux of Mill Bay, then had collided nearly head-on with a northbound car driven by James Waite, of Youbou.

None of the six passengers in Waite's car was hurt, although his car had to be towed from the scene. Genereaux's car was not badly damaged, and could be driven away.

BUILDERS' BID FOR PROBE INTO LABOR APPEARS DOOMED

A request by the B.C. Construction Industries Exchange for a royal commission to investigate labor matters in B.C., likely will be denied by the provincial cabinet.

This was indicated by Premier Bennett today when he was asked his reaction to the construction group's brief of last week.

"At the present time there is less labor unrest in B.C. than in any place in Canada . . . 1960 will be a good labor-management year . . . you'll find the benefits of our sound labor legislation will show up."

Will new labor legislation be introduced at the next session of the legislature, he was asked.

"The present legislation is very good," the premier replied.

TOPICS OF THE DAY

Provincial government offices will be closed for two days at Christmas and two days at New Year's.

Because the holidays join regular weekend closure periods, government workers will be able to enjoy four-day weekends on each occasion—Dec. 24 to 27 and Dec. 31 to Jan. 3, inclusive.

The provincial museum will be open Saturday, Jan. 2, 8.30 a.m. to noon, and 1.10 to 5 p.m.

* * *

The Registered Music Teachers' Association will hold a general business meeting on Wednesday morning at 10 in the YMCA.

* * *

Belmont High School Band under direction of D. R. Kerley will present a concert at the school Thursday starting at 8 p.m.

The program includes a choral group of 100 voices and a presentation of "The Star Song" by the senior drama club.

* * *

Winners of the weekly tournament, Victoria unit, American Contract Bridge League follow:

Isabel Kelly and Laura Tingley; Tony Marsh and Otto Leesment; Mr. and Mrs. George Beale; Ethel Cleworth and Charles Steinberg; Elizabeth Warren and Maria Collm (cq).

* * *

Royal Victoria Yacht Club defeated the Royal Canadian Naval Sailing Association Saturday in a series of six frostbite races with a total team score of 370¼ to 294¼.

Individual races were won by Bill Quinn of the RCNSA and Ned Ashe, RVYC. Races were in Davidson dinghies provided by the RVYC.

* * *

Lampson Street School PTA will meet in the school auditorium Tuesday at 8 p.m.

A social evening will follow a brief business meeting.

* * *

Beaver Lake Home and School group marked its fourth anniversary with a successful bazaar recently. The sum of $360 was realized from a decorative array of stalls and games. Mrs. F. Miller was convener.

A three-count charge of drug possession was read against James Sutherland Scoular, 931 Inverness, in city police court today.

He asked for a two-day remand to engage legal counsel and will appear Wednesday for election.

Police charge Scoular with having three different types of drug in the period October-December, contrary to the Opium and Narcotic Act.

Magistrate William Ostler granted bail at $2,000.

Water color sketches done in Ireland, Germany, Bavaria and Florida in 1955 and '56 by a Victoria woman, Mrs. Aileen Evans, will be on display in the inner lounge of the Empress Hotel, Wednesday.

Mrs. Evans, who is herself Irish, did about 30 of her sketches while visiting her native land. She has included as well, some life portraits in charcoal of local subjects.

The exhibition will open at 10 a.m. and continue throughout the day and evening.

More than 100 children—sons, daughters, brothers and sisters — of 40th Technical Squadron, RCEME members enjoyed a Christmas party Saturday in Bay Street Armouries.

They saw a half-dozen films and watched an hour-long performance by 20 trained dogs.

Premier Bennett today promised steps will be taken to ensure all qualified voters are registered on the voters' list before the next election.

He was answering charges by Opposition Leader Robert Strachan that the premier was afraid to have the lists revised because the more voters who registered, the more who would vote against Social Credit.

"The more people who are on the list, the more who will vote for Social Credit," said the premier. "The lists are open all the time and certainly months before any election, thought will be given to helping people get on . . . there will be advertising."

* * *

S. J. Willis PTA will offer a Christmas program at the school Tuesday at 8 p.m. with the school drama club, orchestra and choir presenting a tableau followed by community singing of Christmas carols. Refreshments will be served.

NAVAL SHIP MOVEMENTS

Ottawa, Saguenay return 10 a.m. Dec. 22.

Beacon Hill returns 3 p.m. Thursday.

Jonquire returns 5 p.m. Tuesday.

HMCS Fortune, HMCS Cowichan out for the day.

Admiral's Son Chosen Quebec Rhodes Scholar

John Sharples Rayner, 20, son of Rear Admiral and Mrs. H. S. Rayner of Esquimalt, has been chosen one of Quebec's Rhodes Scholars, it was announced in Montreal today.

Rear Admiral Rayner is Flag Officer, Pacific Coast, Royal Canadian Navy.

John Rayner will spend two years at Merton College, Oxford, starting next September. He is studying theology and philosophy and is currently in the first year of a master's course in philosophy at Bishop's University, Lennoxville, Quebec.

JOHN S. RAYNER
. . . attended Glenlyon here

AT GLENLYON

Mr. Rayner came to Esquimalt with his parents in 1947 and attended Glenlyon School in Victoria during the period his father was commanding officer at Royal Roads officers' training college.

He continued his education at Westbury House School, East Meon, Hampshire, England, and Glebe Collegiate, Ottawa.

At Bishop's University last May he took first-class honors and a BA in philosophy and theology. He was born at Halifax, Aug. 12, 1939—shortly before the outbreak of the Second World War.

Brothers Save Four From Burning House

Stuck Truck Key Factor In Rescue

A Victoria family of four rescued from their burning house at 4.30 a.m. Sunday owe their lives to the fact a truck bogged down in the mud of the season's worst rainstorm.

Mr. and Mrs. Robert Dudman, 2715 Quadra, and their daughters Dianna, three, and Lee, six months, were saved by two passing motorists, police and firemen when fire believed caused by a cigaret in a stuffed chair set ablaze their living room and filled the house with smoke.

Police said the heroes were brothers Russell West, 21, of 240 Wilson, and Ernest West, 23, of 1344 Lang, who carried the children from the fire after turning in a street box alarm at Hillside and Quadra.

WENT BACK

Both young men re-entered the house to stand by the parents, who had been sleeping in another bedroom, until police and firemen assisted them from a window.

Leonard Rowe, 37, of 1420 Camosun, was treated at St. Joseph's Hospital after he was overcome by smoke helping firemen with a hose in the fume-filled building.

Russell West said he was called to help his brother get a newspaper delivery truck out of a muddy ditch on Wilkinson Road and as they both drove back into the city they saw smoke coming from the Dudman house.

"It was a lucky thing for them that the truck got stuck or we would not have been there," he said.

BROKE IN

"Ernie tried to get in the front door after we turned in the alarm, but he couldn't. I got a hammer from the truck and we broke it open.

"But there was too much fire in the front room. We went next door to find out how to get into the house. There was no back door.

"We had to break down a locked basement door at the back to get in. We had no idea where we were going the smoke was so heavy.

BABY GASPING

"The first bedroom we came to we found the children. Ernie got the little girl and I heard this gasping over a little further. It was the baby.

"I passed the baby to a man standing outside and borrowed a flashlight. We went back in and went to the other bedroom where the mother and father were.

"It was getting pretty hot in there by that time and I shut the bedroom door. It was impossible to see anything.

"When we went to leave it was too hot to go back through the basement so the police and firemen helped the mother and father out a window and I crawled out after them.

LOST IN SMOKE

"Ernie got lost in the smoke and had to feel his way out the basement door."

Fire Chief James Bayliss said fire in the old house was confined to the living room where damage was extensive. A television set, record player, upholstered furniture and a new paint job were all blackened and ruined.

In the rest of the house, smoke damage left walls grimy and stained.

CHARRED FURNITURE remaining after predawn fire in Quadra Street house is looked over by owner Robert Dudman, centre, who was roused with wife and two small children by Russell and Ernest West, at right. Leonard Rowe, left, helped firemen until overcome by smoke. (Robin Clarke photo)

Terminus Switch Confirmed

'Safer Landing' At Swartz Bay'

The Vancouver Island terminus of the new government ferries from Saanich peninsula to the mainland has been changed from Sidney to Swartz Bay, Premier Bennett confirmed today.

He said the change from the new federal government wharf at Sidney is being made for "safety reasons."

Rumors of an impending change in plans have halted Sidney village commission plans for sidewalks to the federal wharf, commission chairman Dr. C. H. Hemmings said Saturday.

The premier said the present Salt Spring Island ferry wharf at Swartz Bay, three miles north of Sidney, will be used by the new ferries on the Tsawwassen service.

"Additional facilities will also be built there, creating more work."

He said the highways department and the ferry service advisory board both recommended the Swartz Bay terminus.

"We wanted the federal government to build a new wharf at Swartz Bay in the first place . . . it is not so exposed," said the premier.

QUICKER GETAWAY

He also felt it would give disembarking traffic a quicker getaway than is possible with a ferry landing right in the village.

"That should help Sidney" he said, referring to the less chance of traffic snarls.

The B.C. government had planned to share facilities of the new Sidney wharf with Washington State Ferries, splitting the annual $30,000 rental. The premier did not say what the rental for Swartz Bay facilities would be.

The highways department had undertaken some approach work to the new Sidney wharf in anticipation of using it, but Premier Bennett said the cost was "not very much."

He said the Salt Spring ferry would continue to use the Swartz Bay wharf.

The new government mainland ferry service is expected to get underway next summer. Two vessels, MV Sidney and MV Tsawwassen have already been launched and being fitted out.

Three Injured In Weekend Traffic Mishaps

Three people were given hospital treatment for injuries received in weekend traffic accidents in Greater Victoria.

Mildred B. Starling, 67, of 2075 Lansdowne, was taken to Jubilee Hospital with a chest injury after the car she was driving mounted a curb in front of 3655 Beach and broke off a steel lamp standard at 2.35 p.m. Sunday

Eighteen-year-old Robert Sweeney, 3220 Happy Valley, was admitted at Jubilee for observation after receiving a possible mild concussion in a highway accident early Sunday.

A two-car crash at Begbie and Stanley at 7.45 p.m. Saturday sent passenger Roberta McKenzie, 20, of 1875 Christie Way, to Jubilee with shock and bruises.

Cars were driven by Alexander McKenzie, 1875 Christie Way, and Ferenc Szaeur, 1607 Rebecca.

Single Clue Aids Ring Theft Probe

Detectives investigating theft of 14 rings worth $3,617 in a daylight shoplifting at one of the city's largest jewelry stores Saturday had one slim clue to aid them today.

A plush-lined tray in which the rings were displayed was found early Sunday morning in the entrance to Beverley Hotel, at 724 Yates, next door to Henry Birks and Sons (B.C.) Ltd., 726 Yates, where the rings had been shown in a display case.

The theft was believed to have occurred during the Saturday afternoon shopping rush and went undetected until 6 p.m.

By means of a list supplied by the store, police identified the rings as: five sapphire and diamond, four emerald and diamond, two fancy diamond, one zircon and diamond, one emerald and one synthetic ruby.

TEAM WORK

Store manager C. J. Williams said the thief possibly was working with another person who helped him pick a time when the particular counter was unobserved. "These people usually work in teams," he said.

The thief would have had to be tall in order to reach completely over the counter top and under the back to get at the ring tray, which he could then slip under a coat and walk out.

PREMIER ASKS PRESS LAUNCH SAFETY DRIVE

Premier Bennett today called on the press of British Columbia to launch campaigns against the rising toll of traffic accidents.

He complimented the Trail Times for a special edition produced to celebrate the fact the city, by Tuesday, will have completed five years without a traffic fatality.

Premier Bennett said this is a record for B.C. in cities of this size, and one of the best in North America.

ASK The TIMES

Q. Will you kindly publish the acreage and number of cattle on the Chilco ranch? K.A.

A. John L. Wade of Los Angeles owns the 50,000-acre Chilco ranch which has grazing rights on 800,000 acres. Ranchers dislike giving out figures on numbers of cattle as it varies considerably, seasonally, and they don't want the competition to know all their resources—much like any other business.

Anyone wishing a question answered is invited to send the problem along to The Times, addressed to "Ask the Times" Editor. Questions and answers will be published daily.

All questions should deal with matters of fact and be of general interest. The Times does not undertake to solve conundrums or legal problems. Nor will it attempt to put a value on old coins, stamps or antiques. These should be submitted to dealers.

'LOOKS LIKE A MUCKY NIGHT BUT DON'T YOU WORRY'

She Dreamed of Son the Night He Drowned

All one night Mrs. Margaret Ryles of 3066 Albany dreamed of her skipper son, Marshall Ryles, sailing his trawler around the storm-swept coasts of Scotland.

The morning after, she learned that Marshall, 31, had been drowned when his trawler smashed against some rocks off the northern Caithness coast and sank with all her crew.

"I did not dream that my son was in any danger," said Mrs. Ryles in her soft Aberdeen voice. "I saw him aboard his ship and he seemed very happy . . . but then he was always a happy lad and he loved the sea as his father did before him.

"When the telegram arrived I felt sure it was from him. Alas, it was from the shipowners and they told me he was dead."

Mrs. Ryles has since received an air letter from her son's wife. She said Marshall Ryles called her from the ship by radio-phone the night before he drowned.

He said: "It looks like a mucky night but don't you worry now."

Marshall came of an old seafaring family on both his mother's and father's side. His father was a marine engineer all his life and his grandfather, too, was drowned at sea.

"Marshall was an exceptional lad," said Mrs. Ryles. "He was a born seafarer and he became a skipper at 21—the youngest skipper the company had ever had.

"Before then he was with the Royal Naval Reserve."

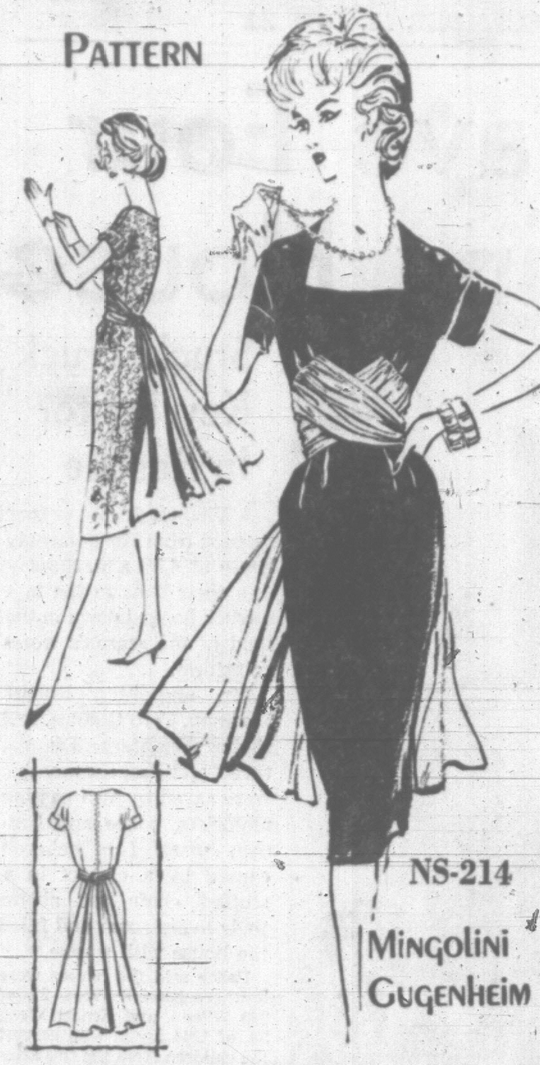
Malcolm leaves a widow and four children in Aberdeen. Mrs. Ryles has been assured they will be looked after by his employers, the George Company, after which his trawler was named.

Mrs. Ryles came to Victoria in 1952 after the death of her husband, also a seaman.

With her in Victoria are her daughter, Mrs. Mary Roche, 1543 Morley; two sons, John Ryles, 3066 Albany, and Arnold Ryles, 4213 Quadra, and one niece, Mrs. Alberta McGregor.

Two other sons are William Ryles of Nanaimo and George Ryles of Port Alberni.

SPADEA'S INTERNATIONAL DESIGNER PATTERN



Mingolini Gugenheim brings Italian art to the styling of a beautifully feminine dress for the diminutive figure. It has the easy cut of a sheath, its square neckline widening out at the base. From this size chart, select your correct size.

Sizes	Bust	Waist	Hips		*Length	
10	34	25	35	inches	16	inches
12	35	26	36	inches	16¼	inches
14	36½	27½	37½	inches	16½	inches
16	38	29	39	inches	16¾	inches
18	40	31	41	inches	17	inches

*From nape of neck to waist.

Size 12 requires 2⅝ yards of 45-inch material for dress and 2⅝ yards of 39-inch material for contrast.

To order Pattern No. NS-214, state size, send $1.25. For Mingolini Gugenheim label, send 25 cents. For jumbo 144-page International Designer Pattern Book B-C, send $1.25. Address SPADEA, c/o Norman Hartnell (Canada) Limited, 214 Main St., Toronto 13, Ont. Please allow two weeks for delivery.

(Next week look for an International Designer Pattern by Joset Walker.)

Shower for Recent Bride

Mrs. Ronald Cook, the former Miss Rose Hawkins, was honored at a shower in the Sooke home of Mr. and Mrs. William Stevenson shortly before her marriage Saturday. Guest of honor was presented with a corsage of white carnations. Her chair was decorated with roses. Mrs. W. E. Hawkins, her mother, was presented with a corsage of pink carnations. Hostesses were Mrs. R. Banner, Mrs. L. Butler, Mrs. H. P. Clowes, Mrs. Frank Erickson, Mrs. G. Lajeunesse, Mrs. Alan Olmstead, Mrs. K. Potts, Mrs. Stevenson and the Misses Elaine Butler, Anne Olmstead and Beverley Thew. Their gift to Miss Hawkins was a set of Corning ware.

Floral boat, honoring groom-elect who is a member of the RCN, contained other gifts. Names, Rose and Ron, decorated sides of the container. Invited guests included the bride's grandmother, Mrs. W. Cains, Mrs. H. Connell, Mrs. S. Simms, Mrs. George Diamond, Mrs. J. B. Wilkinson, Mrs. L. Walsh, Mrs. Doug. Nichol, Mrs. Jack Porter, Mrs. Ray Horgan, Mrs. Bert Shambrook, Mrs. R. Birch, Mrs. F. L. Hill, Mrs. Frank Gray, Mrs. F. Elrose, Mrs. H. Davis, Mrs. Fred Lajeunesse, Mrs. G. Hult and Miss Sandy Jones.

Dirty panda bears — and it won't be long before that Christmas gift is grubby — may be cleaned by rubbing dry corn meal into the dirty parts and then brushing out. If that doesn't prove satisfactory then open down the back, take out the stuffing and wash with soap and water.

SHOPPING GUIDE

'Mamma' Rabbit and Babies Sure to Charm Recipient

By PENNY SAVER

Animals never fail to charm, especially when they're the little china family sets I've seen this week! Each set is priced at $1.50 and has a "mother" and six tiny babies tagging along behind her on a slender golden chain.

Included in the selection are rabbits, mice and black cats. Rabbits have fluffy tails of fur and cats' heads are topped with same soft fur. These are the cutest trinkets I've seen in a long time!

Gifts to keep youngsters busy once the excitement of Christmas has subsided a little are always a good idea. Sets of painting-by-numbers, suitable for the six to seven-year-old group, are now available in a down-town store. Sets have a picture, paint brush and six containers of paint. These could provide many busy hours of constructive fun and are low priced at 79 cents.

Similar sets containing colored pencils instead of paints sell at the same price.

Pencil sets have five pencils and four pictures of dogs, ballerinas and circus scenes included.

In this age of jets and rocket missiles I was amazed to find that you can still buy wind-up sets of trains. Sets feature the steam engine. For $2.49, set includes six pieces of track, an engine, coal tender, one closed and one open box car and another for hauling sand. There are brakes for stopping and starting this inexpensive toy.

Little Devon ware wall plaque I've seen would make a darling little gift. Suitable, either for a kitchen or a child's bedroom, it has a picture of a cherubic-faced baby, fast asleep, arms clutching a cuddley toy. Plaque sells for 95 cents.

For names of stores where these can be found phone Penny at EV 2-3131.

History Class Entertained At Saanichton Log Cabin

Members of Victoria College evening class on Victoria and British Columbia history climaxed the 10-week course with a Saturday afternoon reception in the Log Cabin at Saanichton.

Hosts were members of the Saanich Pioneer Association. W. W. Michell, association president, welcomed the guests and Mrs. W. T. Bethell assisted in receiving. Among hostesses was Mrs. R. E. Nimmo, granddaughter of Mr. and Mrs. William Thomson, who settled on Mount Newton's "Bannockburn Farm" in 1855.

James K. Nesbitt, the class lecturer, spoke briefly on early days in Saanich. He was thanked by Major R. F. Bruce, PPCLI, who also thanked assistant provincial archivist Miss Inez Mitchell for her part in making the history course a success.

During the course the class was entertained by His Honor the Lieutenant-Governor and Mrs. Frank Mackenzie Ross following a tour of Government House, and also by the Sisters of St. Ann, after a tour of St. Ann's Academy.

Visits were also made to the Maritime Museum at Esquimalt, to Craigdarroch Castle and to Helmcken House.

Club Women's News

Luncheon — Women's Association of Metropolitan United Church held a luncheon prior to its recent meeting. Mrs. G. A. R. Stelck presided. Mrs. P. Bewell took devotional. Christmas gifts were presented by group to each member of the executive.

Romance Blossoms on a Plane Between Vancouver and Victoria

COPENHAGEN (AP) — A former stewardess of a Canadian airline is looking eagerly forward to her wedding next week with a young American whom she fell in love with on a plane trip from Vancouver to Victoria last February.

Elisabeth Eriksen, 24, and her family have been isolated for the last few days because of a snowstorm that has been raging around the Djursland countryside in Jutland, the main peninsula of Denmark, where her father owns a big farm.

But Elisabeth does not bother about the weather. She is busy preparing for her wedding Dec. 19 with Robert Payne Kellogg, a sales manager of a Canadian timber company and son of John P. Kellogg, retired banker in Libertyville, a Chicago suburb.

"I'm in the seventh heaven," she said. "I'm looking forward to what so many air hostesses have been just dreaming about."

She says she met Bob on a Trans-Canada Air Lines plane when she was an air hostess and he a passenger. "It was love at first sight," she recalled. "So many other male passengers had glanced at me, but this time it was it."

At that time, she said, she was employed with the Canadian airline. Later she was picked as Miss Stewardess from 500 of the company's air hostesses. The prize was a trip to Miami, Fla.

MARRIAGE 'PRIVATE AFFAIR'

AARHUS, Denmark (Reuters)—Pretty Elisabeth Eriksen has taken steps to keep her marriage here to Chicago millionaire's son, Robert Payne Kellogg, free of ballyhoo.

The 24-year-old Danish farmer's daughter, who met her fiance in Canada, made arrangements to bar photographers from the ancient cathedral in this little Jutland town during their wedding next Saturday.

A letter addressed to cathedral officials from Elisabeth and her parents said "the marriage is a holy and completely private affair, and concerns only the 'families.'" It asked that photographers be kept out of the cathedral during the ceremony.

CRUSADER CAPTAIN'S FAMILY

HMCS Crusader, Halifax-based destroyer, will pay off in mid-January; so the captain, Lt.-Cmdr. C. G. Pratt, of Victoria, posed by the ship's bell with his family during a rare dependents' cruise in the ship recently. With Mrs. Pratt is Tisha, aged 6, and the captain holds Nicholas, 3. The Crusader has also served on the west coast. (National Defence Photo.)

Women

Elizabeth Forbes — *Women's Editor*

St. George's School, Vancouver Setting for Afternoon Wedding

Wedding of interest in both Victoria and Vancouver took place Saturday in St. George's School Chapel, Vancouver, when Miss Elizabeth Nicol Macindoe, Victoria, became the bride of Lt.-Cmdr. James Gordon Rodgers Hutcheson, RCN. Bride is the daughter of the late Mr. and Mrs. George Macindoe, Prestwick, Scotland. Groom's parents are Mr. and Mrs. James Gordon Armstrong Hutcheson, Vancouver.

Edward Izard, Victoria, gave the bride in marriage. Rev. Geoffrey Parrott officiated at the ceremony.

Bride's gown was of imported white peau de soie with Chantilly lace sleeves and borders of the same lace trimming the bateau neckline. Bouffant skirt extended into a chapel train. Double coronet of seed pearls held in place the triple illusion veil. She carried a crescent bouquet of lily-of-the-valley and roses.

Her only attendant, Mrs. Henry Montgomery, Victoria wore a peacock green peau de faille waltz-length gown which featured a scooped neckline and draped skirt. Hat of matching feathers completed her ensemble. Her bouquet was of red roses.

Peter Wright was best man and Ross Field acted as usher. Henry Montgomery, Victoria, proposed the toast to the bride at a reception held in the home of the groom's parents following the ceremony. Groom's sword was used to cut the wedding cake.

After a honeymoon in California couple will make their new home in Halifax, N.S.

Home for Christmas

Among those who are planning to spend Christmas in Victoria with their families is Miss Marg De Man. Miss De Man, a member of the teaching staff of Westcott School, Vancouver, will spend Christmas at the Chambers Street home of her parents, Mr. and Mrs. J. De Man.

Also coming from Vancouver to spend the festive season with his parents is Ray Bryant, of the law faculty of the University of British Columbia. He is the son of Councillor and Mrs. James Bryant, of Esquimalt.

Flying home from the RCAF Station Centralia, Ont., will be Cadet Colin W. Wilson. He will spend Christmas and New Year's leave with his parents, Mr. and Mrs. William Wilson at their Sinclair Road home.

Patients in Wheel Chairs Dance For Christmas Party of Clinic

Wheelchairs are an asset to square dancers—at least that's what it looked like Saturday at annual party for children of the Cerebral Palsy Clinic, sponsored by the clinic's Women's Auxiliary in the lower ballroom of the Crystal Garden. Young patients, some in wheelchairs whirled through the paces of "Skip to My Lou" and "Billy Boy," wheelchairs being manoeuvred by auxiliary volunteers. Girls were dressed in crisp white blouses and red and white check gingham skirts. Their partners sported gay scarves and cowboy pants.

Square dancing was part of a program put on by patients and organized by two of their teachers, Mrs. Ralph Swanson and Mrs. J. Hiscock.

Other features of the concert included an impressive nativity scene, dancing of a crab dance by students of division one of the clinic and recitations by Jim Gallan. Young Barbara Brown sang a Christmas carol.

NURSERY RHYME

Short dramatization of nursery rhyme, "Three Blind Mice," with Linda Hawes as the farmer's wife, and Barbara Brown, John Mabee and Richard Bennett as the troublesome mice, was well received. Concert ended with singing "We Wish You a Merry Christmas." Accompanist was Miss Audrey Upton.

Mr. and Mrs. E. Crockford and their daughter then entertained with a display of magic

Climax of the party came with arrival of Santa Claus, who distributed gifts provided by the CKDA Christmas fund.

Party, convened by Mrs. W. Martin, ended with refreshments provided by the auxiliary, under its president, Mrs. A. Wallace. Tables were bright with red streamers and paper hats. Members of the Victoria Girls' Drill Team acted as ushers and serviteurs.

Before leaving, the children were given candies and oranges, donated by Lansdowne Junior High School's Red Cross Club.

Of Personal Interest

Yuletide Party

Members of the Victoria Dental Assistants' Association held their annual Christmas party at the home of Mrs. A. Evans on Monterey Avenue. Gifts were exchanged and Mrs. Evans served refreshments.

Dancer Returns

Miss Pamela Dixon, the daughter of Lt.-Col. and Mrs. Keith Dixon of Beach Drive, will return home this week to spend the Christmas season with her parents. Miss Dixon is at present studying senior ballet and for the past month has been the guest of Miss Gwynneth Lloyd and Miss Betty Farrally in Kelowna. Miss Lloyd and Miss Farrally are both of the Royal Academy of Ballet in London, Eng., and were the founders of the Royal Winnipeg Ballet Company. They are now in charge of the western branch of the Canadian School of Ballet.

With Parents

Miss Janet Henderson, who has spent the past few years abroad, will be with her parents, Mr. and Mrs. Harold Henderson, Despard Avenue, for the holiday season. Miss Henderson will leave early in the new year for Eastern Canada.

Bride Honored

Prior to her marriage to Sub-Lieut. (S) R. T. Walker last Saturday, Mrs. Walker was guest of honor at several parties and showers. Mrs. William Young, Mrs. David Stott and Mrs. Charles McLaughlin were co-hostesses of a shower in honor of the former Miss Carole Reid in the Dufferin Street home of Mrs. McLaughlin. Mrs. R. T. Murphy was a tea-hour hostess in her Topp Avenue home at another party in honor of the new bride. Mrs. Walker is the former Miss Caroll Reid.

On Weekend

Miss Sally Timmis, who is teaching at Rutland in the Okanagan, will arrive in Victoria this weekend to spend the Christmas season with her parents, Mr. and Mrs J. J. Timmis, on Richmond Road.

new Acousticon Hearing Aid so small that 25 fill an ordinary tea cup!

Imagine a new hearing aid so light that it weighs only ¼ ounce, so powerful that it gives you all the sound you need, so small that you have to see and try it to believe it.

Designed for active men and women, this new ultra-miniature hearing aid provides a new way of life for men and women who have felt restricted by the bulk and inconvenience of old-fashioned hearing aids.

New Acousticon Privat-Ear provides the kind of freedom you have dreamed of, the inconspicuous hearing correction you have hoped for—but never thought possible. Now you can lead a full and active business life—even engage in sports—and enjoy your hearing all the time!

You've got to see and hear with the new ultra-miniature Privat-Ear to believe it. So come in to our office or phone for a convenient home appointment. No cost or obligation, of course. For more information, write for FREE booklet.

DEAR ABBY . . .

If It's OK With Ike . . .

By ABIGAIL VAN BUREN

DEAR ABBY: My husband and I are the proud grandparents of three adorable little grandchildren. I don't mind being called "Grandma" —but my husband says he is only 55 years old and he is too young to be called "Grandpa." He asks the grandchildren to call him "Earl".

I think it sounds terrible for those little youngsters to go around calling their grandfather Earl.

My husband says that if it is all right for President Eisenhower's grandchildren to call him Ike—our grandchildren can call him Earl. I'd like to know if President Eisenhower's grandchildren really call him Ike?

EARL'S WIFE.

DEAR WIFE: I wired the White House and received the following message:

Dear Miss Van Buren: In reply to your telegraphic inquiry, these are the facts: The President's grandchildren call him "Ike" and also "Granddaddy Ike."

With Best Wishes,
MRS. A. W.
Associate Press Secretary to the President.

* * *

DEAR ABBY: From my kitchen window I can see a certain laundry man go into a lady's back door. He keeps the engine running in his truck, but he stays in there for about forty-five minutes. It can't be business because he goes in with nothing and comes out with nothing and I happen to know that this lady does her own laundry because I see it on her line.

This woman is married and has children in school. There has been some talk about her too. I am sure the lady and the laundry man are not just holding hands. What do you think?

STEADY READER.

DEAR STEADY: Hold your tongue. Whether he is there for "business" is not MY business—nor is it yours. I think you ought to send your mind to the laundry.

* * *

DEAR ABBY: What do you think of a girl who married young, had a baby, divorced her husband and has now turned her baby over to her mother to raise?

"Daughter" lives at home. She won't even make her own bed or rinse out her own stockings. She dresses for dates every night, whoops it up, comes home late and sleeps till noon.

Her parents are disgusted with her but are afraid to say anything to her because they love the baby and fear that if they don't let "daughter" live the way she wants to, she'll move out and take the baby with her. What can be done?

FRIEND OF THE FAMILY.

DEAR FRIEND: Question: Should an innocent child who is loved by its grandparents be raised by them or by a selfish, irresponsible mother? The law is on the side of the mother. But the law is not immutable. I would advise the grandparents to ask for legal adoption of the child and then hope that the mother will some day earn back the rights of motherhood.

WHY GROW OLD?

By JOSEPHINE LOWMAN

Reducing Tips for Those Who Take Lunch to Work

Josephine

Whenever I plan a reducing diet I try to make it easy for the men and women who eat away from home at lunch time. However, lots of folks take their lunch with them for various reasons. Perhaps the budget will not allow a restaurant, or there is not one nearby, or those nearby have very limited menus.

Then, too, lots of people find it more restful to take a little walk and then eat at their desk or in a park which is close than to cope with the crowds and rush at mealtime downtown.

If you are trying to lose weight and take your lunch to work, let me give you a few suggestions. While sandwiches could not be classified as reducing foods, still the trimmings are the things which zoom their calorie count. One tablespoon of mayonnaise is about 100 calories. The same for one tablespoon of butter. However, today there are salad dressings which are very low in calorie count and which were planned especially for the reducer.

Tomato catsup and chili sauce are much lower in count. Three rounded teaspoons of each counts to only 30 calories. Mustard is only about five calories for a rounded teaspoon. Several very thin slices of pickle add flavor, at practically no calorie cost.

So if you are going to take a sandwich to work stay away from the salad sandwiches and also from fat meant or cream cheese. Stick to lean beef or ham with the fat removed, or one of the non-creamy cheeses, and only moderate slices.

Tomatoes, fresh fruit and carrot or celery sticks are all low caloried, healthful and filling additions to the lunch box. Fruit juice, skim milk or buttermilk belong also. Hard-boiled eggs are also a splendid item for the noonday meal. For variety you can scoop out a large green pepper and fill it with cottage cheese.

You can have a reasonable (along the lines I have suggested) sandwich, a small orange or apple or pear and skim milk, and carrot or celery sticks for around 350 to 400 calories. If you are holding your daily intake to 1,200, that is about right.

CLUBWOMEN'S NEWS

For Gifts—Women's Auxiliary to the Family and Children's Service will spend $400 on Christmas gifts for wards of the Family and Children's Service. It was also decided at a recent meeting in Spencer House that presents will be sent to F & CS wards attending Woodlands School. Mrs. E. Revercomb reported two layettes for family cases and six others had been assembled during the last month. Mrs. N. Sorenson stated that several knitted articles had been donated. Blanket was presented to a ward who is about to be married. Mrs. J. A. Dillabough presided at the meeting. Mrs. R. Reeves reported that 800 had been cleared from the Festival of Decorations.

Carioca Bars Carry Tasty Seasonal Greeting

Christmas time is the big baking season of the year. Then the urge to make special cookies and cakes for the family, neighbors and friends takes the upper hand and women enjoy using their kitchen ovens as Santa Claus' workshop.

We found this recipe for Carioca bars particularly delicious. Moist, rich and unusual.

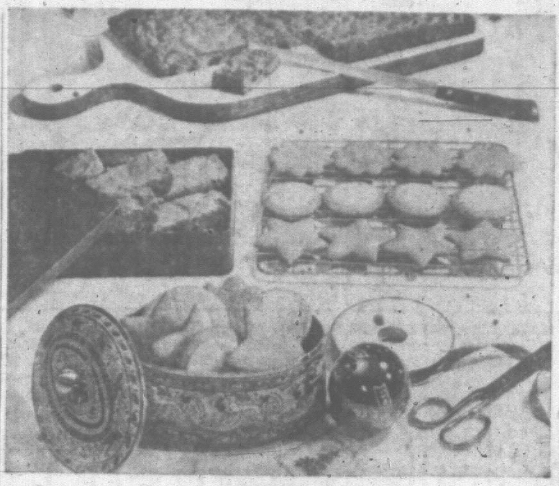
CARIOCA BARS

Two and one-half cups sifted flour, 2½ teaspoons baking powder, 1 teaspoon salt, 2¼ cups (1 pound) brown sugar, firmly packed; ½ cup corn oil, 3 eggs, unbeaten; 1½ teaspoons vanilla, 1 cup chopped nuts, 1 6-ounce package (1 cup) semisweet chocolate pieces.

Sift together flour, baking powder and salt. Combine brown sugar and corn oil. Add eggs, one at a time, beating thoroughly after each addition. Add vanilla, nuts and chocolate; blend well. Stir in sifted dry ingredients. Spread dough in well-oiled pan (10½x15½x1 inches) and bake in moderate oven (350 degrees F.) 20 to 25 minutes. Cut into bars or squares while warm.

Makes 40 squares or 27 bars.

You'll find these brown sugar cookies perfect for packing in fancy tin boxes. They are an old-fashioned way of saying Happy Christmas to your friends.



Confections say "Merry Christmas" with a modern accent and in an old-fashioned manner.

BROWN SUGAR COOKIES

Three and two-thirds cups sifted flour, 1½ teaspoons baking powder, ½ teaspoon soda, 1 teaspoon salt, 1 teaspoon cinnamon, ½ teaspoon ginger, 1½ cups brown sugar, firmly packed; ¾ cup corn oil, ¼ cup water, 2 eggs, 1 teaspoon vanilla.

Sift together the flour, baking powder, soda, salt, cinnamon and ginger. Make a well and add, in order, corn oil, water, eggs and vanilla. Beat until smooth; form into a dough. Chill dough about 1 hour. Roll out dough ⅛ to ¼-inch thick on lightly floured board; cut with floured cutter in 2-inch rounds or desired shapes. Bake in moderate oven (350 degrees F.) 8 to 10 minutes.

Note: one-half cup granulated sugar and 1 cup brown sugar may be used, if preferred. Also cookie dough may be covered and stored in the refrigerator and baked as needed. Frost if desired.

These butterballs are rich and nutty.

Makes about 5 dozen 2-inch cookies.

$1,300 At Parish Bazaar

A sum of $1,300 was realized from the annual Christmas bazaar held by the Women's Parish Guild, St. Mary's Anglican Church. Mrs. Hywel J. Jones opened affair which was convened by Mrs. Donald Bartlett. Guests were received by the president, Mrs. Thomas B. Bird, and Mrs. Jones.

Presiding at attractively decorated tea tables were Mrs. R. W. Gibson, Mrs. C. T. Teasdale, Mrs. C. J. Bunbury, Mrs. H. A. Stokes, Mrs. H. J. Evenett, Mrs. W. Arthur, Mrs. A. H. Baker, Mrs. Maurice W. Turner and Mrs. T. M. Hughes.

Tea conveners were Mrs. J. Fehler and Mrs. R. R. Sampson, assisted by Mrs. I. Ogston, Mrs. J. Bamborough, Mrs. H. V. Littler, Mrs. F. W. Warde, Mrs. F. E. Womersley, Mrs. H. C. Johnston, Mrs. J. C. MacDonald, Mrs. W. Rasmussen, Mrs. J. G. Patterson and Miss F. Price.

Mrs. Olvier W. Pauline was in charge of decorations. She was assisted by members of the Anglican Young People's Association who were also in charge of Bishop of the Arctic stall. They were assisted by Mrs. R. A. Wootton, Mrs. J. Paton, Mrs. T. W. A. Gray, Mrs. N. R. Morley, Mrs. M. Hedley, Mrs. J. N. Edgar, Mrs. W. A. Stenner, Mrs. M. Carr-Harris, Mrs. H. A. Powell and Mrs. E. H. W. Elkington.

STALL CONVENERS

Many stalls were featured. They were convened and arranged by Mrs. C. L. W. Worsley, Mrs. R. E. Mercer, Mrs. J. A. Loggie, Mrs. D. C. F. MacArthur, Mrs. A. T. Cowley and Mrs. W. E. Plummer, Christmas decorations; Mrs. T. W. Kensington, Mrs. H. S. Beckton, Mrs. W. Pope, Mrs. W. Redford, Mrs. O. J. Williams, Mrs. A. H. Baker, Mrs. D. Littlehales, Mrs. E. E. Lord, Mrs. A. A. Blyth, Mrs. F. R. Nixon, Mrs. H. Russell, Mrs. W. Taylor and Mrs. G. W. C. McNeill home cooking; Mrs. C. F. Waters, Mrs. C. J. Houghton and Miss E. S. M. Melville, aprons; Mrs. C. J. Bunbury, Mrs. J. B. Davenport, Miss Dorothy Bunbury and Mrs. W. Batey, books; Mrs. C. W. Duck, Miss Norma Macdonald; Mrs. A. L. Harvey, Mrs. T. R. Mackay and Mrs. L. S. Greenhill, candy; Mrs. E. Gould, Mrs. E. Hewitt, Mrs. T. C. Prutten, and Mrs. J. J. Harris, plants; Mrs. C. S. Robertson, Mrs. J. H. Watson and Mrs. S. G. H. Richardson, woollens; Mrs. J. Howard Harman, Mrs. P. R. Brown, Mrs. O. W. Pauline and Miss M. Ashworth, gifts; Mrs. T. S. Whittemore, Mrs. E. Ingledew, Mrs. A. C. Garner, Mrs. W. K. Willis and Mrs. W. Arthur, linens; Mrs. J. J. Arnold, Mrs. D. M. Boyd, Mrs. J. Fairweather, Mrs. J. N. Fraser, Mrs. R. A. Gonnason, Mrs. J. B. Hedley, Mrs. R. Hemphill, Mrs. G. R. Hornet, Mrs. R. J. Hibberson, Mrs. N. E. Impett, Mrs. S. P. Jones, Mrs. J. Moore, Mrs. D. McDonald, Mrs. A. A. Ramsay, Mrs. D. J. Robertson, Mrs. D. S. Tuck and Mrs. L. B. Williams, doll stall and tea serving.

Carol Tea In Perfect Setting

Traditional Christmas colors of red and green predominated in the William Wallace and Brechin Rooms at Holyrood House, on Saturday afternoon for annual carol tea sponsored by Victoria Musical Art Society.

A "kissing ring," Elizabethan street light standards and holly, created a perfect setting for the stage where the madrigal singers, recorders and virginals, were arranged in a delightful tableau as the curtains rolled back.

Mrs. T. H. Johns, society president, welcomed guests and introduced past presidents including Mrs. William Ellis, Mrs. P. E. Corby, Mrs. J. Ingram Smith and Dr. Rodger Manning.

Seated with Mrs. Johns at the head tea table were Mrs. W. A. C. Bennett, wife of the Premier of British Columbia; Mrs. Percy B. Scurrah, wife of Victoria's mayor; Mrs. Jay Durand and Dr. Manning, honorary president and vice-president of the society.

Program included singing by the madrigal group with Margery M. Vaughan, director; the recorders, Joanna and Debbie van der Goes and the virginals played by Ray Bucket.

Ready for Christmas.

SOLUTION WEDNESDAY

ask Andy
HE GIVES AWAY GRAND PRIZES

Is there something you want to know? Do you want to win a set of valuable books or other instructive prizes? Then ask Andy.

Andy will answer questions submitted by child readers and those who submit the questions he selects to answer will receive worthwhile prizes.

The youngster who asks the first question answered each day receives a 15-volume set of Compton's Pictured Encyclopedia (Canadian edition) and of the second question a Hammond Atlas or Globe.

Address your questions to "Ask Andy," Victoria Daily Times.

Andy sends a complete, 15-volume set of **Compton's Pictured Encyclopedia** to Jacqueline and Gerald Lockwood, aged 11, of S. Burnaby, B.C., for the question:

Is It True That the Llama Drinks No Water?

The llama is the camel's American cousin. True, he is much smaller than his Old World cousin, but he has certain features which prove that he is not too distantly related. He has camel-like feet with cloven hooves and soft pads. He walks like a camel—two right feet, then two left feet. He has the camel's bone structure, teeth and even the same disdainful expression on his face. The llama also has a camel type stomach, fitted with a water storage tank so that he can go without drinking for several days.

So far as we know, all animals need a certian amount of water with their food, just as we do. Some who live in arid regions have to make do with a drink only now and again. Certain antelope of the sandy Sahara and the dry regions of North Africa go for many days without a drink of water. Some people believe that our sassy prairie dog never drinks water. But this fellow is up and about early in the morning and perhaps the dew on the prairie grasses provides his drinking needs. These animals, however, are unable to cope with a drought as well as the camel and the llama.

The Old World camel is perfectly suited to life in arid desert regions. But when there is plenty of water he will drink perhaps seven gallons a day. Then, crossing the waterless desert from oasis to oasis, he can go without a drink of water for three days or much, much longer.

The llama is native of the arid slopes of the Andes Mountains. Here, as in the desert, water holes are few and far between. But the llama, like his cousin the camel, is well able to tide himself over a drought. Both these animals are vegetarian cud chewers. The food is torn off and swallowed whole into one compartment of a complicated stomach.

Whole Meal Chewed Twice

Later, some of it comes up in a moist wad called the cud. The cud is properly chewed, swallowed and sent to another stomach compartment to be digested. One cud after another comes up until the whole meal is chewed and swallowed again.

Cows and deer also chew the cud, but the camel and the llama have a still more remarkable feature in their stomachs. The walls of one stomach compartment are lined with pockets for storing water. When the animal drinks his fill, these pockets are sealed like little flasks. The animal is able to draw upon this water and use it when needed.

The llama can go for several days without a drink of water, so long as he has a supply in his water storage tank. But finally this supply of stored water in the stomach walls is all used up. Then, like his cousin the camel, the llama is ready for a long, long drink of water.

SON FOLLOWS FATHER AS UBC RHODES CHOICE

VANCOUVER (CP)—For the first time B.C. has a father-son Rhodes Scholar combination.

Michael Jack Brown, 20, of Vancouver, was selected Saturday by a selection committee to further his studies at Oxford University.

Brown's father, William Brown, went to Oxford from UBC on a Rhodes Scholarship in 1932.

The six-foot three-inch 190-pound student last year assisted Professor Robert Clark in research on a special provincial government report on pensions.

A basketball specialist, Brown played with UBC Braves for three seasons.

"There won't be much basketball at Oxford, but I am hoping to take up rowing there," he said.

IT HAPPENED LAST NIGHT

By EARL WILSON

NEW YORK—Jack Benny would like to confess right now that he used canned laughter recently—with no less a guest star than Harry Truman.

When all that furor about "honesty" and 'realism" in TV was raging, CBS president Frank Stanton said canned laughter would have to go—but Jack figures there was a misunderstanding because nobody from the CBS brass asked him to drop it.

"When you film a show, you almost have to have it," Jack remarked a few days ago at the Sherry-Netherland while relaxing late in the afternoon in a dressing gown.

"We filmed the Truman interview in the library in Independence. He was saying some very funny things.

"For him to have said these things without any laugh response would have been deadly. Furthermore, I know that when Harry Truman says something funny, an audience is going to scream more at him than at a comedian."

And so the canned laughter was inserted—with Jack personally doing the editing.

* * *

"Could this have been the canned laughter from some old Fred Allen show, the laughs being from people who are now dead?" I asked Jack.

"I don't know where we get them," Jack shrugged. "I just know that they're important."

Since most of Jack's shows are "live," he uses canned laughter seldom. Sometimes, he said, when editing a filmed show, he tells his crew, "Look, fellows, that joke didn't deserve that big a laugh—take that out."

All of which points up the fact that the laugh's the thing to Mr. Benny.

"The trouble is," Jack explained, "some new producers with little shows don't know how to edit laughs.

"You have to know which joke is worth a tiny giggle, which one gets a shriek, and which one gets a roar that will lead to applause."

* * *

Probably Jack's attention to such details of laughter is responsible for his reputation for having such great timing.

"Nobody can explain timing," Jack said. Nevertheless, he has his ear carefully attuned to it during a show. And fearing that some guest star may not understand timing as thoroughly as he does, he will flash a cue to the guest. He'll tell the guest in advance, "Wait till the first laugh simmers down, and then when I look at you, but not until then, you read your next line."

Jack's "pauses," generally accepted as the secret of his timing, have had strange results. Playing the Palladium in London, he permitted Phil Harris to insult him onstage.

JACK BENNY
Used canned laughs . . .

HARRY S. TRUMAN
. . . with him

Phil had been pretty smart-alecky about his boss in the routine and had strutted off after saying, "I'll be back again, folks, because the old man needs me."

"I got a big laugh just standing there glaring at the audience," Jack said. "The audience could read my mind: 'I'm paying this so-and-so big money and all he does is insult me.' I could keep the laugh going as long as I wanted to. The laughing went on so long one night, that finally somebody up in the gallery yelled, 'For God's sake, Mr. Benny, say something!' That got the biggest laugh of all."

* * *

EARL'S PEARLS: Nowadays the average husband can tell you where his next dollar's going before he can tell you where it's coming from.

TODAY'S BEST LAUGH: Taffy Tuttle explains that the man she marries must have a perfect figure—$100,000.

WISH I'D SAID THAT: Fog is stuff that's dangerous to drive in—especially if it's mental.—F. G. Gernan, quote.

Earl Wilson

'No Authority'

OLYMPIA, Wash. (AP)—The Washington State Patrol has no authority to stop a motorist for the sole purpose of seeing whether he has a valid driver's licence, Attorney-General John J. O'Connell says.

$20,000 Bingo Starts Tonight

Canada's biggest give-away program starts its two-night stand in Memorial Arena tonight at 8.

Kinsmen bingo!

More than $20,000 in prizes will be given away the two nights.

About 1,500 tickets are still available for each show.

Tickets can be purchased at Eaton's box office up to 5 p.m. today, and at the arena after 7 p.m.

The two "mystery" guests, one for each night, arrived Sunday and are under security wraps at the Empress Hotel.

"The special mystery guest to appear tonight is the all-time best," said bingo chairman Jack Phillion. "It will be a terrific thrill to everyone when we make the introduction."

STARTS TONIGHT

CHRISTMAS PRESENT of $1,000 was presented by president of Shrine Club, Charles Savage, on Saturday to Nona Damaske of Queen Alexandra Solarium Junior League for crippled children at solarium, represented by six-year-old Barbara, above. Gift was given at ceremony in Knights of Phythias Hall.

THEY'LL REPEAT TONIGHT

Pleasing Show By Rare 'Team'

By AUDREY JOHNSON

Rare enough to arrest attention is the musical combination of husband-and-wife as symphony conductor and solo pianist at the same concert.

In the case of the Vancouver and Edmonton musicians, Patricia Rolston and Lee Hepner, it appears to be a most felicitous teaming of talents.

Occupying the podium of Victoria Symphony Orchestra, Sunday afternoon, with wife Patricia Rolston as soloist in Schumann's A minor Piano Concerto, Lee Hepner sustained a well-balanced ensemble at all times.

GOOD USE

He gave the soloist every opportunity and advantage that was due her and she in turn, made good use of them. Miss Rolston has power and a brilliant facility. Noteworthy is the equality between her two hands, the left being more fully developed and flexible than is ordinarily the case with women.

There were passages where indeed she sounded more like a man, there was such breadth, continuity and fire in her playing.

Intellect and a lack of oversentimentality also assisted in making this a pleasing, well-proportioned performance.

An interesting contemporary Serenade for string orchestra by the Swedish composer, Dag Wiren, and the Tschaikowski Fourth Symphony completed the orchestral part of the program.

The Tschaikowsky appeared at moments during the first movement, to border on insecurity, but the performance strengthened as it continued and developed into a finale of imposing drama and towering tone. In the pizzicato Scherzo movement, a genuine virtuosity appeared.

Mr. Hepner is a conductor with a flair for drama, at his best when he is shaping broad phrases and building imposing climaxes. There is some lack of fine detail at more subdued moments.

Special guests on Sunday were choristers of the Lake Cowichan Chorale, who were conducted by Mrs. Elsie W. Kirby and accompanied by Mrs. Muriel St. Cyr. This small group produces some lovely tonal effects and is conducted with taste and discernment.

The program, minus the chorale, will be repeated tonight at the Royal Theatre at 8:30.

Len Johnson was chosen 1960 chairman recently of Victoria branch, Engineering Institute of Canada. Other officers elected at the annual meeting are: E. T. Quirk, vice-chairman; R. W. Lockie, secretary-treasurer, and N. W. Life, John Cowlin, Gerald Moule and A. Kerr, executive members at large.

GROUP WORKS IN SECRET

Ex-Nazi Small Fry Being Hunted Down

LUDWIGSBURG, Germany (AP) — A quiet, publicity-shy group of man-hunters is feverishly working against a deadline in a few crowded rooms tucked away in the local district courthouse.

The group is called the West German Central Agency for the Investigation of National Socialist Crimes.

Their quarry: Hundreds of Hitler's lesser-known henchmen who have never paid for their crimes during the Second World Wae.

Dr. Erwin Schueler, 46, and a staff of eight prosecutors are working toward a deadline set under a statute of limitations.

Under the statute, most capital crimes cannot be prosecuted later than 20 years after they were committed. That means that, as a rule, Nazi atrocities cannot be brought to trial after the spring of 1965.

In most cases, however, the deadline will expire next year. The statute's period for manslaughter is 15 years and most Nazi slayings have been judged as manslaughter by German courts.

Dr. Schueler expects a total of about 300 former Nazis to be brought to court before the deadline expires. There will be some high-ranking people among them, including a former general of the SS elite guard and the chief of the criminal police in the German state of Rhineland Palatinate.

The agency is not even listed in the Ludwigsburg telephone book and Schueler's men shy away from publicity. They say they fear their investigation could be endangered by publication of details of their work.

But there is no doubt they were behind most of the arrests which made headlines in the West German press this year.

In most of the cases, the arrests set off chain reactions resulting in other arrests. Some of the arrested had lived under a false name until 1954 but came out of hiding after the denazification program was concluded.

One of the biggest Nazi Jew baiters is still at large. He is SS Capt. Adolf Eiehmann, an aide of SS boss Heinrich Himmler and one of the leading initiators of the Nazi anti-Jewish annihilation program.

Eichmann has no chance, however, to escape punishment through the statute of limitations. A warrant, setting aside the statute, has been issued for him.

Repeat Marriage For Mature To 'Dispel Doubt'

RANCHO SANTA FE, Calif. (AP) — "There was so much confusion and doubt, we just decided to get married a second time."

Victor Mature's British bride, Joy Urwick, gave this explanation Sunday of a ceremony performed Saturday in the Mexican border town of Tijuana.

She and the actor met when he was in Europe on a film assignment. After they returned to Mature's home here in October she told a reporter that they had been married on the Isle of Capri, September 27.

Then Italian officials stated that they couldn't find any record of the ceremony.

"We did it in secret," Mrs. Mature said. "So rather than let there be any doubt, we decided to slip down to Mexico and marry again."

Mrs. Mature, 25, has never been wed before — to anyone else. Mature, 45, has had three previous wives.

GREATEST KICK I EVER SAW WAS THORPE AGAINST THE DOODLETOWN NEVERSWEATS—HE DROP-KICKED IT EIGHTY YARDS RIGHT BETWEEN THE GOAL POSTS—
EIGHTY-FIVE YARDS—I WAS THERE—AND HE DID IT WITH A BROKEN TOE—
IT KEEPS GOIN' UP—IT WAS A HUNDRED YARDS, AN' HE KICKED IT OUTA THE PARK—
THERE MUST HAVE BEEN HALF A MILLION PEOPLE AT THAT GAME—ANY BIG EVENT YOU MENTION THOSE GUYS WERE THERE—
I SAW THE GAME—IT WAS NINETY YARDS AGAINST THE WIND—
THEY NEVER SAW ANYTHING OUTSIDE THE WALLS OF THIS BAR!
THEY GOTTA TOP ONE ANOTHER—DIDN'T ANYBODY SEE THORPE KICK WITH BOTH FEET?

LONESOME XMAS PINE
The lonely, concrete rooted pine on Yates Street seems a thing apart, it belongs and yet is doesn't. A brave front and a charming smile are always admired, but it is hard to believe that you really belong when you don't hear well. Deafness is an invisible fence, but you can come through and join the others confidently with your new BELTONE. Let Humphrey Golby test and fit you today—they are wonderful! North and South vulnerable

South	West	North	East
1 ♥	Double	4 ♥	5 ♣
5 ♥	Pass	Pass	Pass

Opening lead—♦ K

"After West opened the king of diamonds and I got one horrified look at dummy, I realized desperate measures were necessary.

I put on a cheerful smile, took my ace of diamonds and went after the spades. The 3-3 break gave me one diamond discard, but I still was fairly deep in the woods, but there was one possibility.

"I led a fourth spade from dummy and East was so shocked by my apparent insanity that he forgot to ruff. Now I got rid of my last losing diamond and since West didn't have a trump to ruff with I made the hand."

Harry is right about his five heart bid being questionable. So was his partner's bid of four hearts.

He also gave the cards the only chance they had, but he was really lucky to get the spade break and then to find East sound asleep.

Bevel
SIDING

"Keystone" clear kiln dried siding is the finest available — a quality material for all applications where perfection is required.

With its "grown-in" workability, weather resistance and lasting good looks, "Keystone" clear Western Red Cedar Siding has long been recognized as the standard of quality home construction.

It has a distinctive "shadow line" which enhances any architectural style in any setting, and is used to create a variety of interesting decorative effects on indoor surfaces as well as exterior.

5 GRADES

"CLEAR" Bevel SIDING
Siding of this grade is designed for use where perfection is demanded. It is well milled on face and edges making a smooth surface usable full length without waste. 6" and wider siding is vertical grain (VG) for ⅔ the width or more from thick edge.

"A" Bevel SIDING
Siding of this grade is selected for use where exceptionally fine appearance is desired. It is usable full length without waste and may be mixed grain (MG).

"B" Bevel SIDING
Appearance closely approaching that of the higher grades is often achieved with siding of this grade which contains slightly more characteristics and some cutouts in longer pieces. Craftsmen of even moderate skill find it easy to apply. It may be mixed grain (MG)

"RUSTIC" Bevel SIDING
Siding of this grade is recommended for use on sidewall covering where the distinctive charm of rustic appearance is desired. Pieces are graded from the resawn or rough side which is exposed. Thick edge may be rough or surfaced.

"C" Bevel SIDING
Pieces of this grade have one or more characteristics which are such size or number that the piece is not of a higher grade. Lengths are random with no specified percentages.

T.V. with Lee

Li'l Abner's Peter Palmer Is Guest on Hit Parade at 9.30 on 6, 2

By PHIL LEE, Times TV Editor

TRULY FUN—This is the time of year when I would almost rather kiss Rudolph's shiny red nose than watch TV. Now don't get me wrong. I enjoy Christmas but Christmas as churned out each year by the jingle-belled monster is as phony as a department store Santa Claus, and as nauseating as the thought of diving for banana splits in a pool of maple syrup.

However, ye olde spirit fairly leapt with hope last week with the advent of two shows, one that I saw, one that I didn't. The first was the hour-long and all too short "Christmas at the Circus." The second was "Tonight With Belafonte."

I think the happy touch as far as the circus was concerned was supplied by Gunsmoke's James Arness and Dennis Weaver. As Matt Dillon and Chester the two combined as joint hosts to create an air of excitement and good cheer that was as infectious as the measles. The acts chosen, from the trapeze artists to the performing animals, were guaranteed to please everyone who witnessed the spectacle.

If there was a sad note it was the sight of the 800 pound bear on the motorcycle accidentally bumping into one of the men in the ring and—according to later press reports—thereby breaking his leg. Even the bear looked concerned but I suppose what happened might be described as an occupational hazard in such a business.

* * *

AS FOR HARRY BELAFONTE'S hour of folk songs I missed it competely owing to poor reception on Channel 7. But the next morning the telegraph copy from New York was an unabashed rave. Adding to this I received an unusual number of phone calls that were equally complimentary. In fact one lady went so far as to say that in her opinion the Belafonte show was possibly this year's Fred Astaire show. High praise.

In gloom I chatted with Marian Boylan of Channel 12, Bellingham, to inquire caustically why KVOS-TV hadn't picked it up. Said she: "We did everything in our power, even going so far as to offer to bear the expense ourselves but the sponsors refused, saying it could go only to the single outlet (KIRO-TV)."

In conclusion, however, we would say our little prayer to the networks. Christmas programs don't necessarily have to stick to Christmas stories. Just so long as they are merry and bright and in keeping with the spirit of the season we'll rest content.

Children's Corner

5.00: Youth '60, 6, 2; Three Stooges 4; Stan Boreson, 5; Amos 'n' Andy, 7; Popeye, 11; Fun-O-Rama, 12; Dance Party, 13.

5.30: Mickey Mouse, 2; My Friend Flicka, 4; Magazine, 6; J. P. Patches, 7; Abbott and Costello, 11.

6.00: Superman, 5; Rocky Jones, 13.

Sport

6.00: Channel 6: News, Sports Roundup.

11.20: Channel 2: Ted Reynolds' Sports Final.

Headliners

7.00

Channel 4: Seven League Boots offers the second and final part of the documentary covering "The Dead Sea Scrolls." Viewers will see the ruins of the Essene community.

Channel 5: Death Valley Days drama, "The Little Trooper." The captain's son leaves the fort contrary to orders.

Channel 6: TV House Party from Victoria.

7.30

Channels 6, 2: Don Messer's country music and guests including fiddlers Cliff Hamilton, Rod Dorman, Cy Steele and Ron Woodwin.

Channel 4: Cheyenne Bodie gets caught in a bear trap.

Channel 5: Richard Diamond's mystery, "Marked for Murder." Robbery and murder take Diamond to a Hollywood lonely hearts club.

Channels 7, 12: Masquerade Party panel game.

8.00

Channels 6, 2: Danny Thomas' comedy.

Channel 5: Love and Marriage comedy, "The New Housekeeper." How clean should an apartment be?

Channel 7: Texan Bill Longley is told by a rancher that there will be trouble if the railroad doesn't stay clear of his land.

8.30

Channels 6, 2: Riverboat's hour-long drama, "Face of Courage." Enterprise carries a cargo of arms and recruits bound for an outpost.

Channel 4: Bourbon Street Beat's "The Golden Beetle." Who stole the talisman?

Channel 5: Wells Fargo's Jim Hardie is willing to defend a reformed outlaw in "Long Odds."

Channel 7, 12: Father Knows Best comedy, "Turn the Other Cheek." Kathy is having boy trouble, or rather rival trouble.

9.00

Channel 5: Peter Gunn's mystery, "The Briefcase." A woman asks Gunn to tail her husband.

Channels 7, 12: Danny Thomas' comedy about some "little people."

9.30

Channels 6, 2: Hit Parade hosts Peter Palmer, the Singing Travelers and Brian MacDonald.

Channel 4: Adventures in Paradise presents Anne Francis in "The Bamboo Curtain."

Channel 5: Alcoa Theatre offers "The Long House on Avenue A." An Indian snitches on another Indian and thereby wins a promotion.

Channels 7, 12: Ann Sothern's hotel comedy, "Katy's Tender Trap."

10.00

Channel 5: Steve Allen's guests include his wife Jayne Meadows and their sons, also Vic Damone, Sandy Warner and Andre Previn.

10.30

Channel 7: June Allyson presents Barry Sullivan in "The Crossing." The man meets a girl aboard the ship. He is both young and shy.

Tonight's Movies

8.00: Channel 13: Cary Grant and Victor McLaglen in 1939's "Gunga Din."

10.00: Channel 11: Alice Faye and Don Ameche in 1941's "That Night in Rio."

10.15: Channel 13: Allan Lane in 1938's "Crime Ring."

11.00: Channel 7: W. C. Fields and Baby LeRoy in 1934's "It's a Gift."

11.15: Channel 12: Bonar Colleano and Barbara Kelley in 1952's English drama, "A Tale of Five Women."

11.20: Channel 6: Kay Kyser in 1943's "Around the World."

11.25: Channel 4: Victor Varconi in 1931's "Captain Thunder."

1.00: Channel 13: Jack Paar in "Variety Time."

64 TV, RADIO, SALES AND SERVICE

NOTICE!

I have been reading the classified and I notice that we at MacDonalds have not had any ad on good, used TVs.

So I have instructed my boys to find some, and here are two examples:

21" WESTINGHOUSE table model, shining metal cabinet, shining new picture tube with no snow to be found anywhere on the picture $149.72

21" CROSSLEY Super V Console, 90-day unconditional guarantee and one-year guarantee on the shining new picture tube $138.76

New, Only $11,500
Lovely Garden
See this beautifully-built 2-bedroom stucco bung. on a choice city lot with a VIEW. 1,000 sq. ft., all oak floors, full basement, packaged oil furnace. This is just 1 year old, with lovely lawns and landscaping, oak trees etc. Owners are leaving Canada and will include elec range at the low price asked. This is a chance in a million for some lucky buyer. To buy this lot and build this same lovely home would cost you $13,500. Act fast. Phone immediately to Mrs. Fulton, EV 3-1953.

A SPLENDID OPPORTUNITY
To purchase a UNIQUE DUPLEX. Built originally for an owner with a large family, the one side has FOUR BEDROOMS, bath, kitchen, utility room, large living and dining rooms and through hall. This owner required a separate suite for his mother so we find a most useful THREE-ROOM SUITE with separate entrance on the other side. There is an excellent basement and heating is by a hot air oil fired furnace. Freshly repainted inside and out we believe this duplex to be most suitable to a variety of people as a home and investment. It is located in a first class rental area a few blocks from hospital, church, bus, park, schools and shopping market. The rental potential is excellent. Available by Christmas! Priced under $15,000. For further information apply Mr. J. R. L. Burridge, F. N. Cabeldu, Ltd. Phone EV 3-7174.

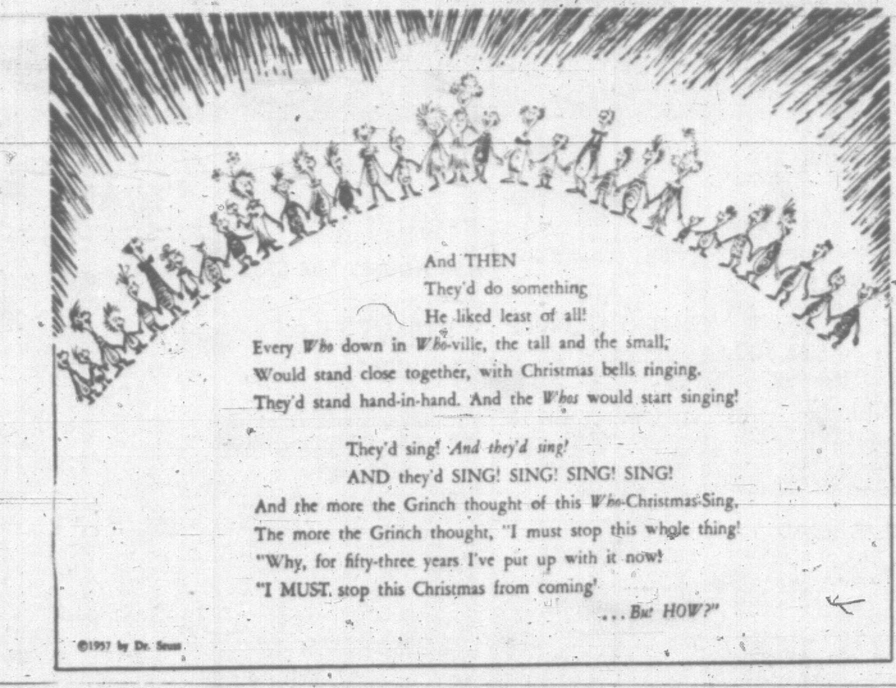
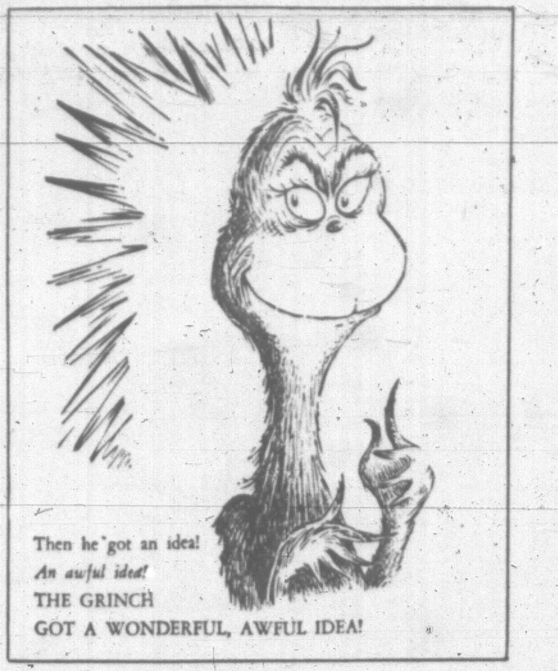
HOW THE GRINCH STOLE CHRISTMAS



And THEN
They'd do something
He liked least of all!
Every *Who* down in *Who*-ville, the tall and the small,
Would stand close together, with Christmas bells ringing.
They'd stand hand-in-hand. And the *Whos* would start singing!

They'd sing! *And they'd sing!*
AND they'd SING! SING! SING! SING!
And the more the Grinch thought of this *Who*-Christmas-Sing,
The more the Grinch thought, "I must stop this whole thing!
"Why, for fifty-three years I've put up with it now!
"I MUST stop this Christmas from coming!
. . . But HOW?"

©1957 by Dr. Seuss



Then he got an idea!
An awful idea!
THE GRINCH
GOT A WONDERFUL, AWFUL IDEA!

---

HIGH ON A HILL

MAKE THIS CHRISTMAS THE HAPPIEST EVER. Five minutes from downtown with all city conveniences, schools and shopping, this home of six rooms and through hall is located amid small oaks on a large lot, in a very fine residential area. The views of the western hills and the city lights below, from the large picture windows are out of this world, and holds one spellbound. The home consists of three bedrooms, living room, dining room, a real handy kitchen, through hall, four-piece bathroom, all on one floor. Floors are all hardwood. Basement has a large finished family room, electric domestic hot water, automatic oil heating. Built six years of good quality and the last word in being modern. Paved driveway to the large double carport under the main roof. This is an opportunity for you, as it must be sold and is priced for action. Included in the sale is the broadloom wall-to-wall in the hallway, living room drapes and all fixtures. A-1 condition. Price $18,000

OAK BAY

De luxe, fully modern home, with distant views, in a choice area. Through hall, large living room with sun deck off, Roman tile brick fireplace full-wall height, dining room, a beauty of a kitchen with breakfast area. Two bedrooms and extra bedroom in full cement basement, with an extra fireplace. Two bathrooms (a four-piece and a 2-piece). Garage is under sundeck and with a door to basement. A dandy family room could be finished in the basement. Automatic dishwasher included. Ideally located on a gentle slope, paved drive and lawn. For the exacting buyer. Terms may be arranged and value at $17 500

F. Marconi, EV 2-8111, EV 4-6625.

Engines to be supplied by the owner.

Specifications and details where vessel may be inspected are available on request from the Department of Fisheries at Vancouver.

The lowest or any tender will not necessarily be accepted.

G. R. CLARK,
Deputy Minister of Fisheries.

Let's talk REAL ESTATE

By DON WHYTE

DON'T BARGAIN

Don Whyte

Merchandising homes is very much the same as merchandising any other type of consumer product. The price obtainable for the article, product or unit is set by what the public is willing to pay at that particular time.

If the competition is keen from other similar products, you won't find the market brisk; if there is a shortage, the price demanded will be high. If the public is hit by a scarcity of money the few buyers who are in the market will expect a lot for their money.

This is what is happening right across Canada in the Real Estate market. As never before the onus is on the Realtor to conscientiously price the homes he is asked to put on the market. People who are expecting premium prices, suggesting they can always come down, are finding they are entirely out of the market. We recently heard of a house priced at $23,000 sold at $15,000; this was over a period of six weeks. The house in my opinion was worth more than $15,000, but the vendor panicked at the lack of action at the ridiculously high price and ran out of time to sell.

When you put your house on the market listen to the advice your Realtor will give regarding price, methods of selling and tips to make your house more attractive. Don't try to bargain for a few thousand—all you will succeed in doing will be to put off buyers who legitimately would be interested in your house at a market price. Canadians, unlike Americans, are very much influenced by the listed price of a home—and not so much by the down payment. When buying a house you have probably glanced at the price column before you read the ad.

A PROPERLY PRICED HOUSE IS HALF SOLD.

COEXISTENCE ON UPSWING SAYS RUSSIA

MOSCOW (AP) — A commentator for the official Soviet News Agency Tass said the UN General Assembly session that ended Sunday reflected "general improvement in the international climate" expressed in Soviet Premier Nikita Khrushchev's U.S. visit.

Igor Orlov said the assembly debate showed "the principle of peaceful coexistence is winning increasingly wide recognition among realistically minded Western statesmen who ponder the deplorable results of the cold war policy." He cited "mutually acceptable agreements" on disarmament and outer space.

Mrs. Robinson Again Heads Legion Auxiliary

CHEMAINUS — Mrs. M. B. Robinson was re-elected president of the Ladies' Auxiliary to Branch 191, Canadian Legion, at the annual meeting of the group.

Others elected were Mrs. Florence Cochrane, vice-president; Mrs. Olga Reid, second vice-president; Mrs. Grace Francis, treasurer; Mrs. Lorna Nichols, secretary; Mrs. Norah Aitken, sergeant-at-arms; Mrs. Vern Kay, Mrs. R. J. Duncan, and Mrs. Hugh Galvin, executive members; Mrs. Trixie Allen and Mrs. Phyllis Thomson, standard bearers.

Mrs. Kay reported $245 was realized for the poppy fund through street and school sales.

Annual Christmas party for children will be held Saturday with Mrs. Nora Duncan as convener.

CANCER AGENT FEARED

Hormone Treated Poultry Suspect

By JOE F. KANE

WASHINGTON (AP — The United States government, using a don't-get-excited approach, has announced a ban on sales of poultry fattened with a hormone which can cause cancer.

The hormone is called diethylstilbestrol, or stilbestrol. Its use in fattening poultry is being discontinued, and birds already grown with its use are being voluntarily taken off the market, it was announced.

But with last month's cranberry scare still echoing, officials gave these added assurances to housewives about stilbestrol-treated poultry:

If you have a chicken in the refrigerator, feel safe to use it if the skin, liver and kidneys are discarded. No residue of the synthetic hormone has been found in the white or dark meat.

Welfare Secretary Arthur S. Flemming told a press conference Thursday of the voluntary program.

SUSPEND SALES

He said authorized manufacturers of stilbestrol for use in poultry have agreed to suspend its sale immediately. The poultry and retail food industries have been asked to arrange for an immediate halt to the sale of stilbestrol-treated birds.

Such birds are readily identifiable, he added.

The hormone has been used in only about one per cent of the poultry grown in the U.S. — mostly in birds sold in the New York City and Los Angeles markets.

Flemming said stilbestrol induces cancer in test animals when it is fed to them over comparatively long periods of time. Only minute residues of the hormone have been found in the skins, livers and kidneys of market poultry, he added.

USED ON CATTLE

The hormone was cleared by the food and drug administration 12 years ago and has been used to fatten beef as well as poultry. But Flemming said no residues of stilbestrol have been found in beef, mutton or lamb, and that the chemical is not used in hogs.

The agriculture department said it would buy stilbestrol-treated birds removed from the market and divert them to other usages. No details were available on this plan.

Charles B. Shuman, president of the American Farm Bureau Federation, issued a statement in Chicago, Thursday night, challenging Flemming to "produce reliable scientific evidence that diethylstilbestrol has been injurious to humans as used in food products offered for sale."

Shuman said Flemming "has demonstrated that he is more interested in headlines or political power than in either producers or consumers."

Santa Claus Flown To Indian School

PRINCE GEORGE, B.C. (CP)—Santa Claus flew north today in a United States Air Force Dakota to deliver nearly a ton of gifts to 186 Indian children.

The youngsters are students at an Indian residential school operated at Lower Post, 16 miles from Watson Lake on the British Columbia-Yukon boundary, by a Roman Catholic missionary priest, Father Y. Levaque.

Because most of them live in isolated places so far from the school, they are unable to get home for Christmas with their families.

Hearing of this, the officers and men stationed at the U.S. army radar base at Baldy Hughes, 30 miles west of Prince George, decided to "adopt" the youngsters for Christmas.

A four-month drive at the camp resulted in a collection of more than 400 pounds of good used clothing. Sizes and ages for both boys and girls were provided by Father Levaque.

The airmen, whose fulltime job it is to watch Canadian skies for unauthorized aircraft, missiles or other flying objects, passed the hat for another $250 plus, which they spent buying toys for every child at the school.

Major Ken Coleman, officer commanding the Baldy Hughes station, then asked the air force to lend him a plane to carry Santa Claus and the gifts and treats to Watson Lake, 610 miles north of Prince George. From there it will be taken to the school by truck.

3 Election Meetings In Saanich

Three election meetings will be held this week to hear seven candidates running for three Saanich council seats in Thursday's election and four school trustees contesting a single seat on District 63 School Board.

First meeting is scheduled at 8 tonight at the Scout Hall, Shelbourne Street. A. E. Horner, a former Saanich councillor, arranged the meeting.

On Tuesday, the Elk Lake Ratepayers' Association is sponsoring a meeting in the Royal Oak High School, starting at 8 p.m.

On Wednesday, the Saanich Voters' Association will hold a meeting at Hampton Hall, Hampton Road, at 8 p.m.

New Work Point Barracks Block To Start Soon

Construction of a new $492,000 block for Work Point Barracks is expected to start soon.

The building, to house 180 men, will be three storeys high, of concrete and structural steel.

Two companies of the PPCLI now stationed at Work Point are living in wartime huts.

The building will be erected at the north end of the parade square.

Negro Convicted

HAMILTON, Bermuda (AP) —A young Negro was convicted Sunday and sentenced to death for the September slaying of a 29-year-old English secretary, Miss Dorothy Barbara Rawlinson. A jury returned the guilty verdict against Wendell Willis Lightbourne, 19, after deliberating less than two hours.

LADY CHATTERLY OK

Preacher Praises 'Banned' Novelist

VANCOUVER (CP) — A minister said Sunday that controversial novelist D. H. Lawrence has promoted a healthier and saner attitude toward sex.

Discussing Lawrence's Lady Chatterley's Lover at the Unitarian Church, Rev. A. Phillip Hewett said he did not agree entirely with the author "but in the hammering out of a new and saner approach to human life, I believe he will be numbered among the substantial contributors."

Pointing to a traffic in pornography he said was estimated $500,000,000 a year in the United States alone, Mr. Hewett suggested:

"Perhaps some of the righteous indignation directed against literature figures like D. H. Lawrence could more profitably be directed to this field:"

"Perhaps someone should have a few words to say about the large scale use of prostitutes to promote business transactions."

OPEN TUESDAY, WEDNESDAY

'Gift to Humanity' Blood Clinic Theme

Red Cross headquarters here needs 900 pints of blood before year's end to meet its quota.

A special "gift to humanity" blood donors clinic will be held in Red Cross House, 1046 Fort, Tuesday and Wednesday to meet this obligation.

The clinic will be open from 1.30 to 4.30 p.m. and from 7 to 9.30 p.m. each day.

City and municipal councils have all endorsed the work of the blood transfusion service.

Mayor Percy Scurrah said: "What better gift could anyone give than a pint of blood which may save the life of someone. I hope this clinic will receive the greatest support from the public."

. . . HYDRO

Continued from Page 1

Commission will open meetings in Washington D.C. this week to prepare its report on the Columbia River project between the U.S. and Canada.

SESSION GETS NAME

Political observers today forecast that the coming meeting of the Legislature will be known as the "power session."

While no specific legislation dealing with the huge projects has been forecast so far, the issue will run through all main debates, it is expected.

The biggest points at issue are whether the enormous Peace River program and the Columbia River development should go ahead at the same time; and whether the Peace plan should become a public project, the same as is proposed for the Columbia.

It is generally expected a provincial election will follow the session and here again power will be the main topic of argument.

SURVEY REPORT

Mostly B.C. Residents At Campsites

B.C. campsites are not cutting into the U.S. tourist trade and competing with motel and auto court owners, the provincial parks department reported today.

The department was answering a claim by the B.C. Auto Court and Motel Association that the free campsites are competing with the commercial tourist business.

The association asked the government to charge admission to the campsites.

MOST FROM B.C.

But a survey conducted by park officials showed that the 2,700,000 people who camped and visited the government sites this summer were mostly British Columbians.

As an example, more than 90 per cent of the people who used five major camps were from the province.

Percentages are as follows: Miracle Beach, 91 per cent; Forbes Landing, 99 per cent; Alouette Lake, 99 per cent; Cultus Lake, 91 per cent and Shuswap, 99 per cent.

Little Qualicum camp site was used by the most tourists during the season. But they only accounted for 15 per cent of the campers, the remainder were British Columbmians.

Park officials said if they charged people for using the parks, the sites would soon be in competition with tourist resorts.

MORE SERVICES

"If we charged we would soon be getting requests for additional services, such as hot water and showers," said an official. "We would then be competing with auto courts, as these services are provided by the resort owners.

"As it is we only provide our campers with a place to squat, fresh air and a small amount of fuel," he said. "The minimum requirements — that is all."

NEWS BRIEFS

Leon Arnold Walker, Vancouver, pleaded guilty in city police court Saturday to a charge of shoplifting about $11 worth of goods from Hudson's Bay Co. store 15 minutes after closing Friday night.

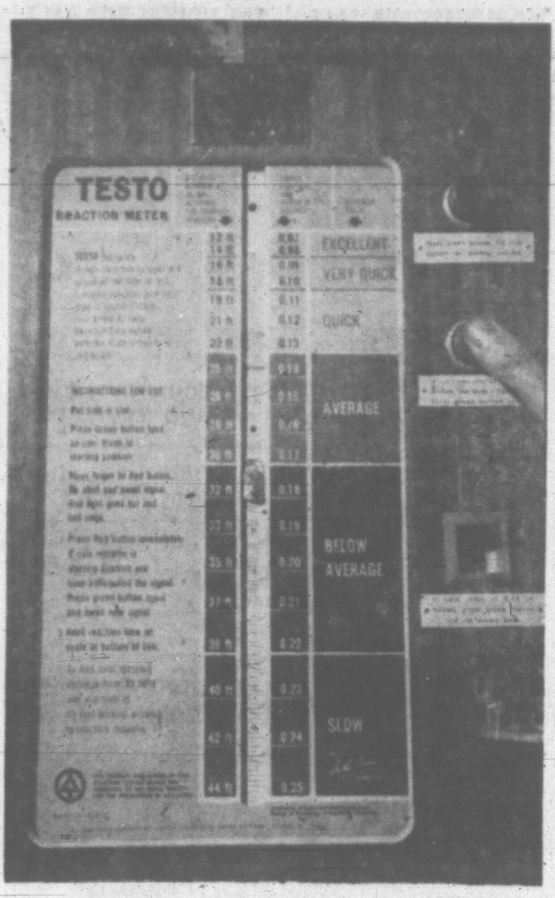
Store detective Harry Mills said he saw Walker put a $10.95 sweater under his coat and on checking the man found he also had a tin of lobster meat, a tube of toothpaste and toothbrush.

* * *

Mrs. D. Elford was named president of St. Andrew's Presbyterian Guild Groups at the recent annual meeting.

Miss Margaret Sanson was elected secretary and Mrs. D. G. Tyson, treasurer.

By agreement it was decided to forward $1,000 to the church building fund; $100 to the Women's Missionary Society; $60 to the Sunday school and $15 to the Protestant Orphanage.



Should he call a taxi or a policeman?

'NOW PRESH TH' BUT'N'

Drunk or Sober? Machine Will Tell

If you ever get to the state where you don't know, you can now find out whether or not you are too drunk to drive.

The do-it-yourself trend has come to this.

You drop a coin into a slot machine. Seconds later a bell rings and as the coin begins to drop you press a button which will suspend it.

The ringing indicates the moment you realize you must stop your car; and if you do it fast enough you get your coin back and can consider yourself fit to drive.

The machine has been introduced in Britain from road-safety conscious Sweden where it is used extensively and has won the approval of the Royal Society for the Prevention of Accidents, the Automobile Association and the Royal Automobile Club.

TEST DRIVE

An experienced driver tried out the device. At 1.05 p.m. he took the test and stopped his coin in 0.11 of a second. This was fast—his car would have traveled only 19 feet in that time.

Then he drank four beers and a whisky and at 2 p.m. the time had lengthened to 0.15 of a second. (Not bad.)

One hour and several more beers later he tried it again. This time he took 0.23 of a second to stop the coin in which time his car would have travelled 40 feet.

"I feel fine, but badly jolted by this," he told a photographer who snapped his final experiment.

New Insurance Scale Aids Good Drivers

MONTREAL (CP) — Accident-free drivers and owners of cars that cost less than average to repair will benefit most from changes in 1960 automobile insurance rates, the All Canada Insurance Federation said today.

The federation said that drivers with a five-year accident-free record will be given higher discounts than those already in effect for drivers with a one-year, two-year and three-year safety record.

The five-year safety discount will be 48 per cent off standard rates provided the insured car averages less than 10,000 miles annually, is not used for business or is not driven by anyone under the age of 25. If the car is used to drive to work, there will be a 45 per cent discount provided the driver is 25 years of age or over.

Other accident-free discounts are 10 per cent for the first year, 20 per cent for the second year and 35 per cent for the third successive year without an accident.

RATES VARY

Rates vary throughout Canada depending on an area's susceptibility to accidents and the type of insurance that covers a driver.

Using $100 as an example of a driver's basic annual rate, the 1960 rates would work out this way: After one year without collision the driver's insurance would cost $90; after two years, $80; after three years $65, and after five accident-free years his insurance would cost $52 if the car averaged less than 10,000 miles annually, or $55 if the car was used to drive to work.

The federation said lower rates on cars that prove to be less costly to repair will be put into effect as soon as possible. It indicated this would apply mostly to the smaller models.

The federation said, however that the new rates would be based on past repair costs of the car and not on expected operation.

NO DECISION ON TB CASES

Premier Bennett said there has been no decision yet on whether B.C. will accept any of 100 tubercular immigrant families being brought to Canada by the federal immigration department. Ontario has offered to accept 30 to 40 of the families from destitute areas of Europe. Asked for a personal opinion, the premier said he was unqualified to talk on the matter, "It's a question for the health authorities."

Ghosts on the Assembly Line And Spooks in Stable Make Hay

By HAL BOYLE

NEW YORK (AP)—Samuel J. Michelson is a man content to take the cash and let the credit go.

At 52 he is recognized as the Henry Ford of one of the most flourishing but least known industries in the U.S.—professional ghost writing. He put the business on an assembly line.

"We don't worry about the anonymity so long as the pay is good — and it usually is," said Michelson, who is known as "Pops." He is small, blue-eyed, friendly, eager-faced. He looks a little like Mickey Mouse and a lot like Adlai Stevenson.

"Pops" began setting type in a country weekly at 13. After college he free-lanced for a time, then decided he could make more money writing under other people's names.

MILLIONS OF WORDS

His success as a literary haunt has been both spectral and spectacular. In the last 25 years he has written or revised more than 20,000,000 words.

"I've turned out everything from first-person adventure stuff to romantic novels, political speeches, and scientific treatises," he said. "There's no subject or assignment that ever stumped us, although when it comes to the field of electronics, I'm dead there myself."

For such specialized topics he draws upon a fulltime staff of three ghostly aides and a spook stable of 200 part-time workers.

"Among them are engineers, scientists and educationists who want an outside source of income," he remarked. "There's no shortage of writing talent."

COMPETITION STRONG

Who seeks the services of a ghost writer today? Practically everybody. His clients have included explorers, major corporations, publishing houses, surgeons, prime ministers of foreign countries, statesmen and judges, aging actresses who hope a well-written autobiography will lead to a comeback.

Ghost writing has become an intensely competitive business, and centres in New York, Hollywood and Washington. Michelson estimates there are 20 such services in this city largest—although no industry-wide figures are available.

His fees, depending upon the research required, range from $100 to $250 for a half-hour speech, from $1,800 to $3,500 for a full-length book or novel.

"The biggest trouble with ghost writing," he confessed, "is in getting letters of recommendation from satisfied clients.

"They're all a bit bashful about admitting publicly how much of their eloquence is owed to a paid wraith and a hired pen."

. . . FRANCE

Continued from Page 1

held here, attended by the foreign, defence and finance ministries of both countries, as well as Twining.

Meanwhile, Canadian External Affairs Minister Howard Green arrived early today for the meeting, and said he hopes NATO will pick up the ball where the United Nations left off on the subject of disarmament.

Green, Defence Minister George Pearkes and Finance Minister Donald Fleming arrived at Orly airport just after midnight by RCAF Comet jet airliner from Ottawa after a stopover at Goose Bay, Labrador.

The ministers stressed the importance that Canada placed on disarmament in the talks—beginning Tuesday—of the 15-nation NATO council.

No Strings Attached

Premier Bennett emphasized today there are "no strings" on his most recent offer to make a provincial grant toward a Victoria auditorium.

Last year, he made a similar offer, with the provision, the provincial aid would be given if the federal government gave a like amount.

"There are no such strings attached to the offer made the other day," said the premier referring to the announcement last Wednesday. He said the auditorium grant would follow completion of a new museum and archives.

Pressed for a starting date on the museum, the premier was non-committal. He said last week it would follow completion of the courthouse, for which the excavation is now being dug.

PARKING SPACE NEEDED

He told a press conference today he had no specific ideas on location of the auditorium, except it must have adequate parking space.

Speaking with regard to the promised museum he said the government will accept advice on this project from the people who have taken an interest in B.C. history. It is intended to be more provincial in nature than a museum of national interest.

Asked about the buildings size, he said only it would be a "substantial building." The south-east corner of Belleville and Government has been suggested as a likely site.

Funeral Tuesday For Well-Known Marine Engineer

Hugh Douglas Cavin, a member of a well-known Victoria marine family, died at the Royal Jubilee Hospital Saturday. He was 75.

A marine engineer for a large number of vessels which operated in and out of Victoria, Mr. Cavin was the brother of Capt. Ellis Cavin, also of Victoria, who acted as navigator for the famous swim of Marilyn Bell across the Strait in 1956.

He is survived by two sisters, Mrs. G. Aaroe, Vancouver, and Mrs. H. J. Brown, Victoria; two brothers, Capt. W. Cavin, White Rock, and Capt. Ellis Cavin.

Funeral service will be held at Hayward's Chapel on Tuesday at 1.30 p.m. Rev. G. H. Turpin will officiate.

PREMIER'S PREDICTION:

Internal Strife Ahead for CCF

Premier Bennett today forecast a battle within the ranks of his major political enemy, the CCF.

He said this is indicated by recent criticisms of MLA Cedric Cox (CCF-Burnaby) directed at the proposed merger of the CCF and the trade union movement.

"Now there is a feud between Winch and Strachan," the premier added.

'COLD RELIEF'

The difference between former CCF provincial leader and present leader Robert Strachan "stands out in cold relief," said, the premier.

Mr. Winch, recently returned from abroad, said he was certain B.C. employers and B.C. labor leaders would have to be more realistic in wage and profit demands or the province faces economic disaster.

The premier said Mr. Strachan's reported reaction to this was to state Mr. Winch had "been away too long," suggesting Mr. Winch had lost touch with B.C. affairs.

"I think Mr. Winch knows 10 times as much about B.C. I think it was a very ill-advised statement," said the premier.

Space Death For Russians?

NUERNBERG, Germany (AP) — Professor Hermann Oberth, German space scientist, said Sunday he believes published reports that four Soviet astronauts have died in attempts to put man into space.

"I know from American intelligence reports that one attempt at the end of 1957 or beginning of 1958 failed," Oberth said. "I believe the Russians made several other attempts."

He was commenting on reports published by the Italian news agency, Continentale, that reliable informants in Prague said the Russians have made four gain attempts to get a human being—in one case a woman—into space.

In Washington, the National Aeronautics and Space Administration had no comment on the report. A spokesman referred to statements by the Soviet space chief, Leonid I. Sedov, that Russia has no man-in-space program under way now.

BASE NEAR IRAN BORDER

Oberth, 66, a former member of the U.S. Army's missile program at Huntsville, Ala., said he knew from other American intelligence reports that the Russians use a missile base near the Elbrus Mountains close to the Iranian border as the launching site for human space rockets.

The Russians have experimented for two years with manned rockets but have not yet used first-line test pilots in space ships, said Oberth.

He was vague on details of Soviet space-flight attempts, but said he is convinced the Russians had rockets with sufficient thrust to hurtle manned space vehicles into orbit.

Continentale said the Russians made four separate attempts to achieve manned space flight from a Soviet missile base north of the Iranian-Soviet border. It said each failed and the astronauts vanished in space. The astronauts were identified as Alexei Ledowsky, Serenty Schiborin, Andreij Mitkow and Mirija Gromov.

ANIMALS FIRST SOVIETS CLAIM

MOSCOW (UPI) — Reports from Italy that four Russians have been lost in space flights that failed have been ridiculed by informed sources here.

Sources said the reports were erroneous and that Russia plans many more experiments with animals before contemplating sending a man into space.

A three-car collision sent Rosmarie Petrant, 21, of 2320 Howard, to Jubilee Hospital with head and knee injuries at 5.50 p.m. Friday.

Police said she was a passenger in a car driven by Gustaf Petrant, of the same address, which was in collision with one driven by Wilfred Bates, 1618 Cedar, in turn in collision with a parked car owned by D. F. McLennan, 2306 Shakespeare.

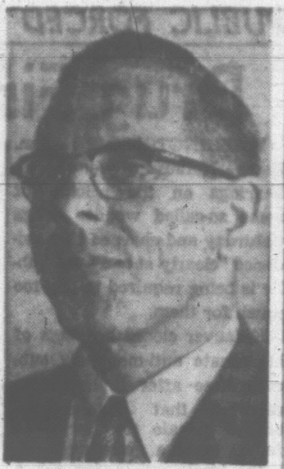
FRED BERG

. . . 4576 Wilkinson, is contesting single seat on school board 63. He is a Veterans' Land Act building supervisor. He believes in stricter inspection and supervision of school building, construction and finances; advocates larger playground facilities for schools, so that they can be also used for recreational summer activities.

DAVID WOODSWORTH

. . . well-known director of Family and Children's Service, who lives at 4977 Prospect Place. He's a sensitive man, dealing as he does with human problems; knows human behavior.



LOUIS SCHEMLZ

. . . endorses more thinking before further school sites decided on; says Royal Oak Junior-Senior School built "in swamp". Endorses $800,000 SD 63 referendum. Works at HMC Dockyard. Lives at 5426 Parker.

Four Run for One Seat As Saanich Trustee

Four candidates Thursday will contest for one available school board seat in School District 63 (Saanich).

They are David Woodsworth, Fred Berg, Louis Schemlz and Mrs. J. M. Thomas.

There were no nominations for the Central Saanich seat on the school board. The vacancy will be filled by government appointment.

Ratepayers will also vote on an $800,000 school building bylaw.

Only Mr. Schemlz has contested before. He ran unsuccessfully three years ago.

TRAFFIC FINES

In city police court Saturday:

Robert Eaton Jones, 3287 Alder, $10 for driving with one headlight.

John Burton Morgan, 532, Constance, $20 for speeding over 30.

Donald J. Matheson, 939 Johnson, $35 and licence suspension for careless driving.

Duane Robert Deason, 3022 Wascana, $25 for failing to heed a siren and $20 for speeding over 30.

MRS. J. M. THOMAS

. . . 4781 Timber Place, wife of former principal of Mount View High, is only woman seeking seat on School Board 63. She was school trustee in Saskatchewan before coming to Victoria and has been active PTA member here; believes a woman can be of service on school board, especially on matters dealing with children and parents.

Couple Flies Away From South Africa With 'Colored' Son

CAPETOWN (Reuters)—An English couple who were told they could keep their mixed blood foster-son only if they left South Africa departed by plane Sunday for England.

The British Amalgamated Society of Woodworkers paid the air fares for the family—Mr. and Mrs. Frank Beecher and two-year-old Tommy, whom they officially adopted soon after he was found on the steps of a Roman Catholic church. They thought he was white but earlier this year they were told he had been classified as "colored" by the South African population registrar.

ROUGH STRIKE TALKS RESUME

ALBERT LEA, Minn. (AP)—Minnesota Governor Orville Freeman announced Sunday agreement has been reached between Wilson and Company and the striking United Packinghouse Workers' Union to resume negotiations "very soon."

The announcement came as the first break in the long dispute over working conditions that erupted into violent demonstrations in this southern Minnesota city last week and put the community under martial law.

WOMAN DRIVER — Miss Sharon L. Cipollone, 20, driver of the car on top, walked away shocked, unhurt, in this freak early morning accident at Cincinnati. She claimed that her windshield became fogged and she could not see the auto transport carrier parked at the curb, with its ramps in place to unload the autos. Her car slithered up one ramp on its undercarriage and stopped in this position.

UN FORCES ALERTED

S. Korea Threatens Repatriates' Ship

NIIGATA, Japan (AP) — Two shiploads of cheering, singing Koreans sailed for Communist North Korea today.

South Korea, which had threatened to block the movement with force, put its army, navy and air force on emergency alert. A semi-official Korean newspaper, which reflects President Syngman Rhee's views, said in an editorial:

"The ways of peace having failed, other means obviously will have to be tried."

The United Nations Command, which has operational control over South Korean forces, would not comment. But it ordered UN and U.S. military personnel in Korea to stay at their posts to avoid becoming involved in possible civil disturbances.

It seemed doubtful that South Korea would actually attempt to interfere with the two unarmed ships, both Soviet vessels chartered by the North Korean Red Cross.

A total of 975 Korean adults and children boarded the two ships in an uproarious farewell.

They were scheduled to arrive Wednesday morning at Chongjin. North Korea has promised them jobs, education and homes — a promise they said they failed to get from South Korea.

Four thousand more of the 600,000 Koreans in Japan are signed to go soon.

GIVE MONEY FOR SURPLUS ARGUE URGES

DYSART, Sask. (CP)—Hazen Argue, CCF leader in the Commons, Friday night proposed Canada put $300,000,000 a year for aid to underdeveloped countries as one way of helping Canadian primary producers—the farmers and fishermen.

"Such an increase in development capital and purchasing power," Mr. Argue said, "will, in the long run, tend to reduce our food surpluses and raise the prices paid in Canada for products of the farms and the fisheries."

He said that "the existence of unsalable food surpluses in Canada while a billion and a half people in the world go hungry is a truly scandalous situation."

PUBLIC FORCED TO PAY TOO MUCH SAYS KEFAUVER

Drug Firm Sold 14-Cent Hormones for $15

WASHINGTON (UPI)—Sen. Estes Kefauver wound up hearings on the pricing of some so-called wonder drugs Saturday and charged that evidence "clearly shows" the public is being required to pay too much for them.

Kefauver closed hearings of his senate anti-monopoly subcommittee after investigators reported that Upjohn Co. bought female sex hormones for 14 cents a gram and sold them to druggists for $15 a gram, an increase of 10,000 per cent.

ANTIBIOTICS NEXT

He also announced that hearings will resume about the middle of January, touching on another product in the drug field. Sources have indicated that antibiotics will be next on the list.

Kefauver said there is clear evidence that wonder drug prices are too high, and that there is an excessive difference between manufacturers' costs and retail and wholesale prices.

Kefauver also cited testimony showing that over the last three years the drug industry's profits have been the highest in the country—about twice that of any other industry.

$5,000 PER DOCTOR

He said that $750,000,000 spent on promotion and advertising by the big companies figures out to about $5,000 for every doctor in the country, and that this outlay appears "much too large."

A spokesman for a group of retired civil service employes said the high cost of drugs poses a special problem for older persons, and urged that legislation be passed to remedy the situation.

To wind up this phase of the hearings, the subcommittee Saturday asked Dr. E. Gifford Upjohn, president of the Upjohn Co. of Kalamazoo, Mich., how the company can sell female hormones in Britain for $7.53 per tablet while charging U.S. customers $17.90.

The female sex hormone questioning centred on "progresterone" which can be used both in the manufacture of other drug products and as a separate pharmaceutical.

Lawyers said Upjohn bought $3,000,000 worth of progresterone last year at 14 cents a gram price but when it was sold to druggists in ampule form, the cost was $15 a gram.

Subcommittee counsel also said that smaller firms were selling the hormone to druggists for $2 or $2.98 a gram.

Of the British price differential, Upjohn said it was not his firm's policy to sell abroad at prices lower than in the United States. But he said the price of the arthritis drug, prednisolene, in Britain was "in effect" fixed by the government.

He testified that Upjohn accepted the price in exchange for help in establishing a manufacturing outlet in England.

Ten boys who participated in the recent nut selling drive on behalf of the Y's Men's Club received a free 15-minute flip Saturday, compliments of Victoria Flying Services Ltd.

They went up, three at a time, at Patricia Bay Airport.

CHESSMAN LOSES AGAIN IN BID TO STAY ALIVE

WASHINGTON (UPI) — The Supreme Court today denied another hearing to Caryl Chessman, who for 11½ years has been forestalling death in California's gas chamber by legal manoeuvering from his jail cell.

The brief order means California is again free to carry out the execution.

Low-Lying Areas Swamped But Rain Short of Record

CREEK AT CREST

Furious rush of Bowker Creek is shown here as the rain-swollen water course frothed and tumbled the last few yards into Oak Bay today. White water speckled the silt-laden creek as it roared by the foot of Marine Oaks apartment building (right) at 1725 Beach Drive. The creek pushed a broad ribbon of muddy water out into the bay and along its shores. Fortunately it did not spill over its banks. (Strickland photo)

BOTH DOING WELL

Baby Arrives To Victorians On RCMP Launch

RCMP patrol launch Sidney, newly commissioned this year and stationed at Ganges, Salt Spring Island, today came through with flying colors in her first test as a maternity hospital.

She lost her race tothe stork in Captain Passage, on a trip from Montague Harbor to Ganges. Cpl. Spencer Smith, her skipper, hove her to at the height of this morning's storm while Dr. H. Johnson and Const. Ray Perry officiated at the birth of Wendy Lynne Dyer.

The story started when Mr. and Mrs. L. Dyer, of 596 Baxter, in Victoria, decided they could sneak over to Galiano Island for a weekend with Mr. Dyer's parents, Mr. and Mrs. H. T. Dyer, before the baby was born.

EMERGENCY CALL

At 1 a.m. today, though, they realized they had cut their timing too fine, and called the RCMP boat. Cpl. Smith called Dr. Johnson and Const. Perry, and set sail.

Spot where the baby was born, between Prevost and Salt Spring Islands, proved to be the roughest portion of the trip. It is about five miles from Ganges.

Mrs. Dyer walked aboard the vessel herself at Galiano Island, and walked off at Ganges. She and her baby daughter are in fine condition at Lady Minto Gulf Islands Hospital at Ganges. The little girl weighs five pounds, 10½ ounces.

Mr. and Mrs. Dyer left their other child, a son of 17 months, with his grandparents on Galiano Island. Mr. Dyer is a sailor, stationed at HMC Dockyard.

178 MILLION AMERICANS

WASHINGTON (UPI) — The census bureau said today the population was about 178,780,000 on Nov. 1.

This was an increase of 3,655,000 or 2.1 per cent over the November, 1958, estimate. Next April's census is expected to show a population of approximately 180,000,000.

U.K. TELESCOPE POISED TO TRACK VENUS SHOT

MANCHESTER, England (Reuters) — Observers at the world's largest radio telescope near here today reported they are standing by for the firing of a United States space rocket to Venus.

The launching at Cape Canaveral is expected to take place within the next few days.

If successful, tracking stations in various countries will be able to pick up signals and some, including Jodrell Bank, will be able to switch the transmitters in the rocket on and off.

PROTEST TO HERTER

France 'Hurt' By U.S. Blast

PARIS (Reuters) — France today protested to the United States against remarks by Gen. Nathan F. Twining blaming France for being the main nation responsible for delays in carrying out NATO's current defence program.

The protest was made by Foreign Minister Maurice Couve de Murville when he received Secretary of State Christian Herter this morning, a French foreign ministry spokesman said.

Twining made his remarks at a secret NATO meeting last week. His remarks on France's NATO defence efforts later leaked out.

Couve de Murville expressed his "extreme surprise" at the American press revealing statements made at a session of the military committee of NATO.

SHOULD BE SECRET

Such meetings, he reminded Herter, were in principle considered to be secret.

According to the spokesman, Couve de Murville also stressed the exaggerated and disproportionately dramatic dramatic manner in which the problems raised by Twining and involving France's request for reorganization of NATO had been presented.

This was all the more regrettable coming on the eve of a meeting of NATO at a moment when unity of the 15 NATO nations prior to the East-West meeting was vital.

Couve de Murville also complained to Herter about the attitude adopted by the United States over the Afro-Asian motion on Algeria at the United Nations Assembly Saturday.

CAREFUL LANGUAGE

The carefully-measured language habitually used by the French foreign office emphasizes further the seriousness of the objections made here to the attitude adopted by the U.S. over most of the issues arising between the U.S. and France, diplomatic observers said.

The French particularly resent what they regard as a deliberate attempt in some allied quarters to prejudge the French case for a reorganization of NATO and to turn this demand into a sort of accusation of non-co-operation inside NATO.

Tonight a Franco-American "reconciliation dinner" is to be

B.C. Hydro Power War Getting Hot

By PETE LOUDON

The big electric power issue in British Columbia is boiling to a head this week with developments on several fronts.

It is practically certain to be one of the main points of controversy when the legislature meets next month.

Major developments ahead are:

1. The new British Columbia Energy Board under Dr. Gordon Shrum will hold its first meeting here Tuesday at noon.

BRIEF FILED

2. Opposition Leader Robert Strachan today announced he has filed a brief with the board urging it have power to deal with the big Wenner-Gren project and lay out an orderly power development plan for B.C. (see page 10).

3. Peace River Power Development Company, scheduled to file its detailed plans with the provincial government before Dec. 31, is expected to do so this week before the Christmas holiday period.

4. The International Joint

WIRE BRIEFS

Production Resumed

WINDSOR, Ont. (CP)—Full production was resumed at all Chrysler of Canada assembly plants here today as steel supplies increased.

Pay Raise Cancelled

CALGARY (CP)—City council today cancelled a $6,000 increase in the pay of Mayor Harry Hays and apologized to the mayor for voting him the raise last week.

Children Suffocated

FORT WILLIAM (CP) — Two children were suffocated by dense smoke early today when fire broke out in their home in the western section of the city.

'Charge Rent For Airwaves'

WASHINGTON (UPI) — A magazine editor suggested today that the government "rent" channels to TV and radio broadcasters so the public can share in what he called the "magnificent profits" of broadcasting.

John Fischer, editor of Harper's Magazine, told the Federal Communications Commission that the government should treat the airwaves as it does forests and other publicly-owned resources "and stop giving them away free."

New Federal Laws to Ban Loss Leaders, False Ads

By VICTOR MACKIE
Times Ottawa Bureau

OTTAWA — Legislation to ban the persistent use of a product as a loss leader and to end misleading advertising practices by retailers, will be introduced at this session of Parliament, Justice Minister Davie Fulton told the Times today.

The proposed legislation banning loss leader practices is designed to enable manufacturers to withhold deliveries to retailers who "persistently" use their products as loss leaders.

"COME-ON"

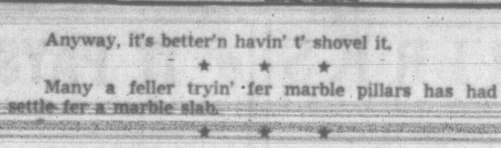
It is in the form of an amendment to the resale price maintenance section of the Combines Investigation Act. It does not end legislation against resale price maintenance but it would stop a retailer from continually utilizing a manufacturer's product as a "come-on" by advertising it at a price too low to realize a profit.

A "loss leader" is an article sold at a price to attract customers to a store in the hope of selling other articles.

The proposed legislation also will prevent a retailer from engaging in misleading advertising in regard to articles supplied by wholesalers.

Similar legislation was introduced at the last session of Parliament. It was incorporated in a bill to amend the Combines Investigation Act and the Criminal Code.

The proposed legislation was subsequently withdrawn by Mr. Fulton. The session was rapidly drawing to a close and introduction of the legislation would have prolonged the session. In addition, Mr. Fulton had numerous representations made to him suggesting changes in the bill as it had been drafted. In view of these representations and the lateness in the session the minister withdrew it.



Anyway, it's better'n havin' t' shovel it.

EASY WINNER

Archbishop Makarios, leader of the Greek-Cypriots, tonight was declared winner of Cyprus' first presidential election. He defeated his only opponent, John Clerides, by a substantial margin.

Greeks Go Gay For Ike

See page 3

ATHENS (AP) — Working a 20-hour schedule, President Eisenhower said goodbye to India today and won rousing welcomes in Iran and Greece.

In Athens, hundreds of thousands of Greeks turned out to cheer and wave. King Paul greeted the president enthusiastically at Ellenikon Airport, saying the Greek people had watched his journey so far with deep emotion.

In reply, Eisenhower noted the long history of Greek culture and said Greece's devotion to democratic principles has won the admiration of the world.

"I assure you that the welcome from His Majesty, the government, the people and the individuals here means very much to me," the president said, "And I hope that the discussions I will have with your government will be fruitful."

STOPOVER IN IRAN

Premier Constantinne Karamanlis and Crown Prince Constantine joined in welcoming the first U.S. president to visit Greece.

On the way from India, the president spent six hours in Iran, much of it in talks with Shah Mohammed Reza Pahlevi —who wants more American aid.

Eisenhower praised Iran for refusing to stand on the sidelines in the West's resistance to Communism.

A communique said the president and the shah agreed on the importance of the Central Treaty Organization (the former Baghdad Pact) in "preserving stability and security" in the area. The communique added:

"The president said the United States intends to continue to assist Iran in the mutual interest of both nations."

* * *

THE STREETS WERE PAVED WITH RUGS

TEHRAN, Iran (AP) — President Eisenhower was astonished to find his limousine rolling over rich Persian rugs in the streets of Tehran today.

Beautiful rugs were placed at several points along the four-mile route from the airport to the palace of the shah. A bit later the shah gave Eisenhower a large red and blue rug—a new one.

"Obviously, you must know how I love Persian carpets," the president said in accepting the rug. "I was chagrined when I saw how we were driving over them today. That is not the way we treat them in America."

HUTCHISON ON JAPAN PAGE 6

Downpour Hits City, Island

About 200 men in municipal crews unplugged clogged catch basins and culverts and pumped out flooded basements today as a downpour loosed almost an inch of water on Greater Victoria in six hours.

Engineers in the four municipalities reported complaints were distributed in a scatter-shot pattern of "spot problems".

The weather office reported about 1½ inches of rain fell between 4 p.m. Sunday and noon today—the equivalent of about 170 tons of water over every acre.

The official record showed 1.17 inches fell by 10 p.m. An estimated .3 inches was added in the following two hours, midway between regular precipitation checks. It included a .86-inch fall during a six-hour period this morning.

A forecast of lightening rain, turning to showers overnight and Tuesday, reminded soaked Victorians of the four-inch deluge that swamped the city in a single 24-hour period four years ago.

But no repetition of the record flood year was expected as small crews of municipal workmen moved quickly from trouble spot to trouble spot—keeping things "well in hand," according to all the municipal engineers.

50-Man Trouble Crew in Saanich

Hardest hit appeared to be Saanich municipality. Some 50 men were shifted from street to street in the Gorge area as water coursed over streets and gardens where there are no street drains.

Fields in some rural areas were flooded.

Culverts ran full in the low-lying Braefoot area, overflowing at some intersections where water spilled over flat lawns and surrounded houses. Roads in the Simon and Blenkinsop area were covered with puddles at various points.

The Golfland driving range on Patricia Bay highway was flooded by more than two feet of water over a 150-yard stretch as rainfall drained down from higher ground.

In the city, about 30 calls of trouble—flooded gardens and some basements — were expected to grow to the 100 figure before the day was over.

But engineers reported there was no disruption of the storm drain system, preventing any serious problems. About 75 workers were patroling streets and answering trouble calls.

In Esquimalt, the situation was repeated although one basement of a new house was flooded up to the four-foot mark when run-off was channeled into an old creek bed that passed through the site. But municipal workers diverted the stream and the basement was emptied in a matter of minutes.

Gorge Vale golf course was flooded on various links as a storm drain outflow ran into stiff resistance from high tides.

6 Inches at Tofino in 30 Hours

Oak Bay officials reported about 30 calls were attended by some 40 public works employees as gardens and a few basements were flooded.

A storm drain in the 500 block St. Patrick became plugged with debris for a short period, threatening to overflow a downslope into three basement garages but a pump crew brought the situation under control.

Recently-installed pumps at discharge ends of various outflows kept the Oak Bay drainage system from backing up due to the high tides.

Elsewhere on Vancouver Island, rain fell heaviest on Tofino, where the instruments recorded 6.26 inches in 30 hours. Nanaimo recorded .98 inches in the same period.

Nuclear Plea to PM By University Men

OTTAWA (CP)—A delegation representing some of Canada's leading intellectuals today discussed nuclear disarmament with Prime Minister Diefenbaker.

At the end of the 1½-hour interview, the prime minister asked the University of Toronto committee on nuclear disarmament to prepare a brief outlining in detail the concensus of their views on courses to be followed by the government.

The five delegates presented the prime minister with a petition urging the government to press in the councils of the world for an immediate end to the testing and production of nuclear weapons.

The petition was signed by some 630 members of the University of Toronto faculty, and by 2,500 students. Signatories included university president Dr. Claude T. Bissell and heads of most of the university's colleges.

It said the cessation of production and tests of nuclear weapons would check "the increasing danger of world war" and constitute a step towards world disarmament.

Members of the delegation told reporters afterwards they would like to see the Canadian government pursue a more aggressive policy on nuclear disarmament.

Mr. Diefenbaker, speaking to reporters, said "there is considerable merit in the viewpoint" expressed in the brief.

KOREAN CRIPPLED KIDDIES' FUND

Gifts Top $2,000 For War-Torn Tots

The Korean Crippled Kiddies Fund, today, passed the $2,000 mark in the campaign to help war-maimed children.

Money goes through the Unitarian Service Committee to build a rehabilitation centre in Seoul's Sam Yook Home.

Thinking behind the gifts goes deeper, however, than construction of the centre.

The 150 children in the home, being helped today, will be ambassadors on behalf of the West when they grow up, contributing their part to much-needed understanding.

Cheques or cash donations may be sent or brought to the Times downtown office, 1215 Board, or to the main office, 2631 Douglas. They are deductible from income tax.

This is an opportunity to give a personal Christmas gift with international significance.

Oil Curb Exempts Canada

WASHINGTON (CP)—The United States will reduce west coast imports of oil in the first half of 1960 but will exempt Canadian oil from these tightened curbs.

Officials Friday estimated west coast imports from Canada—free from restrictions—will remain at about 52,000 barrels daily, unchanged from average imports during the last half of 1959.

Imports from other countries will be reduced by a total of about 13,000 barrels daily. A rise in shipments from Canada is given as the main reason why imports from other countries must be reduced.

CANADA EXEMPTED

Canada was exempted from U.S. oil curbs last April 30 after a two-year diplomatic battle. In addition to northern oil which flows into the Great Lakes communities of the U.S., four west coast refineries buy Canadian crude.

U.S. authorities had been basing imports from Canada at 22,000 barrels daily, the average shipment during the 1959 April-June period.

But American competitors complained of the heavy west coast competition from foreign crude and now the U.S. government has officially recognized that imports from Canada had increased to an average of 52,000 barrels daily.

Federal inquiries of the four west coast refineries—Shell, General Petroleum, Texaco and U.S. Oil Refinery—indicated these companies intend to keep their imports from Canada in 1960 at the 1959 level though the west coast market generally is expected to increase.

The increase in the market is to be retained by U.S. oil shippers.

SEEK OTHER MARKETS?

Canada also ships about 60,000 barrels daily into the U.S. Great Lakes area, particularly Wisconsin and Minnesota. There is some speculation Canadian exporters will attempt to move oil into other states, such as Indiana and Mississippi, but this attempt would be met by stiff U.S. competition.

U.S. experts said, however, that recent price cuts in Canada indicate that Canadian exporters might be able to meet midwestern competition next year. They said the U.S. government will not attempt to interefere in any legitimate Canadian export plans.

Late-Season Upswing On Markets

By GREG MacDONALD

Spearheaded by paper, steels and nickel issues, Canadian stock markets last week began a late-season climb.

It was no longer a watch-and-wait game for investors as resurgent buying power on the New York market began to spill over into Canadian exchanges.

However, say investors, the move this week has yet to assume the proportions of a trend reversal.

The average volume for the week was slightly more than 2,000,000 shares which was about the same as in previous weeks.

There are a number of reasons for the low volume and investors are quick to name any one of them. Among the most predominant though are tight money and the 1960 U.S. presidential election.

U.S. TAX SELLING

Tax selling in the U.S. is another reason and this has been specially hard on oil and gas issues.

There is no tax-selling in Canada as capital gains are not taxable.

Some investors said last week's climb was also due to Christmas buying but gains by all indices showed that the Wall Street buying power stood out as the main reason.

$2.6 Million Chemical Plant Set for Trail

TRAIL (CP)—Consolidated Mining and Smelting Company announced today it will start construction of a $2,600,000 alkali-chlorine plant here this month.

R. D. Perry, vice-president and general manager, indicated in a statement the decision to enter this phase of heavy chemical manufacture was made after the signing of a sales agreement with Celgar Limited which is building a $50,000,000 pulp mill at Castlegar, 20 miles north of here.

The new mill will produce liquid chlorine and caustic soda for the pulp mill and potassium hydroxide for its own processes here.

PATIENTS from Veterans' Hospital were guests for 13th year at annual Christmas party Friday held by New Method Laundry in Empress Hotel. Happy party-goers with Santa Claus are Kay Lok and Chris Newman. Frank Lee, 84, who had left arm injured in First World War, received special present. Six "veteran" guests were in attendance.

BUSINESS VIEWS

Bourbon Sales 'Not Likely'

By HAL MALONE
Times Business Editor

Bourbon in Victoria?

"Splendid idea," thinks **Hayden Raynor,** United States Consul-General.

"Not ruddy likely," say Victoria and Island Publicity Bureau directors.

Malone

The desirability of selling bourbon in B.C. was raised recently by Mr. Raynor on a trip to Victoria.

His pitch: Many American tourists visiting B.C. are desirous of purchasing U.S. bourbon.

While Mr. Raynor's motives were apparently designed to make tourists happy, his idea seemed doomed at the outset.

Liquor and wine outlets say there is practically no call for bourbon. If tourists have dry throats for it, they haven't turned up here.

Secondly, the B.C. Liquor Control Board has never jumped enthusiastically at suggestions that its vendors stock imported snake-juice. Despite considerable lobbying to offer vodka, the LCB waited some time before approving the suggestion. And even today if you like vodka you can buy all you want. But only by the case.

Asked by Mr. Raynor to endorse a "sell bourbon" proposal, Publicity Bureau directors politely replied it was not the practice "of the bureau to take action in matters of this kind." They referred the communication to the LCB—and you can guess what will happen to it.

* * *

Business and non-business people often take pot shots at Victoria Chamber of Commerce. By reason of its size (over 900 members), it often becomes the scapegoat for everything from supporting fluoridation to operating a Christmas shoppers' bus.

Every year, however, the Chamber puts on a Christmas party that is as professional as its members, as worthy as its objectives.

They did it again Friday for the sixth consecutive year. And while this department wouldn't recognize a basso from a profundo, the entertainment can only be described as "par excellent." Richmond, B.C., produced two of the artists, accordionist **Rickey McClelland** and songbird **Betty Phillips.** The third group, the masterful marimba manipulators from Stateside, were billed as **The Wheelers.** All were masterful.

To close the program on a religious note, choir boy **Timmy Vernon** sang "Silent Night."

Young McClelland (he's just turned 18) is one of the foremost accordionists in the world. At the world competition in New York last summer he placed **15th.** Thirty-five others didn't do as well. And the next youngest in the entry list was 30.

Singly or collectively the entertainers provided 420 Victorians Friday with some of the finest business—show business, that is—they've seen for some time.

* * *

Nowadays a person can obtain life insurance at fixed premiums no matter what his particular line of business happens to be.

But it wasn't that way in 1863.

Howard Potter, manager of the Victoria branch, Standard Life Assurance Co., has the evidence to prove it.

Howard turned up this week with a policy issued in Victoria, circa 1863, to one **Henry P. P. Crease,** "barrister at law, attorney-general for B.C., residing at New Westminster."

The policy was written by the Colonial Life Assurance Company (later taken over by Standard Life), and is dated Aug. 11, 1863. Mr. Crease's policy amounted to £1,000 and was ultimately discharged in the amount of £1,532, 10 shillings. Because the pound was much sturdier then than now, the policy was finally discharged in the amount of $7,392.91.

The policy contained some interesting clauses.

If he wanted to leave B.C. for a trip to Europe, Mr. Crease had to pay an extra premium of "10 shillings per cent" on the amount for which he was insured.

But the most delightful clause reads: "It is hereby declared that the assurance granted under this policy succeeds on the understanding that the within designed Henry Pering Pellew Crease is not to engage in gold searching or gold mining operations without licence from the directors and payment of such extra premium as may be thought necessary."

Observes Mr. Potter: "Sounds as if they thought gold mining called for mixing with wild natives—a pretty risky business I suppose in those days."

Aviation Award

WASHINGTON (AP)—Vice-President Richard Nixon Friday presented the Harmon International Trophy to Maj. Andre Turcat of France as the world's outstanding aviator of 1958. Turcat flew a ram-jet fighter plane, the Griffon, at twice the speed of sound and to an altitude of 60,000 feet.

HUGE DOCK UNDER WAY IN VANCOUVER

VANCOUVER (CP)—Work is under way on a new $6,000,000 deep-sea dock that will change the face of Vancouver Harbor. The W. G. Mackenzie, largest dredge in western Canada, will be employed for the project.

The development, 3,200 feet east of Lions Gate Bridge, is being done by Vancouver Wharves Limited, and will provide berths for five or six ocean-going ships in a 3,000-feet-long dock space.

Initial expenditure will be for a $2,000,000 two-ship berth.

The W. G. Mackenzie will excavate 1,000,000 cubic feet initally to provide a water depth at the dock of 36 feet at low tide and 52 high.

GRAIN

WINNIPEG (CP) — Flax prices showed an easier tone today on the Winnipeg Grain Exchange with early selling by commission houses and other sources responsible for declines.

Lakehead prices for Class Two, IWA and Domestic wheat were all down ¼ from Friday.

MARKET SUMMARIES

Motors Rev Up Wall St.

Good gains by motors led an upswing on Wall Street late today. Ford and Chrysler paced the gains, both rising about two points.

Meanwhile, the trend was lower in Toronto, with industrials leading an indecisive decline amid moderately heavy trading. Oils and base metals slipped slightly.

AT NEW YORK volume for the day was estimated at 3,200,000 shares.

Chemicals, nonferrous metals, electronics and selected issues made gains.

Among Canadian issues Aluminium Ltd., McIntyre Porcupine, and Hudson Bay mining gained ⅝ each. International Nickel was up ¾, Dome Mines ¾, Grandby Mining ¼ and Distillers Seagrams ⅛.

AT TORONTO golds continued to be the only index winner and advanced one-quarter point.

Steel Company of Canada and Loblaw Inc. continued to lead winning industrials each going up 1¾ at 89½ and 133¾ respectively. General dynamics led losers with a drop of 2¾ at 45½, while Dominion Stores fell one point 53¼.

Nickels were enjoying brisk sales in mining stocks. Most had minor gains while International Nickel advanced ½ at 104½. Senior uraniums were down. Gunnar fell 15 cents at $9.75, Consolidated Denison was off five cents at $9.80 and Algom remained unchanged at 10⅞.

AT MONTREAL — Steels gained ground and papers were strong in spots on an otherwise mixed board during fairly active early afternoon trading.

Atlas Steel recovered from an earlier loss to make 1¼ at 127¾.

Bathurst "A" led the papers with a rise of 1 at 42¼. MacMillan "B" made ⅞ at 38⅝ while Abitibi and Price Brothers had minor fractional losses.

Pipelines and oils were fractionally lower with losses of ½ to Consumers Gas at 37¾ and ¼ to Canadian Oil at 25. Imperial was up the same at 36.

AT VANCOUVER the market was very quiet with little change in prices.

Peace River Pete moved 2,000 at 28. Giant Mascot traded 5,000 at 20. Mid West Copper moved 3,500 at 15. Silbac Premier traded 5,000 at 15.

AT LONDON — Industrial equities made further substantial headway on renewed investment buying. Steels were particularly favored.

Gilt-edged securities were higher after an uncertain start. Dollar stocks were mainly higher.

Golds were quiet and firm in response to a small demand. Leading oils were undecided.

$ EXCHANGE

(From Canadian Press and Royal Bank)

VICTORIA—Banks buying U.S. cheques 5⅛ per cent discount. Cash at 5¼ per cent discount. Silver at 7¼ per cent. Selling cheques at 4⅝ per cent discount. Cash at 4⅝ per cent.

MONTREAL (CP) — The U.S. dollar was at a discount of 4 15/16 per cent in terms of Canadian funds today. Pound sterling $2.66 3/16.

NEW YORK (CP) — Canadian dollar at $1.05 3/16 in terms of U.S. funds. Pound sterling at $2.80 1/32.

NEIL MAIN

Mr. A. M. Easton, Manager of the Victoria Region of Investors Syndicate of Canada, Limited, has announced the appointment of Mr. Neil Main as a District Manager in the Vancouver Island area.

Investors Syndicate distributes term instalment savings plans for annuity, business reserve, educational and other purposes, and also acts as distributor and investment manager for Investors Mutual of Canada Ltd., Canada's largest mutual fund, and Investors Growth Fund of Canada Ltd., Canada's third largest mutual fund.

With Investors Trust Company, Investors Syndicate also offers complete facilities for the installation, administration and investment management of low-cost, Trusteed Group Pension Plans.

Total assets under the administration of Investors Syndicate exceed $370,000,000.

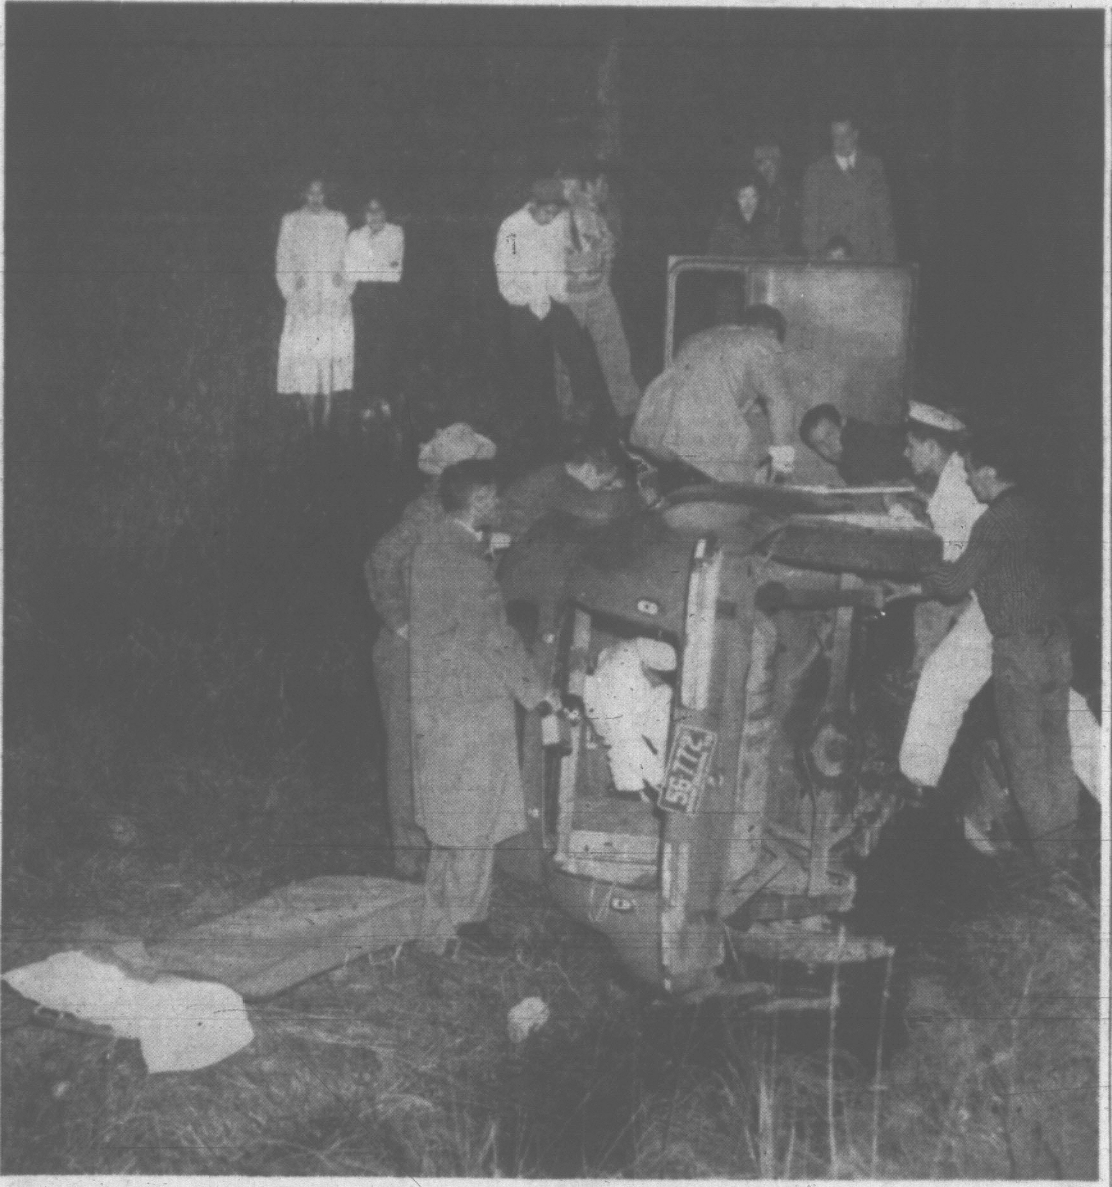
Victoria Daily Times

VICTORIA, B.C., MONDAY, DECEMBER 14, 1959



WHEN TWO VICTORIA GIRLS WERE HURT in car which went off highway Saturday night near Cobble Hill, Duncan Kiwanis Ambulance attendant Curtiss Peck cleared access through car trunk to carry them free. He can be seen, wearing white uniform, huddled in trunk of car. (Flett photo)

TWIN SISTERS RELEASED FROM HOSPITAL

Ice Blamed for Collision

Twins Hazel and Helen Brown, 18, of 2712 Rose Street, were discharged from King's Daughters' Hospital in Duncan Sunday after treatment of injuries suffered Saturday evening when the car in which they were riding crashed into a ravine near Cobble Hill.

They were passengers in a car driven by Dennis H. Gardner, 19, of 2982 Albina. According to the driver, the accident occurred when he touched his brakes while on an icy stretch of the highway, and the car went out of control.

NEARLY HEAD-ON

It is understood Gardner, proceeding south, had overtaken and bumped a car driven by Leonel Genereaux of Mill Bay, then had collided nearly head-on with a northbound car driven by James Waite, of Youbou.

None of the six passengers in Waite's car was hurt, although his car had to be towed from the scene. Genereaux's car was not badly damaged, and could be driven away.

BUILDERS' BID FOR PROBE INTO LABOR APPEARS DOOMED

A request by the B.C. Construction Industries Exchange for a royal commission to investigate labor matters in B.C., likely will be denied by the provincial cabinet.

This was indicated by Premier Bennett today when he was asked his reaction to the construction group's brief of last week.

"At the present time there is less labor unrest in B.C. than in any place in Canada . . . 1960 will be a good labor-management year . . . you'll find the benefits of our sound labor legislation will show up."

Will new labor legislation be introduced at the next session of the legislature, he was asked.

"The present legislation is very good," the premier replied.

TOPICS OF THE DAY

Provincial government offices will be closed for two days at Christmas and two days at New Year's.

Because the holidays join regular weekend closure periods, government workers will be able to enjoy four-day weekends on each occasion—Dec. 24 to 27 and Dec. 31 to Jan. 3, inclusive.

The provincial museum will be open Saturday, Jan. 2, 8.30 a.m. to noon, and 1.10 to 5 p.m.

* * *

The Registered Music Teachers' Association will hold a general business meeting on Wednesday morning at 10 in the YMCA.

* * *

Belmont High School Band under direction of D. R. Kerley will present a concert at the school Thursday starting at 8 p.m.

The program includes a choral group of 100 voices and a presentation of "The Star Song" by the senior drama club.

* * *

Winners of the weekly tournament, Victoria unit, American Contract Bridge League follow:

Isabel Kelly and Laura Tingley; Tony Marsh and Otto Leesment; Mr. and Mrs. George Beale; Ethel Cleworth and Charles Steinberg; Elizabeth Warren and Maria Collm (cq).

* * *

Royal Victoria Yacht Club defeated the Royal Canadian Naval Sailing Association Saturday in a series of six frostbite races with a total team score of 370¼ to 294¼.

Individual races were won by Bill Quinn of the RCNSA and Ned Ashe, RVYC. Races were in Davidson dinghies provided by the RVYC.

* * *

Lampson Street School PTA will meet in the school auditorium Tuesday at 8 p.m.

A social evening will follow a brief business meeting.

* * *

Beaver Lake Home and School group marked its fourth anniversary with a successful bazaar recently. The sum of $360 was realized from a decorative array of stalls and games. Mrs. F. Miller was convener.

A three-count charge of drug possession was read against James Sutherland Scoular, 931 Inverness, in city police court today.

He asked for a two-day remand to engage legal counsel and will appear Wednesday for election.

Police charge Scoular with having three different types of drug in the period October-December, contrary to the Opium and Narcotic Act.

Magistrate William Ostler granted bail at $2,000.

* * *

Water color sketches done in Ireland, Germany, Bavaria and Florida in 1955 and '56 by a Victoria woman, Mrs. Aileen Evans, will be on display in the inner lounge of the Empress Hotel, Wednesday.

Mrs. Evans, who is herself Irish, did about 30 of her sketches while visiting her native land. She has included as well, some life portraits in charcoal of local subjects.

The exhibition will open at 10 a.m. and continue throughout the day and evening.

* * *

More than 100 children—sons, daughters, brothers and sisters — of 40th Technical Squadron, RCEME members enjoyed a Christmas party Saturday in Bay Street Armouries.

They saw a half-dozen films and watched an hour-long performance by 20 trained dogs.

Premier Bennett today promised steps will be taken to ensure all qualified voters are registered on the voters' list before the next election.

He was answering charges by Opposition Leader Robert Strachan that the premier was afraid to have the lists revised because the more voters who registered, the more who would vote against Social Credit.

"The more people who are on the list, the more who will vote for Social Credit," said the premier. "The lists are open all the time and certainly months before any election, thought will be given to helping people get on . . . there will be advertising."

* * *

S. J. Willis PTA will offer a Christmas program at the school Tuesday at 8 p.m. with the school drama club, orchestra and choir presenting a tableau followed by community singing of Christmas carols. Refreshments will be served.

NAVAL SHIP MOVEMENTS

Ottawa, Saguenay return 10 a.m. Dec. 22.

Beacon Hill returns 3 p.m. Thursday.

Jonquire returns 5 p.m. Tuesday.

HMCS Fortune, HMCS Cowichan out for the day.

Admiral's Son Chosen Quebec Rhodes Scholar

John Sharples Rayner, 20, son of Rear Admiral and Mrs. H. S. Rayner of Esquimalt, has been chosen one of Quebec's Rhodes Scholars, it was announced in Montreal today.

Rear Admiral Rayner is Flag Officer, Pacific Coast, Royal Canadian Navy.

John Rayner will spend two years at Merton College, Oxford, starting next September. He is studying theology and philosophy and is currently in the first year of a master's course in philosophy at Bishop's University, Lennoxville, Quebec.

JOHN S. RAYNER

. . . attended Glenlyon here

AT GLENLYON

Mr. Rayner came to Esquimalt with his parents in 1957 and attended Glenlyon School in Victoria during the period his father was commanding officer at Royal Roads officers' training college.

He continued his education at Westbury House School, East Meon, Hampshire, England, and Glebe Collegiate, Ottawa.

At Bishop's University last May he took first-class honors and a BA in philosophy and theology. He was born at Halifax, Aug. 12, 1939—shortly before the outbreak of the Second World War.

Brothers Save Four From Burning House

Stuck Truck Key Factor In Rescue

A Victoria family of four rescued from their burning house at 4.30 a.m. Sunday owe their lives to the fact a truck bogged down in the mud of the season's worst rainstorm.

Mr. and Mrs. Robert Dudman, 2715 Quadra, and their daughters Dianna, three, and Lee, six months, were saved by two passing motorists, police and firemen when fire believed caused by a cigaret in a stuffed chair set ablaze their living room and filled the house with smoke.

Police said the heroes were brothers Russell West, 21, of 240 Wilson, and Ernest West, 23, of 1344 Lang, who carried the children from the fire after turning in a street box alarm at Hillside and Quadra.

WENT BACK

Both young men re-entered the house to stand by the parents, who had been sleeping in another bedroom, until police and firemen assisted them from a window.

Leonard Lowe, 37, of 1420 Camosun, was treated at St. Joseph's Hospital after he was overcome by smoke helping firemen with a hose in the fume-filled building.

Russell West said he was called to help his brother get a newspaper delivery truck out of a muddy ditch on Wilkinson Road and as they both drove back into the city they saw smoke coming from the Dudman house.

"It was a lucky thing for them that the truck got stuck or we would not have been there," he said.

BROKE IN

"Ernie tried to get in the front door after we turned in the alarm, but he couldn't. I got a hammer from the truck and we broke it open.

"But there was too much fire in the front room. We went next door to find out how to get into the house. There was no back door.

"We had to break down a locked basement door at the back to get in. We had no idea where we were going the smoke was so heavy.

BABY GASPING

"The first bedroom we came to we found the children. Ernie got the little girl and I heard this gasping over a little further. It was the baby.

"I passed the baby to a man standing outside and borrowed a flashlight. We went back in and went to the other bedroom where the mother and father were.

"It was getting pretty hot in there by that time and I shut the bedroom door. It was impossible to see anything.

"When we went to leave it was too hot to go back through the basement so the police and firemen helped the mother and father out a window and I crawled out after them.

LOST IN SMOKE

"Ernie got lost in the smoke and had to feel his way out the basement door."

Fire Chief James Bayliss said fire in the old house was confined to the living room where damage was extensive. A television set, record player, upholstered furniture and a new paint job were all blackened and ruined.

In the rest of the house, smoke damage left walls grimy and stained.

CHARRED FURNITURE remaining after predawn fire in Quadra Street house is looked over by owner Robert Dudman, centre, who was roused with wife and two small children by Russell and Ernest West, at right. Leonard Rowe, left, helped firemen until overcome by smoke. (Robin Clarke photo)

Terminus Switch Confirmed

'Safer Landing' At Swartz Bay'

The Vancouver Island terminus of the new government ferries from Saanich peninsula to the mainland has been changed from Sidney to Swartz Bay, Premier Bennett confirmed today.

He said the change from the new federal government wharf at Sidney is being made for "safety reasons."

Rumors of an impending change in plans have halted Sidney village commission plans for sidewalks to the federal wharf, commission chairman Dr. C. H. Hemmings said Saturday.

The premier said the present Salt Spring Island ferry wharf at Swartz Bay, three miles north of Sidney, will be used by the new ferries on the Tsawwassen service.

"Additional facilities will also be built there, creating more work."

He said the highways department and the ferry service advisory board both recommended the Swartz Bay terminus.

"We wanted the federal government to build a new wharf at Swartz Bay in the first place . . . it is not so exposed," said the premier.

QUICKER GETAWAY

He also felt it would give disembarking traffic a quicker getaway than is possible with a ferry landing right in the village.

"That should help Sidney" he said, referring to the less chance of traffic snarls.

The B.C. government had planned to share facilities of the new Sidney wharf with Washington State Ferries, splitting the annual $30,000 rental. The premier did not say what the rental for Swartz Bay facilities would be.

The highways department had undertaken some approach work to the new Sidney wharf in anticipation of using it, but Premier Bennett said the cost was "not very much."

He said the Salt Spring ferry would continue to use the Swartz Bay wharf.

The new government mainland ferry service is expected to get underway next summer. Two vessels, MV Sidney and MV Tsawwassen have already been launched and being fitted out.

Three Injured In Weekend Traffic Mishaps

Three people were given hospital treatment for injuries received in weekend traffic accidents in Greater Victoria.

Mildred B. Starling, 67, of 2075 Lansdowne, was taken to Jubilee Hospital with a chest injury after the car she was driving mounted a curb in front of 3655 Beach and broke off a steel lamp standard at 2.35 p.m. Sunday

Eighteen-year-old Robert Sweeney, 3220 Happy Valley, was admitted at Jubilee for observation after receiving a possible mild concussion in a highway accident early Sunday.

A two-car crash at Begbie and Stanley at 7.45 p.m. Saturday sent passenger Roberta McKenzie, 20, of 1875 Christie Way, to Jubilee with shock and bruises.

Cars were driven by Alexander McKenzie, 1875 Christie Way, and Ferenc Szaeur, 1607 Rebecca.

Single Clue Aids Ring Theft Probe

Detectives investigating theft of 14 rings worth $3,617 in a daylight shoplifting at one of the city's largest jewelry stores Saturday had one slim clue to aid them today.

A plush-lined tray in which the rings were displayed was found early Sunday morning in the entrance to Beverley Hotel, at 724 Yates, next door to Henry Birks and Sons (B.C.) Ltd., 726 Yates, where the rings had been shown in a display case.

The theft was believed to have occurred during the Saturday afternoon shopping rush and went undetected until 6 p.m.

By means of a list supplied by the store, police identified the rings as: five sapphire and diamond, four emerald and diamond, two fancy diamond, one zircon and diamond, one emerald and one synthetic ruby.

TEAM WORK

Store manager C. J. Williams said the thief possibly was working with another person who helped him pick a time when the particular counter was unobserved. "These people usually work in teams," he said.

The thief would have had to be tall in order to reach completely over the counter top and under the back to get at the ring tray, which he could then slip under a coat and walk out.

PREMIER ASKS PRESS LAUNCH SAFETY DRIVE

Premier Bennett today called on the press of British Columbia to launch campaigns against the rising toll of traffic accidents.

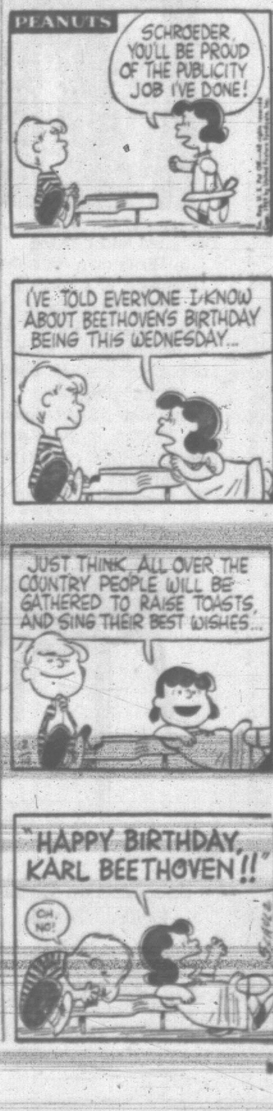
He complimented the Trail Times for a special edition produced to celebrate the fact the city, by Tuesday, will have completed five years without a traffic fatality.

Premier Bennett said this is a record for B.C. in cities of this size, and one of the best in North America.

TUESDAY MEETINGS

Victoria Kiwanis: Noon, Empress Hotel. Annual Christmas party.

Victoria North Kiwanis: 6.15 p.m., Monterey Restaurant. Business meeting.



PEANUTS
SCHROEDER, YOU'LL BE PROUD OF THE PUBLICITY JOB I'VE DONE!

"HAPPY BIRTHDAY, KARL BEETHOVEN!!"
OH, NO!

ASK The TIMES

Q. Will you kindly publish the acreage and number of cattle on the Chilco ranch? K.A.

A. John L. Wade of Los Angeles owns the 50,000-acre Chilco ranch which has grazing rights on 800,000 acres. Ranchers dislike giving out figures on numbers of cattle as it varies considerably, seasonally, and they don't want the competition to know all their resources—much like any other business.

Anyone wishing a question answered is invited to send the problem along to The Times, addressed to "Ask the Times" Editor. Questions and answers will be published daily.

All questions should deal with matters of fact and be of general interest. The Times does not undertake to solve conundrums or legal problems. Nor will it attempt to put a value on old coins, stamps or antiques. These should be submitted to dealers.

'LOOKS LIKE A MUCKY NIGHT BUT DON'T YOU WORRY'

She Dreamed of Son the Night He Drowned

All one night Mrs. Margaret Ryles of 3066 Albany dreamed of her skipper son, Marshall Ryles, sailing his trawler around the storm-swept coasts of Scotland.

The morning after, she learned that Marshall, 31, had been drowned when his trawler smashed against some rocks off the northern Caithness coast and sank with all her crew.

"I did not dream that my son was in any danger," said Mrs. Ryles in her soft Aberdeen voice. "I saw him aboard his ship and he seemed very happy . . . but then he was always a happy lad and he loved the sea as his father did before him.

"When the telegram arrived I felt sure it was from him. Alas, it was from the shipowners and they told me he was dead."

Mrs. Ryles has since received an air letter from her son's wife. She said Marshall Ryles called her from the ship by radio-phone the night before he drowned.

He said: "It looks like a mucky night but don't you worry now."

Marshall came of an old seafaring family on both his mother's and father's side. His father was a marine engineer all his life and his grandfather, too, was drowned at sea.

"Marshall was an exceptional lad," said Mrs. Ryles. "He was a born seafarer and he became a skipper at 21—the youngest skipper the company had ever had.

"Before then he was with the Royal Naval Reserve."

Malcolm leaves a widow and four children in Aberdeen. Mrs. Ryles has been assured they will be looked after by his employers, the George Company, after which his trawler was named.

Mrs. Ryles came to Victoria in 1952 after the death of her husband, also a seaman.

With her in Victoria are her daughter, Mrs. Mary Roche, 1543 Morley; two sons, John Ryles, 3066 Albany, and Arnold Ryles, 4213 Quadra, and one niece, Mrs. Alberta McGregor.

Two other sons are William Ryles of Nanaimo and George Ryles of Port Alberni.

CREEK AT CREST

Furious rush of Bowker Creek is shown here as the rain-swollen water course frothed and tumbled the last few yards into Oak Bay today. White water speckled the silt-laden creek as it roared by the foot of Marine Oaks apartment building (right) at 1725 Beach Drive. The creek pushed a broad ribbon of muddy water out into the bay and along its shores. Fortunately it did not spill over its banks. (Strickland photo)

Victorians' Baby Beats New RCMP Speed Boat

RCMP patrol launch Sidney, newly commissioned this year and stationed at Ganges, Salt Spring Island, today came through with flying colors in her first test as a maternity hospital.

She lost her race to the stork in Captain Passage, on a trip from Montague Harbor to Ganges. Cpl. Spencer Smith, her skipper, hove her to at the height of this morning's storm while Dr. H. Johnson and Const. Ray Perry officiated at the birth of Wendy Lynne Dyer.

The story started when Mr. and Mrs. L. Dyer, of 596 Baxter, in Victoria, decided they could sneak over to Galiano Island for a weekend with Mr. Dyer's parents, Mr. and Mrs. H. T. Dyer, before the baby was born.

At 1 a.m. today, though, they realized they had cut their timing too fine, and called the RCMP boat. Cpl. Smith called Dr. Johnson and Const. Perry, and set sail.

Spot where the baby was born, between Prevost and Salt Spring Islands, proved to be the roughest portion of the trip. It is about five miles from Ganges.

Mrs. Dyer walked aboard the vessel herself at Galiano Island, and walked off at Ganges. She and her baby daughter are in fine condition at Lady Minto Gulf Islands Hospital at Ganges. The little girl weighs five pounds, 10½ ounces.

Mr. and Mrs. Dyer left their other child, a son of 17 months, with his grandparents on Galiano Island. Mr. Dyer is a sailor, stationed at HMC Dockyard.

KOREAN CRIPPLED KIDDIES' FUND

Gifts Top $2,000 For War-Torn Tots

The Korean Crippled Kiddies Fund today passed the $2,000 mark in the campaign to help war-maimed children.

Money goes through the Unitarian Service Committee to build a rehabilitation centre in Seoul's Sam Yook Home.

Thinking behind the gifts goes deeper, however, than construction of the centre.

The 150 children in the home, being helped today, will be ambassadors on behalf of the West when they grow up, contributing their part to much-needed understanding.

Cheques or cash donations may be sent or brought to the Times downtown office, 1215 Board, or to the main office, 2631 Douglas. They are deductible from income tax.

This is an opportunity to give a personal Christmas gift with international significance.

'Charge Rent For Airwaves'

WASHINGTON (UPI) — A magazine editor suggested today that the government "rent" channels to TV and radio broadcasters so the public can share in what he called the "magnificent profits" of broadcasting.

John Fischer, editor of Harper's Magazine, told the Federal Communications Commission that the government should treat the airwaves as it does forests and other publicly-owned resources "and stop giving them away free."

OTTAWA TO BAN 'COME ON' SALES

BASEMENTS HIT, FIELDS SWAMPED

About 200 men in municipal crews unplugged clogged catch basins and culverts and pumped out flooded basements today as a downpour loosed almost an inch of water on Greater Victoria in six hours.

Engineers in the four municipalities reported complaints were distributed in a scatter-shot pattern of "spot problems".

The weather office reported about 1½ inches of rain fell between 4 p.m. Sunday and noon today—the equivalent of about 170 tons of water over every acre.

The official record showed 1.17 inches fell by 10 a.m. An estimated .3 inches was added in the following two hours, midway between regular precipitation checks. It included a .86-inch fall during a six-hour period this morning.

A forecast of lightening rain, turning to showers overnight and Tuesday, reminded soaked Victorians of the four-inch deluge that swamped the city in a single 24-hour period three years ago.

But no repetition of the record flood year was expected as small crews of municipal workmen moved quickly from trouble spot to trouble spot keeping things "well in hand," according to all the municipal engineers.

50-Man Trouble Crew in Saanich

Hardest hit appeared to be Saanich municipality. Some 50 men were shifted from street to street in the Gorge area as water coursed over streets and gardens where there are no street drains.

Fields in some rural areas were flooded.

Culverts ran full in the low-lying Braefoot area, overflowing at some intersections where water spilled over flat lawns and surrounded houses. Roads in the Simon and Blenkinsop area were covered with puddles at various points.

The Golfland driving range on Patricia Bay highway was flooded by more than two feet of water over a 150-yard stretch as rainfall drained down from higher ground.

In the city, about 30 calls of trouble—flooded gardens and some basements — were expected to grow to the 100 figure before the day was over.

But engineers reported there was no disruption of the storm drain system, preventing any serious problems. About 75 workers were patrolling streets and answering trouble calls.

In Esquimalt, the situation was repeated although one basement of a new house was flooded up to the four-foot mark when run-off was channeled into an old creek bed that passed through the site. But municipal workers diverted the stream and the basement was emptied in a matter of minutes.

Gorge Vale golf course was flooded on various links as a storm drain outflow ran into stiff resistance from high tides.

6 Inches at Tofino in 30 Hours

Oak Bay officials reported about 30 calls were attended by some 40 public works employees as gardens and a few basements were flooded.

A storm drain in the 500 block St. Patrick became plugged with debris for a short period, threatening to overflow a downslope into three basement garages but a pump crew brought the situation under control.

Recently-installed pumps at discharge ends of various outflows kept the Oak Bay drainage system from backing up due to the high tides.

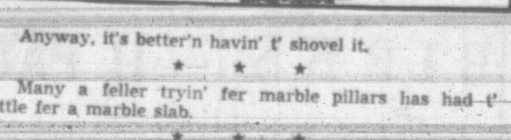
Elsewhere on Vancouver Island, rain fell heaviest on Tofino, where the instruments recorded 6.26 inches in 30 hours. Nanaimo recorded .98 inches in the same period.

U.K. TELESCOPE POISED TO TRACK VENUS SHOT

MANCHESTER, England (Reuters) — Observers at the world's largest radio telescope near here today reported they are standing by for the firing of a United States space rocket to Venus.

The launching at Cape Canaveral is expected to take place within the next few days.

If successful, tracking stations in various countries will be able to pick up signals and some, including Jodrell Bank, will be able to switch the transmitters in the rocket on and off.



Anyway, it's better'n havin' t' shovel it.

EASY WINNER

Archbishop Makarios, leader of the Greek-Cypriots, tonight was declared winner of Cyprus' first presidential election. He defeated his only opponent, John Clerides, by a substantial margin.

B.C. Hydro Power War Getting Hot

By PETE LOUDON

The big electric power issue in British Columbia is boiling to a head this week with developments on several fronts.

It is practically certain to be one of the main points of controversy when the legislature meets next month.

Major developments ahead are:

1. The new British Columbia Energy Board under Dr. Gordon Shrum will hold its first meeting here Tuesday at noon.

BRIEF FILED

2. Opposition Leader Robert Strachan today announced he has filed a brief with the board urging it have power to deal with the big Wenner-Gren project and lay out an orderly power development plan for B.C. (see page 10).

3. Peace River Power Development Company, scheduled to file its detailed plans with the provincial government before Dec. 31, is expected to do so this week before the Christmas holiday period.

4. The International Joint

THE STREETS WERE PAVED WITH RUGS

TEHRAN, Iran (AP) — President Eisenhower was astonished to find his limousine rolling over rich Persian rugs in the streets of Tehran today.

Beautiful rugs were placed at several points along the four-mile route from the airport to the palace of the shah. A bit later the shah gave Eisenhower a large red and blue rug—a new one.

"Obviously, you must know how I love Persian carpets," the president said in accepting the rug. "I was chagrined when I saw how we were driving over them today. That is not the way we treat them in America."

Laws to Curb Loss Leaders

By VICTOR MACKIE
Times Ottawa Bureau

OTTAWA — Legislation to ban the persistent use of a product as a loss leader and to end misleading advertising practices at this session of Parliament, Justice Minister Davie Fulton told the Times today.

The proposed legislation banning loss leader practices is designed to enable manufacturers to withhold deliveries to retailers who "persistently" use their products as loss leaders.

"COME-ON"

It is in the form of an amendment to the resale price maintenance section of the Combines Investigation Act. It does not end legislation against resale price maintenance but it would stop a retailer from continually utilizing a manufacturer's product as a "come-on" by advertising it at a price too low to realize a profit.

A "loss leader" is an article sold at a price to attract customers to a store in the hope of selling other articles.

The proposed legislation also will prevent a retailer from engaging in misleading advertising in regard to articles supplied by wholesalers.

Similar legislation was introduced at the last session of Parliament. It was incorporated in a bill to amend the Combines Investigation Act and the Criminal Code.

The proposed legislation was subsequently withdrawn by Mr. Fulton. The session was rapidly drawing to a close and introduction of the legislation would have prolonged the session. In addition, Mr. Fulton had numerous representations made to him suggesting changes in the bill as it had been drafted. In view of these representations and the lateness in the session the minister withdrew it.

Children Suffocated

FORT WILLIAM (CP) — Two children were suffocated by dense smoke early today when fire broke out in their home in the western section of the city.

★ ★ ★ ★ BULLETINS

Cariboo Crash Kills Motorist

WILLIAMS LAKE (CP) — An unidentified man was killed during the weekend in a motor vehicle accident on the icy Cariboo Highway, near Williams Lake, during the weekend, it was reported today.

The man, believed from eastern Canada, was travelling in a car involved in a head-on collision.

The victim was employed at a sawmill near the Cariboo town.

Dief's 'Birthday'

OTTAWA (CP)—Prime Minister Diefenbaker today marked the anniversary of the day three years ago when he was chosen leader of the Progressive Conservative party at a convention in Ottawa.

Ex-Coach Dies

VANCOUVER (CP) — Bob Tyrell, 50, former soccer and field lacrosse player and active juvenile sports booster, died of a heart attack Sunday. Mr. Tyrell, who came here from Ottawa in 1920, was manager, coach and trainer of a juvenile soccer team for the last eight years.

HUTCHISON ON JAPAN PAGE 6

Ike Gets Great Greek Greeting

See page 3

ATHENS (AP) — Working a 20-hour schedule, President Eisenhower said goodbye to India today and won rousing welcomes in Iran and Greece.

In Athens, hundreds of thousands of Greeks turned out to cheer and wave. King Paul greeted the president enthusiastically at Ellenikon Airport, saying the Greek people had watched his journey so far with deep emotion.

In reply, Eisenhower noted the long history of Greek culture and said Greece's devotion to democratic principles has won the admiration of the world.

"I assure you that the welcome from His Majesty, the government, the people and the individuals here means very much to me," the president said, "And I hope that the discussions I will have with your government will be fruitful."

Premier Constantinne Karamanlis and Crown Prince Constantine joined in welcoming the first U.S. president to visit Greece.

On the way from India, the president spent six hours in Iran, much of it in talks with Shah Mohammed Reza Pahlevi —who wants more American aid.

Eisenhower praised Iran for refusing to stand on the sidelines in the West's resistance to Communism.

A communique said the president and the shah agreed on the importance of the Central Treaty Organization (the former Baghdad Pact) in "preserving stability and security" in the area. The communique added:

"The president said the United States intends to continue to assist Iran in the mutual interest of both nations."

PROTEST TO HERTER

France 'Hurt' By U.S. Blast

PARIS (Reuters) — France today protested to the United States against remarks by Gen. Nathan F. Twining blaming France for being the main nation responsible for delays in carrying out NATO's current defence program.

The protest was made by Foreign Minister Maurice Couve de Murville when he received Secretary of State Christian Herter this morning, a French foreign ministry spokesman said.

Twining made his remarks at a secret NATO meeting last week. His remarks on France's NATO defence efforts later leaked out.

Couve de Murville expressed his "extreme surprise" at the American press revealing statements made at a session of the military committee of NATO.

SHOULD BE SECRET

Such meetings, he reminded Herter, were in principle considered to be secret.

According to the spokesman, Couve de Murville also stressed the exaggerated and disproportionately dramatic manner in which the problems raised by Twining and involving France's request for reorganization of NATO had been presented.

This was all the more regrettable coming on the eve of a meeting of NATO at a moment when unity of the 15 NATO nations prior to the East-West meeting was vital.

Couve de Murville also complained to Herter about the attitude adopted by the United States over the Afro-Asian motion on Algeria at the United Nations Assembly Saturday.

CAREFUL LANGUAGE

The carefully-measured language habitually used by the French foreign office emphasizes further the seriousness of the objections made here to the attitude adopted by the U.S. over most of the issues arising between the U.S. and France, diplomatic observers said.

The French particularly resent what they regard as a deliberate attempt in some allied quarters to prejudge the French case for a reorganization of NATO and to turn this demand into a sort of accusation of non-co-operation inside NATO.

Tonight a Franco-American "reconciliation dinner" is to be held here, attended by the foreign, defence and finance ministries of both countries, as well as Twining.

Meanwhile, Canadian External Affairs Minister Howard Green arrived early today for the meeting, and said he hopes NATO will pick up the ball where the United Nations left off on the subject of disarmament.

Green, Defence Minister George Pearkes and Finance Minister Donald Fleming arrived at Orly airport just after midnight by RCAF Comet jet airliner from Ottawa after a stopover at Goose Bay, Labrador.

The ministers stressed the importance that Canada placed on disarmament in the talks—beginning Tuesday—of the 15-nation NATO council.

NEWS BRIEFS

Leon Arnold Walker, Vancouver, pleaded guilty in city police court Saturday to a charge of shoplifting about $11 worth of goods from Hudson's Bay Co. store 15 minutes after closing Friday night.

Store detective Harry Mills said he saw Walker put a $10.95 sweater under his coat and on checking the man found he also had a tin of lobster meat, a tube of toothpaste and toothbrush.

* * *

Mrs. D. Elford was named president of St. Andrew's Presbyterian Guild Groups at the recent annual meeting.

Miss Margaret Sanson was elected secretary and Mrs. D. G. Tyson, treasurer.

By agreement it was decided to forward $1,000 to the church building fund; $100 to the Women's Missionary Society; $60 to the Sunday school and $15 to the Protestant Orphanage.

SELECTIONS

BAY MEADOWS

1—Pep Appeal, Mylittlemonkey, Direct Current.
2—Capt. Spanker, Coin Silver, Fleance.

4—Pelmac, Puddy's Buddy, Arizona Valor.
5—Little Search, Queen Sullivan, Service Line.
6—Happy America, Roryare, Wickerbill.
7—Blue Britches, Determinette, Royullah.
8—Floyd Odium, Priam's Owl, Free Dough.

FAIR GROUNDS

1—Waco Girl, Frank K., Better Begum
2—Wisemar, Blue Miche, Bumpsy Up.
3—Sandy Dancer, Royal Symbol, Nantucket Babe.
4—Hapsburg, Shop Girl, Miss Variety.
5—Wet Back, Shrewsbury Rocks, Lepus.
7—Ray's Fairy Gold, Audience, Gygis.
8—Flying Chief, Pan, Leadstealer.
9—Morning Watch, Bonne Belle, Beansie.

SURVEY REPORT

Mostly B.C. Residents At Campsites

B.C. campsites are not cutting into the U.S. tourist trade and competing with motel and auto court owners, the provincial parks department reported today.

The department was answering a claim by the B.C. Auto Court and Motel Association that the free campsites are competing with the commercial tourist business.

The association asked the government to charge admission to the campsites.

MOST FROM B.C.

But a survey conducted by park officials showed that the 2,700,000 people who camped and visited the government sites this summer were mostly British Columbians.

As an example, more than 90 per cent of the people who used five major camps were from the province.

Percentages are as follows: Miracle Beach, 91 per cent; Forbes Landing, 99 per cent; Alouette Lake, 99 per cent; Cultus Lake, 91 per cent and Shuswap, 99 per cent.

Little Qualicum camp site was used by the most tourists during the season. But they only accounted for 15 per cent of the campers, the remainder were British Columbmians.

Park officials said if they charged people for using the parks, the sites would soon be in competition with tourist resorts.

MORE SERVICES

"If we charged we would soon be getting requests for additional services, such as hot water and showers," said an official. "We would then be competing with auto courts, as these services are provided by the resort owners.

"As it is we only provide our campers with a place to squat, fresh air and a small amount of fuel," he said. "The minimum requirements — that is all."

3 Election Meetings In Saanich

Three election meetings will be held this week to hear seven candidates running for three Saanich council seats in Thursday's election and four school trustees contesting a single seat on District 63 School Board.

First meeting is scheduled at 8 tonight at the Scout Hall, Shelbourne Street. A. E. Horner, a former Saanich councillor, arranged the meeting.

On Tuesday, the Elk Lake Ratepayers' Association is sponsoring a meeting in the Royal Oak High School, starting at 8 p.m.

On Wednesday, the Saanich Voters' Association will hold a meeting at Hampton Hall, Hampton Road, at 8 p.m.

Nuclear Plea to PM By University Men

OTTAWA (CP)—A delegation representing some of Canada's leading intellectuals today discussed nuclear disarmament with Prime Minister Diefenbaker.

At the end of the 1½-hour interview, the prime minister asked the University of Toronto committee on nuclear disarmament to prepare a brief outlining in detail the concensus of their views on courses to be followed by the government.

The five delegates presented the prime minister with a petition urging the government to press in the councils of the world for an immediate end to the testing and production of nuclear weapons.

The petition was signed by some 630 members of the University of Toronto faculty, and by 2,500 students. Signatories included university president Dr. Claude T. Bissell and heads of most of the university's colleges.

It said the cessation of production and tests of nuclear weapons would check "the increasing danger of world war" and constitute a step towards world disarmament.

Members of the delegation told reporters afterwards they would like to see the Canadian government pursue a more aggressive policy on nuclear disarmament.

Mr. Diefenbaker, speaking to reporters, said "there is considerable merit in the viewpoint" expressed in the brief.

ENTRIES

BAY MEADOWS

FIRST RACE—$2,000, claiming, three-year-olds and up, six furlongs:

Devan (M. Shaw)	112
Pep Appeal (J. Burton)	116
Jean Victoria (J. Ruggeri)	109
Warplaid (M. Green)	116
Crammond (G. Lanoway)	108
Echo Drums (R. Campas)	112
Direct Current (B. Yama)	107
Sniper Ridge (C. Tohill)	109
Nerac (W. Ferguson)	112
Norconian (J. Dumas)	112
Jack's Kid (E. Dooling)	107
Mylittlemonkey (W. Leeling)	113
Dream Story (R. Mundorf)	112
Progressive (C. Touhill)	112
Melody Pat (M. Shirota)	109
Tribal Dance (J. Cuntarini)	112

SECOND RACE — $2,000, claiming, three-year-olds, mile and sixteenth:

Coin Silver (E. Bruns)	120
Hobbema (R. Campas)	108
Gilbert (no boy)	111
Dee L. Todd (J. Burton)	120
Candle Lea (J. Cantarini)	108
Fleance (R. Ford)	117
Ann Gray (D. Pierce)	111
Pats Policy (G. Lanoway)	115
Shipanda (A. Herrera)	103
Capt. Spanker (W. Leeling)	117
Miss Tavi (P. Porter)	114
Hong Kong (R. Mundorf)	111
Golden Cup (E. Burns)	108
Pahoehoe (C. Touhill)	117

THIRD RACE—$2,000, claiming, two-year-old maidens, mile and sixteenth:

Potrero (E. Burns)	117
Dry Prince (R. Campas)	117
Steel Fusion (J. Cantarini)	117
Junior's Comet (G. Lanoway)	112
Clark's Pin-Up (E. Dooling)	109
Connu (R. Yaka)	117
Go Winging (C. Tohill)	114
Be Classy (M. Shirota)	117
Royal Streak (A. Herrera)	112
Desert Life (R. Mundorf)	117
Calruge (G. Cunnington)	117

FOURTH RACE — $2,000, claiming, three-year-olds, California bred, six furlongs:

Arivederci (E. Burns)	108
Kate (B. Yama)	106
Hi Mr. Bountiful (G. Lanoway)	109
War Missile (J. Keene)	111
Pelmac (D. Pierce)	120
Puddy's Buddy (W. Leeling)	117
Arizona Valor (R. Campas)	114
Scott's Lady (J. Burton)	108

FIFTH RACE—$2,500, claiming, two-year-old fillies six furlongs:

Granted Yish (W. Leeling)	113
Service Line (R. Campas)	113
Annapolis Ann (R. Yaka)	113
Queen Sullivan (D. Pierce)	116
Pas Seul (J. Dumas)	113
Starlet Tower (G. Lanoway)	111
Stage Actress (M. Shirota)	116
Lottie Lee (E. Dooling)	108
Thorium (J. Cantarini)	116
Little Search (A. Maese)	116

SIXTH RACE — $2,500, claiming, three-year-olds and up, six furlongs:

Wickerbill (R. Campas)	111
Gems Joy (A. Herrera)	103
Happy America (E. Burns)	120
Dr. Phil (M. Shirota)	111
Charming Prince (W. Ferguson)	111
Roryare (J. Keene)	117
Carol Abbey (G. Lanoway)	103

SEVENTH RACE—$3,500, allowance, two-year-old fillies, six furlongs:

Go Priscilla (J. Burton)	114
Imtax (R. Yaka)	114
Determinett (G. Lanoway)	109
Royullah (D. Pierce)	114
Counter Cry (R. Mundorf)	117
Blue Britches (E. Burns)	114
Armed Miss (M. Shirota)	114
Bib 'N Tuck (no boy)	114

EIGHTH RACE — $2,000, claiming, three-year-olds and up, mile and sixteenth:

Floyd Odium (W. Mastrangelo)	116
Free Dough (J. Burton)	112
My Reverie (E. Dooling)	104
Shady's Image (G. Lanoway)	108
Chicabhai (J. Keene)	112
Priam's Owl (W. Leeling)	112
Signalad (M. Green)	112
Rosy Turf (R. Yaka)	109
Pandorga (no boy)	104
Spring Edition (Cunnington)	109
Turkey Talk (D. Pierce)	116
Speedy Ruth (B. Yama)	108
On Schedule (J. Burton)	113
Pins (W. Ferguson)	113
Vilmorial (R. Mundorf)	107
War Vote (W. Steed)	112

Picks Girl (Donahue)		2.80	2.80
Queens Mount (Dalton)			6.20

Time, 1.13.

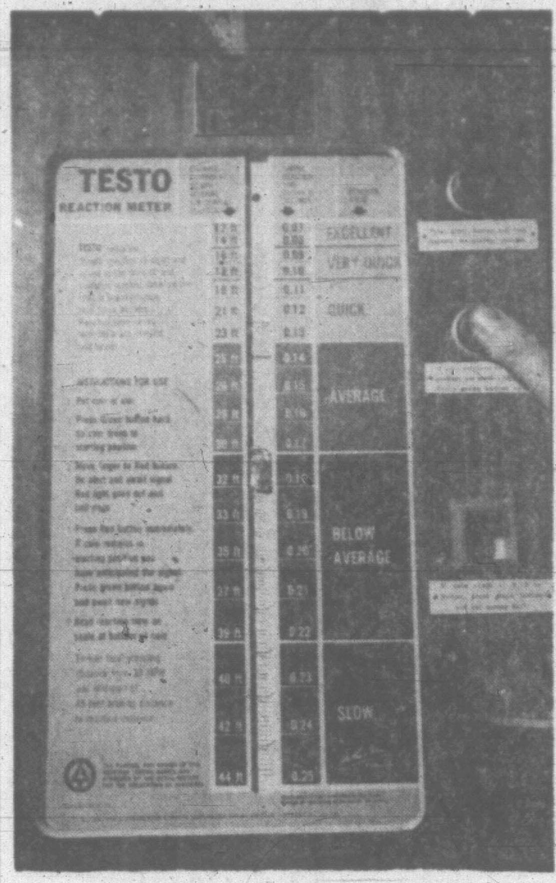
Eighth Race—

Daddy's Dasher (Skuse)	$3.60	$2.60	$2.20
Admiralship (Chambers)		3.60	2.80
Chris Moose (Weinsman)			2.80

Time, 1.13.

Production Resumed

WINDSOR, Ont. (CP)—Full production was resumed at all Chrysler of Canada assembly plants here today as steel supplies increased.



Should he call a taxi or a policeman?

'NOW PRESH TH' BUT'N'

Drunk or Sober? Machine Will Tell

If you ever get to the state where you don't know, you can now find out whether or not you are too drunk to drive.

The do-it-yourself trend has come to this.

You drop a coin into a slot machine. Seconds later a bell rings and as the coin begins to drop you press a button which will suspend it.

The ringing indicates the moment you realize you must stop your car; and if you do it fast enough you get your coin back and can consider yourself fit to drive.

The machine has been introduced in Britain from road-safety conscious Sweden where it is used extensively and has won the approval of the Royal Society for the Prevention of Accidents, the Automobile Association and the Royal Automobile Club.

TEST DRIVE

An experienced driver tried out the device. At 1.05 p.m. he took the test and stopped his coin in 0.11 of a second. This was fast—his car would have traveled only 19 feet in that time.

Then he drank four beers and a whisky and at 2 p.m. the time had lengthened to 0.15 of a second. (Not bad.)

One hour and several more beers later he tried it again. This time he took 0.23 of a second to stop the coin in which time his car would have travelled 40 feet.

"I feel fine, but badly jolted by this," he told a photographer who snapped his final experiment.

New Insurance Scale Aids Good Drivers

MONTREAL (CP) — Accident-free drivers and owners of cars that cost less than average to repair will benefit most from changes in 1960 automobile insurance rates, the All Canada Insurance Federation said today.

The federation said that drivers with a five-year accident-free record will be given higher discounts than those already in effect for drivers with a one-year, two-year and three-year safety record.

The five-year safety discount will be 48 per cent off standard rates provided the insured car averages less than 10,000 miles annually, is not used for business or is not driven by anyone under the age of 25. If the car is used to drive to work, there will be a 45 per cent discount provided the driver is 25 years of age or over.

Other accident-free discounts are 10 per cent for the first year, 20 per cent for the second year and 35 per cent for the third successive year without an accident.

RATES VARY

Rates vary throughout Canada depending on an area's susceptibility to accidents and the type of insurance that covers a driver.

Using $100 as an example of a driver's basic annual rate, the 1960 rates would work out this way: After one year without collision the driver's insurance would cost $90; after two years, $80; after three years $65, and after five accident-free years his insurance would cost $52 if the car averaged less than 10,000 miles annually, or $55 if the car was used to drive to work.

The federation said lower rates on cars that prove to be less costly to repair will be put into effect as soon as possible. It indicated this would apply mostly to the smaller models.

The federation said, however that the new rates would be based on past repair costs of the car and not on expected operation.

NO DECISION ON TB CASES

Premier Bennett said there has been no decision yet on whether B.C. will accept any of 100 tubercular immigrant families being brought to Canada by the federal immigration department. Ontario has offered to accept 30 to 40 of the families from destitute areas of Europe. Asked for a personal opinion, the premier said he was unqualified to talk on the matter. "It's a question for the health authorities."

LADY CHATTERLY OK

Preacher Praises 'Banned' Novelist

VANCOUVER (CP) — A minister said Sunday that controversial novelist D. H. Lawrence has promoted a healthier and saner attitude toward sex.

Discussing Lawrence's Lady Chatterley's Lover at the Unitarian Church, Rev. A. Phillip Hewett said he did not agree entirely with the author "but in the hammering out of a new and saner approach to human life, I believe he will be numbered among the substantial contributors."

Pointing to a traffic in pornography he said was estimated $500,000,000 a year in the United States alone, Mr. Hewett suggested:

"Perhaps some of the righteous indignation directed against literature figures like D. H. Lawrence could more profitably be directed to this field."

"Perhaps someone should have a few words to say about the large scale use of prostitutes to promote business transactions."

CHESSMAN LOSES AGAIN IN BID TO STAY ALIVE

WASHINGTON (UPI) — The Supreme Court today denied another hearing to Caryl Chessman, who for 11½ years has been forestalling death in California's gas chamber by legal manoeuvering from his jail cell.

The brief order means California is again free to carry out the execution.

. . . HYDRO

Continued from Page 1

Commission will open meetings in Washington D.C. this week to prepare its report on the Columbia River project between the U.S. and Canada.

Political observers today forecast that the coming meeting of the Legislature will be known as the "power session."

While no specific legislation dealing with the huge projects has been forecast so far, the issue will run through all main debates, it is expected.

The biggest points at issue are whether the enormous Peace River program and the Columbia River development should go ahead at the same time; and whether the Peace plan should become a public project, the same as is proposed for the Columbia.

It is generally expected a provincial election will follow the session and here again power will be the main topic of argument.

No Strings Attached

Premier Bennett emphasized today there are "no strings" on his most recent offer to make a provincial grant toward a Victoria auditorium.

Last year, he made a similar offer, with the provision, the provincial aid would be given if the federal government gave a like amount.

"There are no such strings attached to the offer made the other day," said the premier referring to the announcement last Wednesday. He said the auditorium grant would follow completion of a new museum and archives.

Pressed for a starting date on the museum, the premier was non-committal. He said last week it would follow completion of the courthouse, for which the excavation is now being dug.

PARKING SPACE NEEDED

He told a press conference today he had no specific ideas on location of the auditorium, except it must have adequate parking space.

Speaking with regard to the promised museum he said the government will accept advice on this project from the people who have taken an interest in B.C. history. It is intended to be more provincial in nature than a museum of national interest.

Asked about the buildings size, he said only it would be a "substantial building." The south-east corner of Belleville and Government has been suggested as a likely site.

Funeral Tuesday For Well-Known Marine Engineer

Hugh Douglas Cavin, a member of a well-known Victoria marine family, died at the Royal Jubilee Hospital Saturday. He was 75.

A marine engineer for a large number of vessels which operated in and out of Victoria, Mr. Cavin was the brother of Capt. Ellis Cavin, also of Victoria, who acted as navigator for the famous swim of Marilyn Bell across the Strait in 1956.

He is survived by two sisters, Mrs. G. Aarge, Vancouver, and Mrs. H. J. Brown, Victoria; two brothers, Capt. W. Cavin, White Rock, and Capt. Ellis Cavin.

Funeral service will be held at Hayward's Chapel on Tuesday at 1.30 p.m. Rev. G. H. Turpin will officiate.

PREMIER'S PREDICTION:

Internal Strife Ahead for CCF

Premier Bennett today forecast a battle within the ranks of his major political enemy, the CCF.

He said this is indicated by recent criticisms of MLA Cedric Cox (CCF-Burnaby) directed at the proposed merger of the CCF and the trade union movement.

"Now there is a feud between Winch and Strachan," the premier added.

'COLD RELIEF'

The difference between former CCF provincial leader and present leader Robert Strachan "stands out in cold relief," said the premier.

Mr. Winch, recently returned from abroad, said he was certain B.C. employers and B.C. labor leaders would have to be more realistic in wage and profit demands or the province faces economic disaster.

The premier said Mr. Strachan's reported reaction to this was to state Mr. Winch had "been away too long," suggesting Mr. Winch had lost touch with B.C. affairs.

"I think Mr. Winch knows 10 times as much about B.C. I think it was a very ill-advised statement," said the premier.

OPEN TUESDAY, WEDNESDAY

'Gift to Humanity' Blood Clinic Theme

Red Cross headquarters here needs 900 pints of blood before year's end to meet its quota.

A special "gift to humanity" blood donors clinic will be held in Red Cross House, 1046 Fort, Tuesday and Wednesday to meet this obligation.

The clinic will be open from 1.30 to 4.30 p.m. and from 7 to 9.30 p.m. each day.

City and municipal councils have all endorsed the work of the blood transfusion service.

Mayor Percy Scurrah said: "What better gift could anyone give than a pint of blood which may save the life of someone. I hope this clinic will receive the greatest support from the public."

Santa Claus Flown To Indian School

PRINCE GEORGE, B.C. (CP)—Santa Claus flew north today in a United States Air Force Dakota to deliver nearly a ton of gifts to 186 Indian children.

The youngsters are students at an Indian residential school operated at Lower Post, 16 miles from Watson Lake on the British Columbia-Yukon boundary, by a Roman Catholic missionary priest, Father Y. Levaque.

Because most of them live in isolated places so far from the school, they are unable to get home for Christmas with their families.

Hearing of this, the officers and men stationed at the U.S. army radar base at Baldy Hughes, 30 miles west of Prince George, decided to "adopt" the youngsters for Christmas.

A four-month drive at the camp resulted in a collection of more than 400 pounds of good used clothing. Sizes and ages for both boys and girls were provided by Father Levaque.

The airmen, whose fulltime job it is to watch Canadian skies for unauthorized aircraft, missiles or other flying objects, passed the hat for another $250 plus, which they spent buying toys for every child at the school.

Major Ken Coleman, officer commanding the Baldy Hughes station, then asked the air force to lend him a plane to carry Santa Claus and the gifts and treats to Watson Lake, 610 miles north of Prince George. From there it will be taken to the school by truck.
